**Section 7: Coordination, 2605(b)(4) - Assurance 4**

**7.1 Describe how you will ensure that the LIHEAP program is coordinated with other programs available to low-income households (TANF, SSI, WAP, etc.).**

<input type="checkbox"/>	<b>Joint application for multiple programs (indicate programs included)</b>
<input checked="" type="checkbox"/>	<b>Intake referrals to/from other programs (indicate programs included)</b> Community Action Agencies (subrecipients) notify applicants of other programs about LIHEAP. Intake refers LIHEAP applicants to other programs in their agency. Outreach works with various community partners, such as schools, health centers, and housing, to have them notify the people they serve how to apply for LIHEAP. RI DHS field offices have information about LIHEAP posted and staff refer people to LIHEAP when appropriate.
<input checked="" type="checkbox"/>	<b>One - stop intake centers</b>
<input checked="" type="checkbox"/>	<b>Other - Describe:</b>

The LIHEAP office has a process in place with the SNAP office (both programs within RI DHS) to outreach SNAP households with heating responsibility. SNAP household records including household income are migrated to the LIHEAP software system. Once the records are in the LIHEAP system, letters to the SNAP households are generated letting SNAP recipients know that they are income-eligible for LIHEAP. An abbreviated LIHEAP application is sent to them since we have their income migrated to our LIHEAP system. If their SNAP household size does not match their LIHEAP household size on the abbreviated application, we have the household fill out a full application. Otherwise, they can be certified with an abbreviated application.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)  
MODEL PLAN  
Section 9 - Energy Suppliers**

**Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7**

**9.1 Do you make payments directly to home energy suppliers?**

Heating  Yes  No

Cooling  Yes  No

Crisis  Yes  No

Are there exceptions?  Yes  No

If yes, Describe.

**9.2 How do you notify the client of the amount of assistance paid?**

Confirmation letters are sent to the clients after applications have been approved and certified. The amount of the assistance is provided in the letter.

**9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?**

Participating vendors agree to this in the annual vendor agreement.

Vendors provide Community Action Agency with metered delivery slips for each delivery made using LIHEAP funds. Community Action Agencies enter the delivery amount into the software system used to manage LIHEAP. Remaining balances are tracked and applied to the next delivery. Remaining balance reports are sent to vendors until grant has been depleted.

**9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?**

Participating vendors agree to this in the annual vendor agreement. In the agreement, each vendor agrees that to ensure that LIHEAP households they service will be treated the same as their other customers. This provision is reinforced at required annual meeting/training. In vendor monitoring, we check the delivery ticket of a LIHEAP households and a non LIHEAP household from the same day.

**9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?**

Yes  No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)  
MODEL PLAN  
Section 10 - Program, Fiscal Monitoring, and Audit**

**Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)**

**10.1. How do you ensure good fiscal accounting and tracking of funds?**

An Excel spreadsheet is maintained to track obligations (earmarking) based on award restrictions and limits set by the submitted RI State Plan with expenditures broken down by categories, and drawdowns. This spreadsheet is reconciled to the state's financial system on a monthly basis.

**10.1a Provide your definitions of the following:**

**Obligation**

When used in connection with a non-Federal entity's utilization of funds under a Federal award, obligations means orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

**Expenditures**

Costs incurred during the fiscal year related to the acquisition of goods and services whether or not payment has been made.

**Expenditure timeframe**

Expenditures should be recognized upon the delivery of goods or services, including personal services, contractual services, capital outlay, interest on fund liabilities, materials and supplies, insurance, and rent.

**Administrative costs**

Administrative costs are expenses incurred by grant recipients or sub-recipients in support of the day-to-day operations of their organization. These overhead costs are the expenses that are not directly tied to a specific program purpose.

**Audit Process**

**10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?**

Yes  No

**10.2a - if yes, describe your auditor selection process.**

The last completed, Single Audit was SFY23. LIHEAP was audited as a major program. The threshold for major programs varies year to year. For SFY23, LIHEAP was audited as a major program. The threshold for SFY23 was \$21,087,467 and can change annually to cover 66% of federal expenses in accordance with federal uniform guidance. It is not yet known what the threshold is for SFY24. Please see attached document (Section 10 Response to Review Completeness Question RD).

