4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

Yes No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

Rules delay disconnection of utilities for 30 days with medical certification. Also, the power or gas company cannot disconnect service unless a bill is at least 45 days overdue and proper notification has been sent. No disconnect during protection dates if customer agrees and adheres to payment plan. Also, if the temperature is going to be under 32 degrees or excessive heat, for more than 3 days then disconnection is illegal, so shut offs are limited during both the summer and winter per state laws.

The Home Energy Supplier Agreement will remain in effect for one year. If any of the information provided on the Agreement changes, the fuel supplier is required to notify the Department in writing. This partnership agreement with the home energy suppliers provides additional benefits to low-income households by providing a documentation of need for consideration for extended payment deadlines, delays in cut-off dates, restoration of services based on the state's agreement to home energy suppliers to pay approved EAP applications.

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Georgia LIHEAP has revised the benefits matrix to ensure that Georgia is including the energy burden for the fuel type for the household. Georgia now has various benefit amounts per fuel type. Georgia has adjusted the matrix to target those households with the lowest income and the highest energy burden to receive the higher benefit payment. Georgia updated the benefit matrix **to remove** all households with a member aged 60 or older receive the highest energy assistance benefit available, regardless of income or energy cost. Based on historical data, this is usually well over 50% of all LIHEAP assisted households in Georgia each year. The Georgia LIHEAP network will continue to prioritize elderly households by providing them with an early application period. If the benefit will go directly to the applicant, the applicant will receive the lowest benefit amount for either level 1 or level 2. Please see our updated Benefit Matrix.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
