Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

Crisis assistance is designed to help households meet energy emergencies that cannot be met by other resources. A crisis is defined as a situation when there is a supply shortage emergency, such as having a heat shut off notice for electrical service to the household or a near empty fuel tank. Furthermore, the household must have exhausted all other fuel assistance benefits and its ability to pay for a cash/credit delivery. Crisis assistance will be provided when the conditions for providing crisis assistance are met and assistance will ensure heat for the household. If multiple households present with emergency crises at the same time, households with children six and under and elderly persons 60 or older will be given a higher priority.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis is considered a more severe form of crisis. A life-threatening crisis is defined when there is a supply shortage emergency (ie crisis definition above is met) and

1) The outside temperature is currently or projected to be 32 degrees Fahrenheit or less. Temperatures of 32 degrees or less for the current and following day are established by verifying the projected temperature through a weather service (The Weather Channel etc).

OR

2) A household member has a medical need that would be disrupted if continued heat or energy services are not continued. For example, non-refrigeration of life-saving medicines, non-use of required oxygen or CPAP machines.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
