### Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8

1.4 Do you consider households categorically eligible if at least one household member receives at least one of the following categories of benefits in the left column below? • Yes • No

If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.						
	Heating	Cooling	Crisis	Weatherization		
TANF	⊙ <sub>Yes</sub> O <sub>No</sub>	⊙ <sub>Yes</sub> O <sub>No</sub>	⊙ <sub>Yes</sub> O <sub>No</sub>	• Yes O No

Means-tested Veterans Programs	• Yes O No	• Yes O No	• Yes O No	O Yes O No		

### 1.4a. - Provide your definition of categorical eligibility.

In compliance with state legislation enacted under Article II, Section 17(c) of the Maryland Constitution—Chapter 207 of the 2023 legislative session established Categorical Eligibility and automatic enrollment into Maryland's Energy Assistance programs for households that have received benefits from the Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), or other means-tested veterans' benefits starting in January 2024. If a member of a household receives these benefits on an ongoing basis, the household is considered to be categorically income-eligible for LIHEAP and EUSP benefits.

TANF and SNAP recipients who meet all other eligibility criteria and receive ongoing benefits will not need to complete a separate application to receive OHEP benefits. OHEP will use the TANF, SNAP, and SSI eligibility information from the Eligibility and Enrollment (E& E) system within the Maryland Total Human Services Integrated Network (MDTHINK) to determine eligibility for MEAP and EUSP benefits, as well as other eligibility criteria.

If all necessary energy assistance factors, including vendor information, can be collected from E&E, a regular eligibility determination is made, and a payment amount is electronically issued to the appropriate vendor, landlord, or household. Applicants approved for a regular benefit through the Categorical Eligibility process receive an Eligibility Determination notice, confirming the OHEP benefits they have been screened for, the amount of their benefit, and their right to a fair hearing. If required MEAP eligibility factors beyond income eligibility cannot be retrieved from E&E, the application will be reviewed by the Local Administering Agency. In such cases, missing eligibility information will be requested from the applicant, and an eligibility determination will be made.

### 1.5 Do you automatically enroll households without a direct annual application? 💽 Yes 🌔 No

If Yes, explain:

In compliance with state legislation enacted under Article II, § 17(c) of the Maryland Constitution - Chapter 665, Maryland launched a universal redetermination process in 2023. This process streamlines the application process for OHEP recipients aged 60 and older, as well as for disabled customers who are permanently disabled and/or have completed an OHEP application through the Critical Medical Needs program, with eligible income types (SSI, SSDI, Social Security, and Pension).

With the implementation of Categorical Eligibility, State legislation enacted under Article II, Section 17(c) of the Maryland Constitution—Chapter 207 of the 2023 legislative session, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF) households are referred to OHEP for benefits though Maryland's Eligibility and Enrollment (E&E) system. Categorical Eligible households are not required to submit an application.

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

The same eligibility criteria for determining program benefits applies to all applicant households.

### **SNAP Nominal Payments**

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households? 💽 Yes 🔘 No

4.2 Provide your LIHEAP program's definition for determining a crisis.

If you administer multiple crisis assistance programs (winter, summer, and/or year-round), Include all program definitions.

Maryland defines an energy crisis as a situation where a household has no heat, a shortage of fuel supply, or an imminent utility shut off (less than three days) during the winter period (November 1 through March 31). Local agencies may request a waiver to adjust the length of the winter period based on climate conditions.

Maryland offers expedited application processing and issues 55-day holds to prevent utility terminations or to restore service year-round. Beginning in FY25 Maryland will also issue an additional crisis benefit to households, up to \$600, if their regular benefit does not resolve an energy crisis.

### 4.3 What constitutes a <u>life-threatening crisis?</u>

Maryland defines "life-threatening" as a situation where a household experiences a life-threatening or health-related emergency due to a heating or cooling issue, or a crisis involving a household member under the age of two or over the age of sixty (COMAR 07. 03.21.10).

Renters living in subsidized housing?

Explanations of policies for each "yes" checked above:			

Maryland prioritizes older adults, individuals with disabilities, households with young children and those with a critical medical needs' certification. These households will have their application and benefit issuance expedited and they qualify for a second arrearage waiver. Further, these households are prioritized for heating and cooling system repairs and replacements.

LIHEAP funds are also used to address non-functioning heating and cooling equipment. OHEP maintains an inter-agency agreement with the Department of Housing and Community Development (DHCD) to carry out this work. Energy assistance applicants indicate on their application if they have non-functioning equipment. Upon receiving a referral regarding non-functioning equipment from the local energy assistance agency, DHCD promptly assigns the work to a licensed HVAC contractor for assessment within 48 hours.

For heating and cooling system repair, priority is given to elderly, handicapped homeowners. The second preference is given to dwellings with children under five years of age and/or inefficient heating systems and those with critical medical needs.

### **Other - Describe:**

Re-weatherization is permissible under LIHEAP. Health and safety items not covered by the DOE WAP Health and Safety Plan may be included. The State of Maryland allows for the following measures under LIHEAP: wood-burning stove repair/replacement and gas cook stove repair/replacement for health and safety concerns. The total fiscal cost for these measures cannot exceed 25% of the LIHEAP allocation designated for deferral prevention services.

