Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

The Paiute Indian Tribe of Utah has developed an electronic application and file database to assist with eligibility verification and tracking of approvals and payments by funding line items to ensure separation. The Tribe retains the official case file for a period of at least three years or longer if record is under audit or otherwise required by the funding agency or law. The file will contain at least the application, supporting documentation, certification, and payment authorization forms and/or other required documentation.

The Tribe's Finance Office will be responsible for fiscal record keeping, financial status reporting, payments, etc. The Tribe utilizes accounting software that includes the ability to track funding awards by CFDA and award number to ensure that funds are expended within the allowable contractual period and by federal fiscal year. Additionally, this software tracks obligations/expenditures by line item to ensure proper separation by funding line item (i.e. heating, crisis, cooling). The accounting software also allows for proper tracking of vendor payments and refunds.

Reports are prepared and submitted by LIHEAP Program staff and/or the finance department per the funding award requirements.

The LIHEAP Program is continuously monitored by the LIHEAP Coordinator, who reviews and approves applications and payments using the Tribe's electronic application database and accounting system. Additionally, each file is audited by the LIHEAP Coordinator monthly for compliance. Additionally, the program (including funding awards, expenditures, vendor payments, and vendor refunds) and files are reviewed/audited at least twice yearly with the Health Director and CFO.

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4.
