A subrecipient has 48 hours from receipt of application and approval to provide assistance to an applicant with no access to, or in danger of losing access to, necessary home energy.

• It may be used to pre-pay home energy usage:

o Client should either: be within seven (7) days of using the remaining balance of 'energy' pre-purchased, have their power disconnected/ shut off, or need to make a deposit.

4.3 What constitutes a life-threatening crisis?

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 10 - Program, Fiscal Monitoring, and Audit

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

Financial activities are submitted by the LIHEAP eligible entities at least once a month. They are reviewed to ensure correct accounting of expenditures. Single audits are required to be submitted to FloridaCommerce by the LIHEAP eligible entities annually and must be reviewed each year for deficiencies or material weaknesses. On-site monitoring of administrative, fiscal, and program operations of each Subrecipient are conducted every two to three years. A sampling of fiscal operations, client files, and vendor payments are reviewed to ensure compliance with federal and state requirements of expenditures of funds. The monitoring tool used by FloridaCommerce is attached as reference to the grant application in the On-Line Data Collection System (OLDC).

10.1a Provide your definitions of the following:

Obligation

Agreements for goods and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

Expenditures

The creation or incurring of legal obligation to disburse money.

Expenditure timeframe

4. For Grant recipients who are individuals, Alternate II applies.

5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules: *Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).
