11.3 List the date and location(s) that you held public hearing(s) on the proposed use and distribution of your LIHEAP funds?

11.4. How many parties commented on your plan at the hearing(s)? 30

11.5 Summarize the comments you received at the hearing(s).

Mostly it was about eligibility, many did not realize they were eligible. They had a lot of questions about the income guidelines and the payment matrix. Many were surprised to learn they were eligible even if they lived in Missouri, Kansas and Arkansas as long as they reside within our 50-mile service area.

There were also a lot of questions about the weatherization program and who was eligible for that and what services we could offer through that program. Many elders were happy to know we could help with air conditioner covers and insulative wraps for pipes. Social services director let them know we can help them with installation through the tribe as well if they are unable to DIY.

Additionally, some asked about the difference between crisis assistance and heating/cooling assistance. They did not realize they could be helped without a shut-off notice. Many were pleased to learn they most likely qualify.

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?

We made a change in the brochure and added the Family Size/Median Income table so they could see at a glance that they may be eligible for assistance. We will eventually add a map of our service area to outreach materials to provide a visual to tribal members in the 4-state area of how far we reach.

We are placing brochures at the Tag Office and at the Activity Center, two new locations, for easier access. We also plan to be available at as many general council events as possible (Winter Gathering for example) to reach out to more people and let them know help is available and not just for crisis assistance.
