### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 4 - Crisis Assistance

#### Section 4: CRISIS ASSISTANCE

**Eligibility - 2604(c), 2605(c)(1)(A)**

**4.1 Designate the income eligibility threshold used for the crisis component**

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

**4.2 Provide your LIHEAP program's definition for determining a crisis.**

**If you administer multiple crisis assistance programs (winter, summer, and/or year-round), Include all program definitions.**

**See attachment for section 4 or see below:**

"Energy emergency" for Division of Welfare and Supportive Services purposes has three meanings. The first means a household has had, or is in danger of having, their heating or electric service disconnected within 48 hours or is in need of heating fuel and has less than 10% in their tank or is in need of a deposit or if having a loss of energy causes a life-threatening situation and must have requested a payment plan from the utility and been denied. The second means a household is in crisis when annual gross income exceeds the current income limit except allowable qualifying expenses attributable to the crisis reduces the income to the current income limit or less. The third means a household that has an established arrearage on their account with their heating and/or cooling vendor and such arrearage may result in utility shut-off.

"Energy emergency" for Housing Division purposes means the household's primary heating system is unsafe or inoperable during the winter months, or the primary cooling system is unsafe or inoperable during the summer months.

In the event of an unexpected 'emergency' or an emergency declared by the Governor that threatens the health and safety of a household member or members the DWSS Administrator has the discretion to authorize use of LIHEAP funding to assist eligible recipients with in-kind and energy related needs.

**4.3 What constitutes a life-threatening crisis?**

If the loss of energy causes a life-threatening situation; for household member's a serious illness or other medical condition that requires electrical medical equipment or life support or which would otherwise be aggravated by interruption or termination of electrical service.

**Crisis Requirement, 2604(c)**

**4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48Hours**

**4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours**

<b>Determination of Benefits</b>			
<b>4.8 How do you handle crisis situations?</b>			
<input type="checkbox"/>	Separate component		
<input checked="" type="checkbox"/>	Benefit Fast Track, no separate amount of crisis funds is issued. Rather benefits are issued to crisis customers within crisis response time frames.		

<input checked="" type="checkbox"/>	<p><b>Other - Describe:</b></p> <p style="text-align: center;"><b>See attachment for section 4 or see below:</b></p> <p><b>Fast Track:</b></p> <p>The Fast-Track Component is the expedited processing of an energy assistance application to respond in emergent situations.</p> <p><b>Application Processing Times:</b></p> <p>a) When an eligible household, if having a loss of energy causes a life-threatening situation, applies for energy crisis benefits their case will be processed within 18 hours of receipt of their application and proof of eligibility.</p> <p>b) If an eligible household has received a 48-hour disconnect notice their case will be processed within 48 hours of receipt of their application and proof of eligibility.</p> <p><b>Other:</b></p> <p>The Crisis Intervention Component assists households experiencing a special circumstance or crisis and whose gross annual income exceeds the current income limits to be set by the Administrator, not to exceed 150% of poverty except for allowable qualifying expenses that reduce the annual income to the current income limits of poverty or less.</p> <p>Qualifying expenses may include: 1) Unreimbursed medical expenses for medical emergencies or long-term, chronic medical conditions; 2) Unreimbursed compulsory and necessary home repairs; 3) Automobile repairs only if transportation is needed for ongoing medical care, the repairs are critical to the operation of the vehicle, and, it is the only registered vehicle in the household. Regular maintenance is excluded, including tire purchases. The qualifying expense must be supported by valid and verifiable documentation and must create a financial hardship for a period of no less than three (3) months.</p> <p>A household that meets the criteria for Fast Track or Crisis Intervention receives the amount to which they are entitled based on the FAC benefit not to exceed the benefit cap for the household's size and income.</p> <p><b>And/or Arrearage Payment Component:</b></p> <p>This component enables targeted low-income households to achieve energy self-sufficiency through a combined arrearage payment and an ongoing FAC benefit. The DWSS Administrator has the flexibility to restrict the Arrearage Payment Component to special households (child under 6, elderly, or disabled), suspend the program entirely when program funding is limited following a 30 day public notice period or to reduce or eliminate the energy burden to optimize the assistance provided to eligible households based on projected caseload, available program funding, and/or circumstances that warrant an adjustment (e.g., moratoriums on utility payments, etc.).</p> <p>The arrearage payment is an amount eliminating the applicant's debt owed to their heating and/or cooling vendor(s). The following criterion applies:</p> <ol style="list-style-type: none"> <li>The household's gross annual income must not exceed the current gross annual income limits of the federally designated level signifying poverty, as determined by the Division of Welfare and Supportive Services.</li> <li>An eligible household may receive an arrearage payment once every five years based on the program year the prior arrearage payment was received. The only exceptions are households with chronic, long-term medical conditions that create financial hardship and/or increase energy consumption. The payment may be for both energy vendors. However, a subsequent request for an arrearage payment may not be paid at a later date in the event the previous arrearage payment did not cover one of the household's energy vendors.</li> </ol> <p>An eligible household that meets the criteria for the Arrearage Payment Component, receives both an arrearage payment [the amount necessary to satisfy the past due debt incurred with their energy vendor(s)] and their regular FAC (not to exceed the cap) benefit.</p>

