The LIHEAP Program will start taking incoming applications in October and the allocation will start on December 01, 2023.

Some applications were done by phone for those who live distance and elderly was unable to come to the office and due to Covid as we are still experiencing Covid in our area. If they choose to bring their documents in they are welcome to do so or if they need copies. I also advocated by phone, word of mouth to inform the clients know it was extended.

Explanations of	f policies for each "yes" checked above:						

Household automatic qualify for the Cooling Assistance with the LIHEAP Program if they received Regular LIHEAP. If they had not applied for assistance due to some unforeseen reason, they still can apply by filling out an application with all the documents that are required by the LIHEAP Program. Which is a flat rate of what was given to the Regular LIHEAP Clients. The Director does make a home visit if there is a report about regarding the client's air conditioner. I work with 20 outer communities and 1 central which is probably the biggest community. Abusing the Program is not tolerated by the LIHEAP Program.

Air Conditioners are provided to those that are in great need, the program starts with the elderly, disabled, and children with breathing problems. They will not receive an air conditioner for 4 years after they once receive one, they sign an agreement that they are total responsible to maintain it. However, consideration will be taken if Mother Nature plays a role.

The client won't qualify for an air conditioner if their home has central air. The LIHEAP Program receives a listing from renter verifying if the home has central air. The client is responsible for the up keep once the air conditioner is assigned to the client. They will have to maintain it.

At the end of the fiscal year, they will receive an amount for their electricity bill. I work very closely with two vendors by sending them the list of clients to verify that they have an electric meter in their name. The electric meter has to be in the client's name who applied for LIHEAP assistance. Once the information is completed by the two electrical vendors, I do the Household Cooling. If they are deceased, they are taken off the list.

# LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

#### **Section 4: CRISIS ASSISTANCE**

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

#### 4.2 Provide your LIHEAP program's definition for determining a crisis.

If a household is at 15% on their propane, and at 25% for fuel oil or a shut off notice for electricity and wood clients with 1/2 load they will receive assistance. This gives the vendor time to get to them in a timely manner this is for the Regular LIHEAP.

Crisis situations currently the CRST LIHEAP Program runs are program in conjunction with the regular LIHEAP Program. To be considered eligible for crisis funding applicants must have a completed LIHEAP application in and must meet the eligibility standards.

The CRST LIHEAP Program defines energy crisis in accordance with Section 2603(3) of the statute, "The term "energy crisis" means weather-related and supply shortage emergencies and other household energy-related emergencies." We defined life threatening situations as those involving people that are elderly, ill care for children under the age of 6 years or people that depend on medical equipment for survival. Extreme durations of sub-zero temperatures a blizzard during winter and excessive heat in the summer or combinations of these examples are sufficient to be deemed crisis situations within 48 hours.

1. 15% on propane, 25% fuel oil and ½ load of wood 2. A disconnection notices from the electrical vendor 3. Death in family where there is hardship 4. Cancer, Diabetes and serious health problems if they have no means to provide and are LIHEAP clients

#### 4.3 What constitutes a <u>life-threatening crisis?</u>

We strictly adhere to guidelines and provide crisis services within 48 hours after an eligible household applies and within 18 hours if the household is deemed in a life-threatening situation.
