Definition of Working Poor: A household is considered working poor in cases where one or more members maintains a full-time job (works 40 or more hours weekly) and whose gross income meets the requirements of federal Health and Human Services (HHS) poverty guidelines. Heating assistance for those who pay rent for their dwelling must provide proof that rent is separate from their heating expense. This could simply be a breakdown of the payment indicating the amount for heating versus rent. Vendors are paid directly for heating benefits. This may require a process of setting up a vendor for payment and agreement purposes.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Eligible households are scored using a Benefit Matrix point system. Scores are calculated based on Income, Household Size, Heating Cost, and presence of Target Group household members. Eligible applicants whom meet the criteria for a multiple Target Group member Household receive a higher score, than those that do not, resulting in a higher benefit. Priority eligibility is granted to Target Group households in the form of an exclusive (early) application period during the month of October. All other applicants must apply during the general intake period starting in November.

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

A crisis is defined as an event where a household faces an immediate interruption or complete loss of home energy due to circumstances beyond their control. The threat of low levels of firewood or deliverable fuel, an imminent shutoff, or an inoperable or malfunctioning system constitute as time sensitive emergencies otherwise addressable by other means. A true crisis demonstrates immediate need. Priority granted to elderly, disabled, and young children households and those with high energy burdens.

4.3 What constitutes a life-threatening crisis?

It is considered a life-threatening crisis when a household contains a member who is medically dependent on home energy OR when a household member's life could be jeopardized by the total loss of home energy, particularly during weather extremes of the Summer and Winter seasons.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 18-48Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 8Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes No

4.7 Check the appropriate boxes below and describe the policies for each

Do you require an Assets test? Yes No

Do you give priority in eligibility to:

Elderly? Yes No

Disabled? Yes No

Young Children? Yes No

Households with high energy burdens? Yes No

Other? The E.B.C.I. LIHEAP program considers applicants with working poor household members an additional priority for eligibility. Yes No

In Order to receive crisis assistance:

Must the household have received a shut-off notice or have a near empty tank? Yes No

Must the household have been shut off or have an empty tank? Yes No

Must the household have exhausted their regular heating benefit? Yes No

Must renters with heating costs included in their rent have received an eviction notice? Yes No

Must heating/cooling be medically necessary? Yes No

Must the household have non-working heating or cooling equipment? Yes No

Other? Yes No

Do you have additional/differing eligibility policies for:	
Renters?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Renters living in subsidized housing?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Renters with utilities included in the rent?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Explanations of policies for each "yes" checked above:	
<p>Definition of Working Poor: A household is considered working poor in cases where one or more members maintains a full-time job (works 40 or more hours weekly) and whose gross income meets the requirements of federal Health and Human Services (HHS) poverty guidelines. 4.6 Households seeking crisis assistance for electrical heating service must provide a shut-off/disconnection notice. The disconnection date must be within 7 days of shutoff to be eligible for assistance. Households seeking crisis assistance for utility/ gas line hookup must submit the account number for the existing or new account service location. Utility pole must be installed. Inspection must be completed or scheduled, before the applicant can be eligible for the assistance. Households seeking assistance for system repair or replacement will be asked to submit proof of ownership or lease/rental agreement. For those that rent their residential space additional consent from the landlord will be requested for potential modifications to the structure of the rental for repairs/installations. Heating assistance for those whom pay rent for their dwelling must provide proof that rent is separate from their heating expense. This could simply be a breakdown of the payment indicating the amount for heating versus rent. Vendors are paid directly for heating benefits. This may require a process of setting up a vendor for payment and agreement purposes. 4.7 Intake is processed in the order in which they are received, apart from those that contain a Target Group/vulnerable household member. Such applications will be processed first and foremost. These households will be encouraged to apply for other components of LIHEAP that may benefit their overall heating/cooling expenses. Intake persons will make referrals to other programs within the Tribe for concerns that are presented by the client.</p>	
Determination of Benefits	
4.8 How do you handle crisis situations?	
<input checked="" type="checkbox"/>	Separate component
<input type="checkbox"/>	Fast Track
<input type="checkbox"/>	Other - Describe: 4.8. An eligible household will receive a benefit to resolve the crisis up to the maximum benefit of 700 dollars. If a household seeks more than one Crisis benefit during this time, the cumulative benefit in the federal fiscal year will be used to identify the Crisis benefit remaining to the household, if any. The cumulative is not to exceed the maximum benefit.
4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input type="checkbox"/>	Amount to resolve the crisis.
<input checked="" type="checkbox"/>	Other - Describe: The timeframe refers to the eligibility determination to resolve the crisis and notice to vendor. This does not refer to the issuance of benefits. Households containing Target Group individuals could potentially receive a higher benefit than the minimum amount the resolve the crisis so long as it does not exceed the maximum. This could include assistance with a secondary heating source until primary is delivered or more than the required payment to avoid disconnection of service.
Crisis Requirements, 2604(c)	
4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?	
<input checked="" type="radio"/> Yes <input type="radio"/> No Explain.	
<p>4.10 Our department is centrally located for much of our client base. We make every effort to accommodate those that are not. A sister department known as Snowbird Family Services accepts and forwards applications from households who reside in the far western portion of our service area. Other county-based Department of Social Services agencies and local churches and non-profits refer EBCI members to our department. Applications can be emailed or mailed in upon request.</p>

The county Department of Social Services that administers the ENERGY CRISIS ASSISTANCE PROGRAM has certified that the household is eligible to receive such assistance, regardless of availability of funds.