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 5 - Weatherization Assistance

#### Section 5: WEATHERIZATION ASSISTANCE

Eligibility, 2605(c)(1)(A), 2605(b)(2) - Assurance 2

5.1 Designate the income eligibility threshold used for the Weatherization component

Add	Household Size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component?  Yes  No

5.3 If yes, name the agency and attach a copy of the Internal Agreement or Contract. Department of Business and Industry, Housing Division

5.4 Is there a separate monitoring protocol for weatherization?  Yes  No

#### WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

Entirely under LIHEAP (not DOE) rules

Entirely under DOE WAP (not LIHEAP) rules

Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

Income Threshold

Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

Other - Describe:

Mostly under DOE WAP rules, with the following LIHEAP rule(s) where LIHEAP and WAP rules differ (Check all that apply.):

Income Threshold

Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

Weatherization measures are not subject to DOE Savings to Investment Ratio (SIR) standards.

Other - Describe:

Weatherization activities/materials noted in 45 CFR Section 96.87 may be included in the services offered. Also, when LIHEAP funds are not used in conjunction with DOE funds, DOE Health & Safety requirements do not apply.

Allowable countable income is based on DOE rules. DOE allows 200% poverty so for LIHEAP customers client eligibility for those households will be at or below 200% of the poverty level, except that the Secretary may establish a higher level if it is determined that a higher level is necessary. The DOE average cost per unit is not applicable because most projects require additional weatherization measures exceeding this limit. A figure of \$8,000 will be used.

The FEAC eligibility list is used instead of an SIR for weatherization measures.

Through a fully automated process, recipient households in NOMADS meeting LIHEAP/Energy Assistance Program (EAP) income guidelines, and who have not applied for energy assistance in the previous or current year, may be periodically mailed a special EAP application preprinted with data from NOMADS. A cover letter accompanies each application explaining the household may qualify for energy assistance by reviewing the application, completing missing information and correcting any errors in the preprinted data, signing, and dating the application and submitting to the EAP.
2. Weatherization Assistance Program (WAP) - A list of eligible EAP households can be provided to the Housing Division's WAP, to notify the WAP of high energy usage households.
3. Independent Fuel Funds - The DWSS coordinates the eligibility criteria and applicant information with energy providers and organizations that administer fuel fund programs.

**Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7**

**9.1 Do you make payments directly to home energy suppliers?**

Heating  Yes  No

Cooling  Yes  No

Crisis  Yes  No

Are there exceptions?  Yes  No

If yes, Describe.

If a client's utility vendor has not entered into an agreement with the Division of Welfare and Supportive Services or if the client does not have an account with a utility vendor (i.e., the utilities are in the landlord's name), the benefit may be paid directly to the client.

**9.2 How do you notify the client of the amount of assistance paid?**

Each recipient is mailed a formal notice that explains their eligibility status, benefit amount and method of payment, or denial reason if determined ineligible.

**9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?**

In addition to formalized vendor agreements, an audit is conducted each year that requires vendors to verify and certify that the benefits paid to them were, indeed, credited to the eligible household's account. At the same time, a random sample of eligible households are sent a letter describing the benefits paid and requesting verification that the benefits were accurately credited to their accounts. All discrepancies are fully investigated and resolved.

**9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?**

Formalized Vendor Agreements

**9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?**

Yes  No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

**10.1. How do you ensure good fiscal accounting and tracking of funds?**

See attachment for Section 10 or see below.

