MODEL PLAN

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating  Yes  No

Cooling  Yes  No

Crisis  Yes  No

Are there exceptions?  Yes  No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

A letter is mailed to the client stating that they are approved for assistance. They are mailed another letter once the payment check is mailed to their vendor, which states the client's total benefit amount, the amount paid, the name of the vendor, the date the check was mailed, and any additional funds (if there are any left) remaining from their LIHEAP benefit.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

We contact the customer and company when receiving the required invoice for delivery to make sure payment requirements are accurate and up-to-date, and ensure that everyone agrees that the amount due from the client, both before and after LIHEAP services are rendered, is accurate. Most vendors willingly put a promissory "note" on the account that can be referenced by the client or by the company showing that the Tribe will be paying a portion of their heating bill.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

We have vendor contracts that ensure fair treatment for our LIHEAP clients. If a vendor is found to have treated a LIHEAP client adversely or unfairly, then the Tribe would sever its contract with that vendor and no longer issue payments or refer clients to that vendor for heating services.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes  No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

**13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?**

We collaborate with local agencies to offer energy efficiency workshops and coordinate energy assessments on homes to evaluate what needs to be done to lower our clients' energy costs. Some agencies offer free labor and/or materials to our clients in order to assist them with repairs and/or more efficient equipment. We also provide small items that can make a big difference in a home's energy bills that are available to all LIHEAP clients and participants of these workshops. The LIHEAP Coordinator also enrolls LIHEAP clients in discount rates with heating and energy vendors that LIHEAP as a qualifying factor, and will negotiate payment agreements and emergency heating services as needed with heating vendors to make sure they are able to keep their services on and their home warm.

**13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?**

We budget the maximum 5% at the beginning of the year toward these activities and use our funds tracking program to make sure that we do not go over the 5% allowed. We know ahead of time how much money we have to spend and plan to split it evenly for 2 or 3 workshops annually. Any expenses beyond the budgeted 5% will be covered by private funding.

**13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.**
