Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

LIHEAP is a non-entitlement benefit, determined and awarded for a single fiscal year. LIHEAP benefit amounts are determined using the

District of Columbia's LIHEAP Benefit Matrix which calculates a household's LIHEAP benefit based on household income, household size, type of dwelling (single or multifamily), and fuel type. Benefit amounts are reviewed annually based on a sliding scale in order to allocate scarce resources in such a way that, while serving as many eligible households as feasible, the highest benefits go to eligible households likely to have the highest energy burdens. (See Attachment, "District of Columbia LIHEAP Benefit Matrix").

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
 - Fuel type
 - Climate/region
 - Individual bill
 - Dwelling type
 - Energy burden (% of income spent on home energy)
 - Energy need
 - Other - Describe:

Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.6 Describe estimated benefit levels for the fiscal year for which this plan applies. Please note: the maximum and minimum benefits must be shown in the payment matrix.

-----------------	-------	-----------------	---------

2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits? Yes No

If yes, describe.

Subject to available funding and inventory, electric space heaters and blankets are provided to households that have been disconnected from energy service or the home heating oil supply is at 5% or less of capacity. The households must have been approved for LIHEAP in the current fiscal year.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 10 - Program, Fiscal Monitoring, and Audit**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

Federally-accepted accounting practices and fiscal controls are used to track administrative and benefit expenditures. Authorized funding is assigned budgetary codes by funding type for tracking, monitoring, and compliance purposes. The LIHEAP program is also subject to District of Columbia internal audits.

Both LIHEAP and WAP are administered by DOEE, therefore weatherization funds are not transferred to a separate state agency and LIHEAP funds are monitored in-house by the District's independent Office of the Chief Financial Officer (OCFO) staff.

All vendor transfers are reconciled on a regular basis and vendor refunds are returned to the same funding index (accounting category) from which they originated. DOEE program monitoring includes periodically inspecting and reviewing a random sample of client records, administrative procedures and expenditures, vendor payments, requests for disbursement of funds, and other LIHEAP program-related activities.

The single audit for FY22 has not been completed yet. The FY 2022 Single Audit Report will be posted to the OCFO Intranet after BDO has briefed the City Administrator Office with FY 2022 Single Audit results.

The FY 2022 Citywide Single Audit is currently in progress. Previous Single Audit Reports can be found here: <https://cfo.dc.gov/page/single-audit-reports>

Yes No

10.2a - if yes, describe your auditor selection process.

The auditor is contracted by the District's Office of the Chief Financial Officer (OCFO). LIHEAP is just one of many other programs across the District that get audited within the same audit.

The auditors look at all the federal grants in the District, and decide if they should audit all major programs, the threshold is generally around \$10 million., But any grant for any amount can be chosen if there are concerns about it, if a federal grantor is specifically asking auditors to look at it or sometimes because they are a high profile program. The auditors look at all federal dollars spent per program across the District and decide which ones are included in the audit. Also, if a programs has recurring/unresolved findings from previous audits, they will be included in the single audit.

10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.

		eligibility requirements. The auditor noted that two out of the 40 applications had household income incorrectly recorded into the system by the same intake processor. There was evidence of a review by another processor, but these errors were not caught. As a result, benefit payments were overpaid by a total of \$351.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 12 - Fair Hearings

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the Grant recipient have in the prior federal Fiscal Year? 7

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last federal Fiscal Year as a result of fair hearings?

All of the fair hearings were dismissed by the Office of Administrative Hearings in DOEE's favor (i.e., none reversed DOEE's benefit determination).

12.4 Describe your fair hearing procedures for households whose applications are denied and/or not acted upon in a timely manner.

The District of Columbia's independent Office of Administrative Hearings (OAH) conducts hearings and resolves cases involving various programs administered by District agencies, including decisions concerning DOEE's LIHEAP non-entitlement benefit. See, generally, the District of Columbia's Municipal Regulations, 1 DCMR §§ 2970 -78.

An applicant who is dissatisfied with a DOEE LIHEAP decision, including the denial of an application for a benefit, may follow the cited administrative appeal procedures. 1 DCMR 2970.1(l). An independent OAH administrative law judge issues a written decision for every case that is contested.