The Division of Welfare and Supportive Services uses a system of checks and balances to ensure accurate fiscal accounting and tracking. The LIHEAP/EAP Program Manager develops and maintains spreadsheets to track obligations and expenditures against the federal fiscal year, which are regularly reconciled with the Accounting Unit's fiscal records utilizing the State fiscal year. Funds are disbursed by the State Controller, with proper disbursement of and accounting for funds monitored through the Integrated Financial System (IFS). This system records and reports all aspects of financial activity within the program.

**10.1a Provide your definitions of the following:**

**Obligation**

Amount of funds committed by September 30<sup>th</sup> to be expended on or before the expenditure timeframe.

**Expenditures**

Funds paid out/spent for the program during expenditure timeframe.

A fully automated computer system determines eligibility and benefits. The Program Manager receives computer generated activity reports by caseworkers, including each case received and the date, each case processed and the date, status of each case, and any amount of benefits issued (delineated by source of revenue; i.e., LIHEAP, Rate-Payer Funded Universal Energy Charge [UEC], or any other available revenue). Hard copy files are selected for review to ensure compliance with all applicable regulations and procedures and to ensure accurate and expedient processing. The computer generates a pay record to the State's Integrated Financial System (IFS) where checks are disbursed. Pay records are verified by the Accounting Unit as well as the LIHEAP/EAP Program Manager and Program Officer, prior to disbursement, which further ensures accuracy and reduces potential fraud and abuse.

The Housing Division inspects a minimum of 10% for which weatherization assistance is provided. All Sub-grantees receiving Weatherization Assistance Program funding are monitored annually.

Yes  No

**14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.**

Information is requested for the prior fiscal year on how many households were served, what resource benefit was provided, and the total value of the assistance that was provided.

**14.3 For each type of resource and/or benefit to be leveraged in the upcoming year that will meet the requirements of 45 C.F.R. § 96.87(d)(2)(iii), describe the following:**

Resource	What is the type of resource or benefit ?	What is the source(s) of the resource ?	How will the resource be integrated and coordinated with LIHEAP?
1	Discounted rates Households served: 175 Amount of assistance: \$78,503	City of Boulder City's Discount Program	Boulder City Emergency Aid is a local non-profit organization that assists people in emergency situations. Eligibility is determined by Emergency Aid interviews and review of income. Boulder City's discount program is closely coordinated with LIHEAP. To maximize the impact and effectiveness of both programs, applicants were screened to determine if any benefits had already been awarded to the applicant by LIHEAP. This coordination of efforts toward the common goal of assisting low-income households with their energy needs has been instrumental in the development and implementation of this resource/benefit.
2	Weatherization/ Conservation measure Households served: 5 Amount of assistance: \$7,935.48	Lincoln County Power District	Households whose annual gross income is at or below 150% of the federal poverty income guideline (established by OMB) are eligible for assistance, the Lincoln County Power District Customer Assistance Fund is closely coordinated with LIHEAP. This coordination enabled both programs to expand services to families which otherwise would not have received assistance due to insufficient funds. To maximize the impact and effectiveness of both programs, applicants were screened to determine if any benefits had already been awarded to the applicant by LIHEAP. This coordination of efforts toward the common goal of assisting low-income households with their energy needs has been instrumental in the development and implementation of this resource/benefit.
3	Cash Households served: 13 Amount of assistance: \$5,610.46	Mt. Wheeler Power Company Cooperative Assistance for Residential Energy (CARE)	To provide low-income households year-round access to energy assistance and ensure the greatest number of those eligible receive assistance, Mt. Wheeler Power Company's CARE Program is closely coordinated with LIHEAP. This coordination enabled both programs to expand services to families which otherwise would not have received assistance due to insufficient funds. To maximize the impact and effectiveness of both programs, applicants were screened to determine if any benefits had already been awarded to the applicant by LIHEAP. This coordination of efforts toward the common goal of assisting low-income households with their energy needs has been instrumental in the development and implementation of this resources/benefit.
4	Cash Households served: 369 Amount of assistance: \$453,658	Nevada Housing Division 15% Set Aside Program	In order to maximize the impact and effectiveness of both Nevada's LIHEAP and the Housing Division's 15% Set Aside program, families eligible for housing assistance who were not able to pay utility deposits and/or initial utility bills were screened to determine if any benefits had already been awarded to the applicant by either program. This coordination of efforts toward the common goal of assisting low-income households with their energy needs has been instrumental in the implementation of this resource/benefit.
5	Cash Households served: 261 Amount of assistance: \$1,484,839	Universal Energy Charge Fund for Weatherization Administered by the Nevada Housing Division	The Nevada LIHEAP provides a monthly database download report to the Housing Division's Weatherization Assistance Program identifying eligible households whose energy assistance benefit was \$600 or greater. The UEC statute (Nevada Revised Statute 702) requires the energy assistance program to establish a mechanism to communicate high energy users to the weatherization program for prioritization for energy conservation measures. The weatherization program tracks and reports the effects the measures had on reducing the energy burden of the household. This interagency partnership enables low-income Nevadans' to pay the high cost of energy while maintaining a safe and healthy home
6	Cash Households served: 1,301 Amount of	NV Energy-Sierra Pacific Power-Special Assistance Fund for Energy-SAFE	To provide year-round access to energy assistance and ensure the greatest number of those eligible receive assistance, the SAFE program is closely coordinated with LIHEAP. This coordination enabled both programs to expand services to families

