LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 13 - Reduction of Home Energy Needs

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Each intake is conducted or screened by the Social Services Intake Technician. In person intakes are in a space where interaction can be an individual, family, team or with another supportive person. A brief introduction, followed by listening to their story/needs or other information pertinent for warm transfers (referrals). The intake application captures various information for various programs. Description of needs is addressed as "What do you need help with?" to include and open space for the un'ina to write freely. The intake also captures family composition, emergency contact, income resources, dwelling type, housing, priority, tribal affiliation, physical community, utility vendors used and the notice of right to appeal. A warm transfer (referral) form is provided to the un'ina and the original is faxed, emailed or hand delivered to internal departments within Kenaitze Indian Tribe or other external agencies. The form has the department name and phone number for un'ina to follow up. Through this process we can warm transfer to the Kenaitze/Salamatof Housing Program that support energy sufficiency such as the SafeHome Program and the Urgent Home Repair Program. Un'ina are also notified of the Alaska Community Development Corporation that also assists with energy efficiency.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Review internal budgeting and budget reviews regularly with the grants and accounting departments.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.

In FY 2023 Na'ini Social Services sent 192 Warm Transfers (referrals) to the Kenaitze/Salamatof Department for various programs. These programs include but not limited to SafeHome that assists homeowners for issues that affect health and safety such as weatherization, energy efficiency and others.

There were 19 elders who attended financial literacy. The first Financial Literacy Workshop was held in October with Northrim Bank.
