Energy Crisis shall have the same meaning as set forth in 42 U.S.C.A. §8622(3), as same may be amended from time to time. The term "energy crisis" means weather-related and supply shortage emergencies and other household energy-related emergencies.

A household may be eligible for crisis assistance if there is an imminent loss of heat due to:

A household is not considered to be in an energy crisis if:

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?	
<input checked="" type="radio"/> Yes <input type="radio"/> No Explain.	
<p>Crisis applications are given priority at all intake and processing steps. Crisis procedures include home visits if necessary, referrals, or communication with vendors.</p> <p>Subgrantees take crisis applications by one of the following methods:</p> <ul style="list-style-type: none"> • If the household has previously completed an application and has been certified eligible for heating assistance in the current program year, they may apply for crisis assistance over the telephone. In such cases, subgrantees complete a LIHEAP Emergency Worksheet to assess and document the crisis situation. • If the household does not have a current certified heating assistance application on file, they may apply for crisis assistance over the telephone. 	

In such cases, the applicant will need to make arrangements to go into the subgrantee's office or remote intake site to complete the application process - i.e. sign the application documents and provide any required documentation to verify the household's eligibility. Signing and submitting/verifying documents are accommodated remotely with technology as needed and available.

- Applicants 60 years of age or older, or disabled applicants may apply over the telephone. If necessary, the subgrantee will make arrangements for a home visit to secure the applicant's signature on the application documents and any required documentation to verify the household's income-eligibility. Signing and submitting/verifying documents are accommodated remotely with technology as needed and available.

Conditioned on the availability of crisis funds, some form of assistance that will resolve the Energy Crisis will be provided within 48 hours after household has been certified eligible for the Energy Crisis Intervention Program (ECIP). In Life Threatening Crisis situations some form of assistance that will resolve the crisis will be provided within 18 hours after a Household has been certified eligible for ECIP.

4.11 Do you provide individuals who are physically disabled the means to:

Submit applications for crisis benefits without leaving their homes?

Travel to the sites at which applications for crisis assistance are accepted?

Yes No **If No, explain.**

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled?

At applicant's request, the subgrantee must make reasonable accommodations for a person with a disability.

Individuals who are 60 years of age or older, or disabled individuals may apply over the telephone. If necessary, the subgrantee will make arrangements for a home visit to secure the applicant's signature on the application documents and to obtain any required documentation to verify the household's income-eligibility. Signing and submitting/verifying documents are accommodated remotely with technology as needed and available.

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating	<input checked="" type="radio"/> Yes <input type="radio"/> No
Cooling	<input type="radio"/> Yes <input checked="" type="radio"/> No
Crisis	<input checked="" type="radio"/> Yes <input type="radio"/> No
Are there exceptions?	<input checked="" type="radio"/> Yes <input type="radio"/> No

If yes, Describe.

MaineHousing may issue direct checks to LIHEAP recipients who do not have a designated vendor in their area, who pay rent with heat included, or who receive their benefit for firewood.

MaineHousing and Subgrantees encourage recipients to apply their benefits to their electric utility account if their benefit cannot be used for their primary or secondary heating system and the eligible household is responsible for their electric utility bill. Benefits are determined based on a household's selected fuel type.

9.2 How do you notify the client of the amount of assistance paid?

Once the client's application has been approved for payment, MaineHousing mails a benefit notification letter to the Primary Applicant. The benefit notification letter shall:

- State the Benefit amount;
- State the date the Benefit was sent to the Vendor;
- State the approved Home Energy type;
- State the time period for the Benefit; and
- State the manner by which the Primary Applicant can request an appeal.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Vendor performance is ensured through Vendor Agreements, annual reports provided by contracted vendors, and on-site or desk monitoring. Additionally, vendors must submit detailed transaction reports with benefit returns to show delivery and payment activity/history for the LIHEAP client's account.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The contract between MaineHousing and the vendor explicitly prohibits discrimination. Participating vendors must agree not to discriminate against any eligible household regarding the extension of credit to purchase Home Energy or other services, the price of Home Energy or other services, or the terms or conditions of the delivery of Home Energy or other services solely on the basis of its being an eligible household.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 12/31/2024

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

In order to ensure good fiscal accounting and tracking around Heating Assistance, Crisis Assistance, Weatherization, Central Heating Improvement Program, and Heat Pump Program, MaineHousing performs onsite and desk reviews of each subgrantee which include a review of agency fiscal policies and procedures; a reconciliation of billings submitted to agency general ledger detail and supporting documentation; and an examination of each subgrantee's Uniform Grant Guidance Audit (2CFR 200). Additionally, six-month Corrective Action Reviews are required in the event MaineHousing identifies significant compliance concerns with an individual subgrantee.

Each onsite visit may include an entrance and exit interview. Onsite monitoring includes, but is not limited to: review of the previous audit report to identify focus areas for the review; analyzing the data used by each subgrantee to determine client income eligibility and benefit determination; observation of the applicant intake process; and other monitoring steps to ensure overall program compliance. Additionally, desk reviews may be completed periodically and would include such things as checking application data residing in MaineHousing's centralized database for anomalies using pre-determined indicators or specific data points (i.e. duplicate addresses, certification outside the required 30 business day period, etc.).

The fair hearing process in place at MaineHousing provides an opportunity to conduct additional in-depth client file monitoring because a thorough analysis is completed by the MaineHousing Compliance Officer of each filed complaint to ensure that the subgrantee followed program rules in determining client eligibility and benefit determination.