12.5 When and how are applicants informed of these rights?

Every applicant for LIHEAP assistance receives at the conclusion of the intake and the processing of their application: (a) a letter confirming the decision, (b) a printout of the database information on which the decision was based, and (c) information on the benefit matrix used to determine level with a user key, and how to contact the Office of Administrative Hearings to file an appeal if the applicant is dissatisfied with the decision. (See attached.) If the application was made at a DOEE office, these materials are provided to the applicant in person. If the application was taken at a home, as with a disabled or an elderly and frail person, DOEE provides the materials to the applicant promptly after the application is made. If the application was completed online or via the mail, materials (a) and (c) are available online and the applicant may request item (b) by calling the District's unified call center at 3-1-1.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 13 - Reduction of Home Energy Needs**

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Up to two (2) percent of awarded funds are used to conduct educational activities to educate participants on how to identify energy waste, increase energy efficiency, and to understand and read their utility bills. These activities are conducted to assist clients in reducing their energy costs. For LIHEAP weatherization cases, DOEE's energy efficiency staff explains their findings to the LIHEAP household members.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

A separate line item budget is established for the funds that are used for this purpose. The funds are assigned an index number and tracked and monitored on a monthly basis to assure compliance with funding guidelines. The LIHEAP weatherization work is accounted for separately, as well.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.

At the end of each fiscal year an analysis is conducted to determine the estimated savings a single-family household would receive based on the energy conservation measures installed. The following year the same household's energy bills are reviewed to determine the actual costs to quantify the data previously estimated. Please see the actual savings for Fiscal Years 2021 and 2022 and the estimated savings for Fiscal Year 2023 will be available September 30, 2023.

Fiscal Year	# Client Served	Overall Electric Savings in BTUs and Cost	Overall Gas Savings in Therms and Cost
20	27	127,627,759 / \$4,862	7,926 / \$11,126 \$412 Per Unit
21	104	504,413,540 / \$19,218	11,322 / \$14,492 \$179 Per Unit
22	59	185,443,392 / 11,445 \$193.98 Per Unit (estimate)	16,932 / \$23,785 \$403.14 Per Unit (estimate)

13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.

Due to the pandemic EECB personnel focused on identifying the impact of COVID on recipients of LIHEAP-funded work through our Weatherization and Emergency Mechanical System Program. In Fiscal Year 2023 Malcolm X Elementary School students created "art work" that illustrates ways to reduce their utility burden. The calendars were disseminated to program participants receiving weatherization, lead remediation, or emergency mechanical system(s). Staff also identified non profit entities to provide additional resources for program participants based on their survey responses.

13.5 How many households received these services? N/A until 9/30/2024

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 16 - Performance Goals and Measures

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

1. Current practices: DOEE currently collects the data required for the LIHEAP performance measures. DOEE made steps in late FY15 and early FY16 to begin collecting the average annual electricity (non-heat) usage for LIHEAP applicants, which was previously not collected due to the difficulty in accessing this information. DOEE updated the applications forms to include language that granted to DOEE the applicant's permission to share their secondary utility information. Additionally, DOEE updated the language in the vendor agreements to include the provision of usage data for all LIHEAP applicants regardless of home energy type.

2. Areas of improvement: DOEE communicates regularly with Pepco, Washington Gas, and our software vendor to ensure that any issues that arise are attended to so that DOEE will meet the performance measures mandate.

3. FY21: DOEE implemented a new software system to further improve our data collection and reporting procedures.

FY22, FY21, FY20, and FY19: DOEE worked with a consultant, APPRISE, to evaluate and review the reported data and plans to continue to do so in FY24. DOEE has also procured a new software vendor and has been working with this vendor and APPRISE to ensure that additional functionality is incorporated for the reporting of performance measures; including improved tracking of the prevention of disconnections and the restoration of service.

4. DOEE executed a revised multi-year Vendor Agreements and implemented revised procedures. DOEE is further working to align the software technology to match revised requirements within the terms of each Vendor Agreement.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).