-A member of the household is over the age of 60.A member of the household is under the age of 2.

-The elderly, households with young children, and those facing an energy emergency that threatens their situation are treated with expedited processing due to the life-threatening nature of their circumstances.

For renters, DHCD must obtain permission from the property owner before providing weatherization services. The landlord must also comply with DHCD's Weatherization policies on rental housing.

In July 2019, Maryland launched an important outreach effort through the Critical Medical Needs Program (CMNP). This program includes trained "Navigators" who work within hospitals and healthcare communities to assist clients with energy assistance applications. Navigators conduct risk assessments, provide counseling, and offer help with energy suppliers. Applications are submitted directly to OHEP CMNP Liaisons for expedited processing to ensure the maintenance or restoration of service.

A direct mailing is also sent to all Categorical Eligible households.

3.2 How do you provide alternate outreach and intake for heating assistance?

Section 8 - Agency Designation, 2605(b)(6) - Assurance 6

Local Administering Agencies, as required by their contract with the Maryland Department of Human Services, must conduct home visits for intake when requested by customers.

During the heating season, targeted messaging is used to promote LIHEAP to prepare for winter. Satellite intake is conducted by several program partners, such as Area Agencies on Aging, to enhance access to LIHEAP. Customers can obtain information, access applications, and complete applications for heating assistance by contacting the DHS Call Center or any local administering agency.

In compliance with state legislation enacted under Article II, § 17(c) of the Maryland Constitution - Chapter 665, Maryland launched a universal redetermination process in 2023. This process streamlines the application process for OHEP recipients aged 60 and older, as well as for disabled customers who are permanently disabled and/or have completed an OHEP application through the Critical Medical Needs program, with eligible income types.

8.3 How do you provide alternate outreach and intake for cooling assistance?>

Maryland does not conduct specific outreach for cooling assistance and does not have a cooling assistance benefit. Maryland has Electric Universal Service Program benefits for electric assistance that customers apply for throughout the program year.

8.4 How do you provide alternate outreach and intake for crisis assistance?

Maryland expedites crisis application assistance and benefit issuance year-round. Outreach is provided through the Local Administering Agencies as well as Community and Faith based partners.

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.

8.6 What is your process for selecting local administering agencies?

The Department of Human Services conducts a Request for Proposal (RFP) process in jurisdictions not served by a local Department of Social Services or local government entity. Interagency agreements are executed with participating local governments, such as Baltimore City and Frederick. The remaining administering agencies not subject to the RFP process are local Departments of Social Services, which are local welfare offices that fall under the Department of Human Services.

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 10 - Program, Fiscal Monitoring, and Audit

# Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The State OHEP Office tracks grant awards in partnership with the Department of Human Services Office and Budget and Finance. Available funding is tracked in the State's Financial Management Information System (FMIS) and the OHEP Data Management System. The OHEP Data Management System tracks benefit commitments as Local Administering Agencies certify applications. Weekly the State OHEP Office generates Electronic Delivery Statements that are issued to the program vendors and Budget and Finance. Budget and Finance enters the payments into FMIS and transmits to the Office of the Comptroller to process payments. State OHEP staff record payments by week to track expenditures.

Vendor refunds are sent to the State OHEP Office where they are recorded by funding source and sent to Budget and Finance to deposit. State OHEP staff also record the refunds by funding source in the OHEP data Management System.

### 10.1a Provide your definitions of the following:

Obligation

A commitment of funds for a specific use in accordance with programmatic requirements. Maryland considers LIHEAP funds obligated at the time a customers applications are certified, Local Administering Agencies sign thier contracts to administer program requirements, or creates a purchase order to procure goods/services.

### Expenditures

Payments made. Maryland considers LIHEAP expenditures when payments for obligations are made. For benefits, every Wednesday the state OHEP agency processes certified applications and submits information to accounts payable to process payments.

### Expenditure timeframe

The time for which an expenditure can be made in accordance with the funding requirements. Maryland LIHEAP expenditure timeframe is October 1, 2024- September 30, 2025. Expenditures for benefits are processed weekly, with payments from the Comptrollers Office being issued within 30 days. Local Administering Agency payments are processed quarterly, with payments from the Comptrollers Office being issued within 30 days.

### Administrative costs

Non-benefit expenditures are used to fund state OHEP staff and operations, Local Administering agencies and operations and to conduct outreach and ensure program integrity.

#### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 16 - Performance Goals and Measures

#### Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Maryland continues to refine its process to accurately capture data to report on the four required LIHEAP performance measures. For FY24 Maryland is requiring utilities to return reports in an Excel format to eliminate the need to manually enter data, which could result in clerical errors. State staff will also work with our TA partners on reviewing and compiling data until the data can be captured through an API. The timeline for this is yet to be determined. DHS is exploring options to see how we could track performance prior to the OHEP program being fully integrated into Maryland's Eligibility and Enrollment System.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

#### **Instructions for Certification**

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.BrBbr.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

**1.** By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For Grant recipients other than individuals, Alternate I applies.

4. For Grant recipients who are individuals, Alternate II applies.

5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules: *Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

*Conviction* means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

*Criminal drug statute* means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

*Employee* means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grant recipients Other Than Individuals) The Grant recipient certifies that it will or will continue to provide a drug-free workplace by:,
