The utility companies normally bill a month behind example: the month of May's bill is for the month of April's meter reading. If the tribe starts Cooling Assistance in May, it will most likely be paying April's utility bill, which is not hot enough to use Cooling Assistance. When Cooling Assistance starts in the April, it is depleted before summer is over. The Tribe will be starting Cooling Assistance on June 6th to ensure the Cooling Assistance is used for summer month billing.

August 1987, revised 05/92,02/95,03/96,12/98,11/01 **U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES** OMB Clearance No.: 0970-0075 ADMINISTRATION FOR CHILDREN AND FAMILIES Expiration Date: 12/31/2024 LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY Section 4: CRISIS ASSISTANCE Eligibility - 2604(c), 2605(c)(1)(A) 4.1 Designate the income eligibility threshold used for the crisis component Add Household size Eligibility Guideline Eligibility Threshold State Median Income 60.00% All Household Sizes 4.2 Provide your LIHEAP program's definition for determining a crisis. A crisis exists when the household faces a termination of utility services or exhaustion on supply or fuel and does not have available resources to meet this immediate need. A crisis may also exist due to extreme cold or heat which constitutes a threat to the health of a member of the household, or when a household's means of heating requires repair or replacement. At times of extreme cold or heat the tribe may waive the need to have a shutoff or empty fuel tank. COVID-19 provision(03/24/2020): All households that are financially affected by this worldwide pandemic will be considered eligible to apply. All income received will be calculated by federal guidelines. All income received within the last two weeks for the entire household will be used to determine eligibility amount for those households, only after providing a letter from employer stating that individual has been laid off. Only after two weeks after the letter from the employer will the household be considered eligible. Priority is still given to all lower income families and clients that are elderly, disabled members in home, and those with small children. Effective 06/01/2022: Due to increased heat stress, for households that lack air conditioning and are not able to safely cool their homes, the crisis component will allow the purchase of air conditioning units for households with priority targeting vulnerable households that will most likely be homebound or feel the temperature change the greatest, such as seniors, young kids, disabled individuals, and those on ventilators or certain medications such as for diabetes. 4.3 What constitutes a life-threatening crisis? Client either receives a disconnect notice on their energy services, has been disconnected and someone in the home has medical condition that requires service that was disconnected, and/or if the area in which the client resides has been declared in state of emergency. COVID-19 Provision: To assist those households who are unexpectedly affected financially due to quaratine regulations, these households will be considered under crisis assistance. Documentation of POSITIVE test result, hours reduced reflected on income verification, or other supporting documentation must show that this household has been financially effected due to their main source of income has been temporarily or permanently interrupted due to COVID-19 Crisis Requirement, 2604(c) 4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 24Hours 4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 8Hours Crisis Eligibility, 2605(c)(1)(A) 4.6 Do you have additional eligibility requirements for CRISIS O Yes O No ASSISTANCE? 4.7 Check the appropriate boxes below and describe the policies for each O Yes O No Do you require an Assets test? 9.1 Do you make payments directly to home energy suppliers?
Heating 💽 Yes 🖸 No
Cooling 💽 Yes 🖸 No
Crisis O Yes O No
Are there exceptions? O Yes O No
If yes, Describe.
Yes, the program staff will process a check that is mailed or hand delivered directly to the energy supplier after household has been approved for assistance.
9.2 How do you notify the client of the amount of assistance paid? In most cases, clients are notified via telephone or email, but mainly we like to notify by telephone so that we can relay the correct information especially if there are other fees that are needing to be paid by the client to ensure that there are no miscommunications that could result in an interruption of services. In addition, a letter of intent to pay is sent to the supplier via fax or email. A notice letter is generated by the program staff and sent to the household if unable to be reached by telephone.
9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?
A vendor agreement is executed verbally to assure that the LIHEAP recipient's household are treated in the exact same manner as private pay customers, as well as, assuring that the supplier will comply with State Statutes related to provision and termination of utility services. The verbal agreement is noted in the case narrative in the client's file. The acceptance of the tribe's pledge from our specific department is honored, so therefore we have made that communication with that specific vendor. We ensure that line of communication is made by phone, email, or fax to each vendor that we have business with per the client's utility bill.
9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?
A verbal agreement is made with vendor over the phone and a follow up discussion is held with the client. The Wichita and Affiliated Tribes is covered under the State of Oklahoma statutes for the vendor agreement by them accepting the funds allocated from the LIHEAP. The program, Tribal Funded Social Services, works diligently to ensure that each vendor understands that the funding is coming from the LIHEAP funds.
9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?
If so, describe the measures unregulated vendors may take.
If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Applicants are informed of their fair hearing through the LIHEAP application form and correspondence. They are then referred to other programs within the tribal office that can help if funding is available. If funding is not available through other tribal programs, the applicant is then referred to other entities that provide the same type of assistance.

If the applicant is unsatisfied with services, they have the right to a fair hearing.

if the client chooses to request a fair hearing they must submit the request in writing to the program director within five (5) working business days after receiving denial notice. Failure to do so shall constitute acceptance of denial. Should the client file request within prescribed time period, the director has two (2) working business days to respond to the request. If the client is not satisfied with the director's response, a hearing is then scheduled with the Tribal Administrator.

If a hearing is requested due to an untimely response or delay, the fair hearing procedure is same as the denial process mentioned above. All correspondence will be documented client's file to ensure responses are handled in a timely manner.

12.5 When and how are applicants informed of these rights?

The rights are printed on the checklist/guideline page of the LIHEAP application. They are also made aware of their rights when notified of denial via phone and letter. There is a sign/notice posted in the lobby of the Family & Children Service building and there are signs/notices posted in the director's and caseworker's office. Also, the receptionist advises each client of their rights during their initial submission.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

The client can follow the same procedure as identified in denial. If the application is not acted upon in a timely manner, it could cause additional crisis benefits that need to be issued to remedy the household's situation.

If the client chooses to request a fair hearing they must submit the request in writing to the program director within five (10) working business days if application is not acted on in a timely manner. Failure to do so shall constitute acceptance of denial. Should the client file request within prescribed time period, the director has two (2) working business days to respond to the request. If the client is not satisfied with the director's response, a hearing is then scheduled with the Tribal Administrator.

If a hearing is requested due to an untimely response or delay, the fair hearing procedure is same as the denial process mentioned above. All correspondence will be documented client's file to ensure responses are handled in a timely manner.

12.7 When and how are applicants informed of these rights?

As soon as it is brought to the staff's attention that the application was not processed in a timely manner the client will receive a phone call and letter explaining their rights.

The rights are printed on the checklist/guideline page of the LIHEAP application. They are also made aware of their rights when notified of denial via phone and letter. There is a sign/notice posted in the lobby of the Family & Children Service building and there are signs/notices posted in the director's and caseworker's office. Also, the receptionist advises each client of their rights during their initial submission. Receptionist also informs clients how long the program staff has to process applications. Also when demand for assistance is greater a notice is posted to inform clients that process may take longer than expected due to higher volume of incoming applications at that time.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions.
