4.13 Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?	
<input checked="" type="radio"/> Yes <input type="radio"/> No If yes, Describe	
As mentioned previously furnace repair, fans, a/c units have all been provided with in-kind funding. Collaboration with other programs is done to access other funding sources.	

To ensure adequate funding for all, the maximum for a crisis event is set at \$300. Amount of payment is not intended to eliminate the crisis; other funding streams should be utilized to meet the applicants needs. Collaboration with other programs is done to access other funding sources, this actually helps to create a wraparound approach and solidify cross checking measures.

4.14 Do you provide for equipment repair or replacement using crisis funds?

Yes No

If you answered "Yes" to question 4.14, you must complete question 4.15.

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

Yes No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

This is not a LIHEAP specific issue. This is more related to the relationship with certain vendors. If pledges are made on accounts a vendor may give a certain length of time before disconnect. In some situations it could be until payment is received. In others it could be 10 days.

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

Clients are notified at the time of application. If Applications are mailed, faxed or just dropped off-applicants are phoned, emailed and we have started to text. If no telephone number is provided applicants are mailed out the determination.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The Band completes an annual letter to our vendors. Also, payment amounts are based on participants bills. That process has already been completed prior to the Band's involvement. Bill amount is verified when intake staff make contact with the vendor. Bills in the Band's service area are comparable to those of non-eligible households based on a comparative review of like vendors.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

The Pokagon Band has a full financial dept. Staff in social services processes the applications and submit a request for payment to the Department of Finance-for those payments that require an actual check. For those type of payments- before an actual payment goes out, social services staff are able to review and sign off that the request is correct. As mentioned previously the department pays 98% of all transactions through an automated system, using a credit card. At the end of each month the card is reconciled to ensure accuracy by both the finance and social service department. This is a very nice check and balance.

Spreadsheets are utilized to track LIHEAP separate from other programs and is broke down into separate categorizes with in LIHEAP- heating, emergency, etc. LIHEAP is assigned a separate account code for tracking of dollars spent to ensure that funds are spent with in the grant cycle. Financial staff meet monthly with program staff to reveiw transactions.

Funds are tracked through a coding system/chart of accounts. Codes are assigned to specific funding streams. When award letters are received Compliance and Finance assign a code to those funds.

They are identified by program/department/object, such as-22-8009-61230. That code example would be placed on a payment request by the Department of Social Services and submitted. The Department of Finance is then able to track that expense/payment process. Expense reports are run and validated for correctness.

We utilize a spreadsheet that has the amount (%) identified. We do this for the carryover, admin, crisis, etc.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

So our main focus is to try and help households recognize and understand how they can reduce high energy cost. since 2020 we have done less in person activities. Success would simply be measured by housholds

(A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and

(B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;

(7) if the State chooses to pay home energy suppliers directly, establish procedures to --

(D) ensure that the provision of vendor payments remains at the option of the State in consultation with local grantees and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

(A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and

(B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that--

(A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year; and

(10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursement of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");

(11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

(12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);

(13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and

(14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.

(16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and