**10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.**

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken
1	monitoring	DHS should modify subrecipient risk assessment procedures to include whether LIHEAP was tested as a major program in subrecipient Single Audits. DHS decided that all sub-recipients would be monitored regardless of whether LIHEAP has been audited as a major program. On-site fiscal monitoring of all subrecipients took place in June 2021 once COVID restrictions were lifted and agencies were back in their offices.	Yes	procedure/policy changes
2	reporting	DHS should use a series of line	Yes	procedure/policy changes

		sequences to identify and track expenditure categories and utilize cost centers to differentiate grant awards. DHS distinguishes the federal award year in contracts, agency approval forms (bucksheets), and identifies earmarkings and award years in naming conventions in invoices. DHS has also created sub accounts and costs centers within the LIHEAP Line Account to facilitate tracking earmarkings and award years.		
3	reporting	DHS should ensure the data in LIHEAP Hancock is accurate and the data in the reports is supported by Hancock reports. Allow more time for review of federal reports. DHS had a major upgrade in Hancock in July 2020. Reporting and exports of data is more robust.	Yes	procedure/policy changes
4	reporting	DHS should require the software vendor to have an SOC examination performed to provide assurance of the operational effectiveness and data integrity of the application. Password policy has been added (every 90 days requires password change). The SOC report for Hancock Software is completed.	Yes	procedure/policy changes

**10.4. Audits of Local Administering Agencies**

What types of annual audit requirements do you have in place for local administering agencies/district offices?  
Select all that apply.

- Local agencies/district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133
- Local agencies/district offices are required to have an annual audit (other than A-133)
- Local agencies/district offices' A-133 or other independent audits are reviewed by Grant recipient as part of compliance process.
- Grant recipient conducts fiscal and program monitoring of local agencies/district offices
- Local agencies and district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133

**Compliance Monitoring**

**10.5. Describe your monitoring process for compliance at each level below. Check all that apply.**

Grant recipients have a policy in place for appropriate separation of duties and internal controls.

- Internal program review
- Departmental oversight
- Secondary review of invoices and payments
- Other program review mechanisms are in place. Describe:

**Local Administering Agencies/District Offices:**

- On - site evaluation
- Annual program review
- Monitoring through central database
- Desk reviews
- Client File Testing/Sampling
- Other program review mechanisms are in place. Describe:

Financial transactions are reviewed and tested. A policy and procedure checklist is filed. Program client files are reviewed for completeness. Agency managers meet with program staff to check in regarding processes and policy.

**10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.**

Ten monthly program meetings are held with all subrecipient agencies. These meetings include training on various program topics and a time for agencies to share questions, concerns, or ideas with the state. A longer training day for subrecipients is held before the new season begins. At this training, policy, technical, and other topics are covered. Throughout the year, agencies work closely with the RI DHS for intake and invoicing. DHS monitors the software and agency portals daily. Individualized training for agencies is offered as needed.

**10.7. Describe how you select local agencies for monitoring reviews. Attach a risk assessment if subrecipients are utilized.**

**Site Visits:**

All Community Action agencies have an annual fiscal and an annual program monitoring visit.

**Desk Reviews:**

A risk assessment is completed for each program. If a subrecipient is considered medium risk, a site visit or desk audit is mandatory during the first six months of the fiscal year. If a subrecipient is high risk, our agency conducts at least two site visits or desk reviews.

**10.8. How often is each local agency monitored? Please attach a monitoring schedule if one has been developed.**

Annually

**10.9. How many local agencies are currently on corrective action plans? 1**

	Date	Event Description
1	08/14/2024	Public Hearing for FFY 2025 LIHEAP State Plan held at Rhode Island Department of Human Services at 25 Howard Ave, Cranston, RI at 10:30 AM. This location has parking and is on a busline.

**11.3. How many parties commented on your plan at the hearing(s)?** 0

**11.4 Summarize the comments you received at the hearing(s).**

We did not have anyone attend the hearing. Please see attached document for a response to the review question required after this plan was submitted.

**11.5 What changes did you make to your LIHEAP plan as a result of public participation and solicitation of input?**

We did not make changes to the model plan as a result of public participation. The reason for this is that the comments we received at the August monthly meeting of the LIHEAP managers at the Community Action Agencies were very positive. They expressed satisfaction that there was an increase to the State Median Income (SMI) from FFY 2024 to FFY 2025. Two of the managers felt that the increases would allow more people to be eligible for LIHEAP.

We plan to continue the practice of having the upcoming state plan proposal as a topic in one of our LIHEAP manager monthly meetings. In FFY 2025. We would like to have the topic on the agenda earlier in the year (June).

Section 12 - Fair Hearings**

**Section 12: Fair Hearings, 2605(b)(13) - Assurance 13**

**12.1 How many fair hearings did the Grant recipient have in the prior federal Fiscal Year?** 0

**12.2 How many of those fair hearings resulted in the initial decision being reversed?** 0

**12.3 Describe any policy and/or procedural changes made in the last federal Fiscal Year as a result of fair hearings?**

None

**12.4 Describe your fair hearing procedures for households whose applications are denied and/or not acted upon in a timely manner.**

Households determined ineligible are notified by letter by the subrecipient where they applied. In the denial letter, they are given the reason their household is ineligible and information explaining the Appeals process, including an appeals form. To request an appeal hearing, the applicant must submit the form within fifteen business days of the receipt of a denial letter.