Per Haywood EMC's webpage 8/29/2022:

HEMC Service Rules:

"Cold Weather Disconnection:

With respect to bills rendered between December 15 and March 15 of every year and in the spirit of the policy considerations expressed by Congress in the Public Utility Regulatory Policies Act (PURPA) of 1978, the notice of proposed termination shall also contain a statement that no termination shall take place without the express approval of the Cooperative's Board of Directors and notification of the North Carolina Rural Electrification Authority if the Member can establish all of the following:

That a member of the Member's household is either disabled or 65 years of age or older.

1.

That the Member is unable to pay for such service in full.

2.

That the household is certified by the local Social Services office which administers the Energy Crisis Assistance Program or other similar programs to be eligible (whether funds are then available or not) to receive assistance under such programs.

3.

The Cooperative may continue to charge interest on accounts that are subject to this provision. As provided in Section VII.A., the Member must provide advance notification and certification of meeting the requirements for special handling of accounts. Member premises that are certified by the local Social Services office may not participate in the voluntary Member in Control prepay program as debit balance on the account after a daily billing will result in the automatic disconnection if service for that member."

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
SF - 424 - MANDATORY

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

In most cases, the applicant is verbally notified of their eligibility status and expectations moving forward with the payment process within 15-30 days. A phone call, text or email may be made in place of a face-to-face.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

A Notice to Vendor pledge is prepared and sent to the vendor. In this letter we describe the expectation of non-discriminatory business practices. The Notice reads "By accepting this pledge the recipient, from here on referred to as the Vendor, will 1.) guarantee to bill the client in the normal billing process, only the difference between the actual cost of the service and the amount described in this pledge." We rely on our clients to report any discrepancy in the billing process where a benefit is applied improperly. Reported cases will be investigated by LIHEAP staff. The Pledge Notice includes "DELIBERATE OR UNINTENTIONAL FAILURE TO ABIDE BY THESE PRACTICES (9.3 & 9.4) MAY COMPROMISE ALL FUTURE BUSINESS WITH THE AGENCY." Confirmation of a true billing error may result in the vendor being barred from approved vendor list. In which case, LIHEAP staff will assist with setting up the client up with another Vendor, preferably TERO approved or current Vendor serving that area of the community. The earlier pledge will be null and void.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

A Notice to Vendor pledge is prepared and sent to the vendor. In this letter we describe the expectation of non-discriminatory business practices. The Notice continues from the statement provided in 9.3 as "And, 2.) guarantee treatment in a manner that is right and fair." Clients are responsible for reporting instances where they are treated adversely or suspect mistreatment solely due to their receiving low-income home energy assistance. The client's report will be documented, and every attempt will be made to resolve the situation. Reported cases will be investigated by LIHEAP staff. The Pledge Notice includes "DELIBERATE OR UNINTENTIONAL FAILURE TO ABIDE BY THESE PRACTICES (9.3 & 9.4) MAY COMPROMISE ALL FUTURE BUSINESS WITH THE AGENCY." If the circumstance proves to be a true case of discrimination the vendor could be barred from approved vendor list. LIHEAP staff will assist with setting up the client up with a new Vendor, preferably TERO approved and current Vendor serving that area of the community.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

The EBCI Office of Finance separately handles all fiscal accounting and internal audits. The Grants Compliance Office which is in the Office of Finance is responsible for monitoring grants and contracts for compliance as specified in each grant and contract agreement. To assist in the priorities of the Grants Compliance Office the Tribe has a comprehensive financial management system that provides accurate, current, and complete disclosure of results regarding the use of funds under grants and contracts. Also, provide adequate source documentation for Federal and non-Federal funds used under grants and contracts. The Tribal financial management system maintains effective internal control and fund accountability procedures and allows separation of functions so that the person who make obligations for the grantee is not the same person who signs the checks to disburse the funds for those obligations. The PHHS Office of Regulatory and Compliance in tandem with the Grants Compliance Office oversees all program grant compliance that are under PHHS. Additionally, the program maintains an in-house cuff account for day-to-day budget tracking. The program tracks any vendor refunds, obligation of funds and tracks by heating, cooling and crisis. Grants Compliance Office performs quarterly reviews and annual hard close on all awards. All awards are tracked to ensure that funds are expended within the allowable contractual period. Regular block grant and supplemental awards are tracked separately and by fiscal year.