	assistance: \$344,426.55		which otherwise would not have received assistance due to insufficient funds. In order to maximize the impact and effectiveness of both programs, SAFE applicants were screened to determine if any benefits had already been awarded to the applicant by either program. This coordination of efforts toward the common goal of assisting households with their energy needs has been instrumental in the development of this resource/benefit.
7	Cash Households served: 2,457 Amount of assistance: \$620,042.84	NV Power Company Project Reach.	Designed to help vulnerable adults 62 years and older, medically fragile people, seniors who are isolated, as well as deployed Reserve and National Guard members in need of emergency energy, cooling and utility bill assistance. The program is currently available during the summer months until funds are exhausted. The Project Reach program is closely coordinated with LIHEAP. This coordination enabled both programs to expand services to those who otherwise would not have received assistance due to insufficient federal funds. In order to maximize the impact and effectiveness of both programs, Project Reach applicants were screened to determine if any benefits had already been awarded by either program to determine how much additional assistance was needed. This coordination of efforts has been instrumental in the development and implementation of this resource/benefit.
8	Cash Households served: 2,717 Amount of assistance: \$509,244.08	Southwest Gas Corporation Energy Share Program	To provide low-income households year-round access to energy assistance and ensure the greatest number of those eligible receive assistance, the Energy Share program coordinated with LIHEAP. This coordination enabled both programs to expand services to families which otherwise would not have received assistance due insufficient funds or the constraints of LIHEAP eligibility. This coordination of efforts toward the common goal of assisting low-income households with their energy needs has been instrumental in the development and implementation of this resource/benefit.
9	Weatherization/ Conservation measure Households served: 131 Amount of assistance: \$803,219.83	Governor's Office of Energy Weatherization Assistance	The Governors Office of Energy set income guidelines at 200% of the federal poverty guidelines to provide services to those households above the states income guidelines for LIHEAP. Households approved for Home Energy Retrofit Opportunities for Seniors (H.E.R.O.S.) must be seniors over 60 years old and a NV Energy customer. Computerized lists of LIHEAP clients are provided to the weatherization program for outreach and eligibility purposes.
10	Cash Households served: 11,052 Amount of assistance: \$824,602	Universal Energy Charge (UEC) Fund for Energy Assistance	The Energy Assistance Program uses its UEC revenue in conjunction with LIHEAP funding to serve additional low-income households at or below 150% of the poverty level. The funds may only be paid to households who are customers of the seven regulated utilities and who are required to pay the UEC. Financial Assistance is paid directly to energy vendors on behalf of LIHEA eligible households.
11	Waiver of reconnection fees Households served: 47 Amount of Assistance: \$15,399.52	Valley Electric Association	To provide low-income households year-round access to energy assistance and ensure the greatest number of those eligible receive assistance, Valley Electric Associations Customer Assistance Fund is closely coordinated with LIHEAP. This coordination enabled both programs to expand services to families which otherwise would not have received assistance due to insufficient federal funds. To maximize the impact and effectiveness of both programs, applicants were screened to determine if any benefits had already been awarded to the applicant by LIHEAP. This coordination of efforts toward the common goal of assisting low-income households with their energy needs has been instrumental in the development and implementation of this resources/benefit.

**Instructions for Certification**

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

## Section 19: Certification Regarding Drug-Free Workplace Requirements

### Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

#### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

***Controlled substance*** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

***Conviction*** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

***Criminal drug statute*** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

***Employee*** means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

#### **Certification Regarding Drug-Free Workplace Requirements**

##### **Alternate I. (Grant recipients Other Than Individuals)**

Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a

central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