After it is determined that the applicant is to be denied the subrecipient checks their eligibility for another heating assistance program (Good Neighbor Energy Fund) and notifies them if they are eligible.

The applicant is offered a hearing with an impartial representative of the subrecipient. The applicant is allowed to bring representation and/or present oral or written evidence. The applicant has the right to review the case file. The subrecipient will communicate its decision regarding the appeal within five business days of the appeal hearing. If the applicant is not satisfied with the outcome of the appeal, the applicant has the right to a second Appeal with the Rhode Island Department of Human Services.

**12.5 When and how are applicants informed of these rights?**

If a household is denied, they receive a denial letter from the subrecipient where they applied. They are told the reason for their denial and provided detailed information about how to appeal along with an appeal form.

Section 13 - Reduction of Home Energy Needs**

**Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16**

**13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?**

Households are offered help addressing their need for energy assistance. Participants must have received a LIHEAP grant. Through casework and coaching, households are guided on ways to reduce their energy usage and improve their financial stability. Assistance is provided to any of the household members. In FFY 2024, all seven Community Action Agencies participated in the program. In FFY 2025, all seven will participate again.

**13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?**

Assurance 16 funds are earmarked in the Community Action Agency contracts so that no more than 5% is allocated. Typically, the amount obligated is in the 2-3% range. The amount is obligated in the subrecipients contracts and the subrecipients submit a monthly A-16 invoice for program expenses.

**13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.**

Participants have appliance and weatherization audits. A caseworker assists them with energy saving and household budget strategies. Resume writing/applying for jobs, career planning, and information about free and affordable training programs are provided to all household members. Caseworkers track participant's progress.

**13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.**

Direct benefits for participating households in FFY 2024, included appliance management and weatherization audits of their homes, as well as one on one coaching about energy savings, household budgeting, and job searching/career planning. All participating households are LIHEAP clients so they receive the LIHEAP primary grant and can be eligible for crisis grants.

**13.5 How many households received these services? 169**

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 16 - Performance Goals and Measures

#### Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

**16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP (Benefit Targeting Index, Burden Reduction Targeting Index, Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service). Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.**

Timeline for data collection and reporting of performance measures:

1. Benefit Targeting and Burden Reduction Targeting

October - December

a) Utility heating data collection for FFY 2024. In October, we generate a spreadsheet that identifies the LIHEAP client number, utility account number, benefit amount, and type of utility the household heats with (natural gas or electricity). This is sent to the largest utility provider in the state which supplies most households in the state with utilities. The utility sends back the total consumption as a dollar amount for each of these households for twelve months of consumption during the specified FFY.

b) Utility non heating data collection - We also generate a spreadsheet that shows the LIHEAP client number and utility account number for all households with non-heating electric accounts. We send this to the utility. The utility sends back the amount of consumption as a dollar amount for each household for twelve months of consumption during the specified twelve-month period.

c) Deliverable fuel heating - We generate a spreadsheet that identifies the LIHEAP client number, deliverable account number (if it exists), benefit amount, and type of deliverable fuel the household heats with (heating oil, kerosene, propane). This is sent to many of our 100+ deliverable fuel vendors with a request to fill in the amount the client has spent on deliverable fuel (not services) with their company over the twelve months specified.

January

a) We compile the data from these spreadsheets returned to determine the energy burden for the households. This is then broken down further into the highest energy burden households.

2. Restoration of Home Energy Service, and Prevention of Loss of Home Energy Service

January

a) Run Reports in LIHEAP software to determine the number of utility crisis grants (restoration of home energy) and deliverable crisis grants (prevention of home energy) during the specified FFY.

b) Work with Weatherization Department to run a report showing the number of repaired and replaced inoperable heating equipment (restoration of home energy) and operable heating equipment (prevention of home energy) during the specified FFY.

We expect to collect more data for deliverable fuel vendors for FFY 2024.

## Section 19: Certification Regarding Drug-Free Workplace Requirements

### Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

#### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

***Controlled substance*** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

***Conviction*** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

***Criminal drug statute*** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

***Employee*** means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

#### **Certification Regarding Drug-Free Workplace Requirements**

##### **Alternate I. (Grant recipients Other Than Individuals)**

The Grant recipient certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1) The dangers of drug abuse in the workplace;

(2) The Grant recipients policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a

central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