The monitoring of energy suppliers is conducted in a number of ways:

- Onsite visits to vendors (those deemed high risk as well as a sampling of others);
- Desk reviews of vendors: a random sample of client accounts are reviewed to assess the vendor practices and determine vendor risk rating;
- Review of submitted annual vendor reports using data points to identify anomalies;
- Review of transaction reports (delivery and payment activity) from May 1st forward for the benefit year(s) being returned.

After each conducted monitoring, MaineHousing issues a written report containing all findings to the subgrantee/vendor. The report will establish a reasonable time period for comment and the required corrective action(s) by the subgrantee/vendor.

Upon request from the subgrantee/vendor, MaineHousing will provide technical assistance in all areas needing corrective action.

Depending upon the significance of the issue(s), failure to comply with the required corrective action plans could result in a notice of termination of the contract.

Management of Vendor Refunds (Benefit Returns):

All benefit returns must be submitted to MaineHousing. Benefit returns are tracked and reconciled to the appropriate fiscal year. Any expired funds or any amounts exceeding the 10% carryover limit will be returned to DHHS.

11.2 What changes did you make to your LIHEAP plan as a result of this participation?

Prior to the public hearing process, MaineHousing worked with its subgrantees, vendors, and representatives from Maine Equal Justice, the Maine Public Advocates Office, other State agencies and interested parties. As a result of these meetings, MaineHousing made a number of changes, including:

1. Use of Design Heat Load Calculation only for benefit determination.
2. Benefit levels determined using fuel type selected by applicants verses primary heating system fuel type.

Public Hearings, 2605(a)(2) - For States and the Commonwealth of Puerto Rico Only

11.3 List the date and location(s) that you held public hearing(s) on the proposed use and distribution of your LIHEAP funds?

11.4. How many parties commented on your plan at the hearing(s)? 3

11.5 Summarize the comments you received at the hearing(s).

Community Action Agencies (CAAs) shared support for using the Design Heat Load Calculation method as the only method to determine LIHEAP benefits, as this will make it easier for LIHEAP vendors, CAAs and clients. One individual providing comments requested for an online application and process to be created; that compensation for CAAs should be dependent on the speed of assistance delivery; and to consider giving a portion of HEAP funds to non-profit community agencies that provide heating assistance.

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?

MaineHousing did not make any changes specifically related to comments received through the public hearing process; however, the support expressed for changes already being planned was confirming. MaineHousing already has an online application portal where individuals can start a LIHEAP application online and complete the application process with their CAA. MaineHousing is looking to enhance the online application process starting in FFY 2025.

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Subgrantees may submit annual proposals for MaineHousing's consideration, describing their planned activities and expenses associated with providing services to applicants pursuant to Assurance 16 of the LIHEAP Act. Assurance 16 funds may only be used to fund activities that encourage and enable eligible households to reduce their home energy needs and thereby the need for energy assistance.

Only LIHEAP eligible households may receive Assurance 16 services. The services being funded by Assurance 16 must be energy related and may include family development case management and education activities. Subgrantees are required to have proper fiscal controls to ensure the LIHEAP funds are expended proportional to the overall funding sources using proper cost allocation methodology. There must be proper documentation of participation and a methodology to measure outcomes from the Assurance 16 activities.

Salaries and benefit costs for any staff providing services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance are allowable. Additionally, direct costs associated with providing these services, including supplies, equipment, postage, utilities, rental office space, and travel costs incurred for official business are also allowable.

Services that are already provided as part of the delivery of other federal programs cannot be charged to Assurance 16. Examples:

- Working with an electric utility to forestall a shut-off as part of providing an Energy Crisis Intervention Program (ECIP) benefit cannot be charged to Assurance 16 because this activity is already required and funded under ECIP.
- Outreach/Intake services, regardless of where they are provided, or who (which staff member/position) provides them, cannot be charged to Assurance 16. These activities are already required under HEAP fuel assistance, and therefore, do not provide an additional benefit to eligible households.
- Mailed out applications are not allowed to be charged to Assurance 16.
- Indirect charges cannot be charged to Assurance 16.
- Client referrals to other programs or resources that are not related to clients' home energy needs or do not reflect an additional net benefit for the client.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

MaineHousing has established the following requirements to ensure compliance:

- Budget 5% of Maine's LIHEAP funds for Assurance 16 activities;
- Subgrant agreements specify the allocation amount for these activities;
- Subgrantees are required to submit budgets and work plans that outline their processes for administering these activities;
- Monitor subgrantees' expenditures monthly; and
- Subgrantee's record-keeping must demonstrate a direct link between services provided to clients and costs charged to Assurance 16. Salary costs for providing Assurance 16 services must be supported by timesheet documentation.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

MaineHousing provides its subgrantees with an opportunity to develop/submit proposals and funding requests for Assurance 16 (A16) initiatives. Six (6) subgrantees were awarded funds for Assurance 16 activities. Activities included short-term case management, comprehensive energy saving education/counseling, and providing participants with energy saving kits.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

Some subgrantees offer incentives to households who complete milestones/modules of financial literacy education and demonstrate a reduction in their home energy costs. Incentives range from \$50- \$425 (depending on the subgrantee's incentive model and the number of milestones achieved by a household) that are issued to the household's fuel or electricity vendor.

13.5 How many households applied for these services? 1083

13.6 How many households received these services? 1043

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
