AWARD CALCULATION

\$40 per point determined by total funding and expected # of participating households

The minimum benefit an approved LIHEAP customer may receive is \$80 and the maximum is \$800.

All income shall be verified for each household member based on the 30-day or 12-month period immediately preceding the application date, or the most recent calendar year.

Iowa does not use the Benefit Matrix above for deliverable fuel customers due to those customers not being eligible for winter shutoff moratorium protection. Instead, we use a flat amount for deliverable fuel customers that serves as both a minimum and maximum benefit for liquid propane and fuel oil LIHEAP customers. For FY25 that flat amount is \$800.
