### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 13 - Reduction of Home Energy Needs

#### Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

**13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?**

Service Providers offer energy reduction education through various methods such as brochures and handouts. During the application process, households are encouraged to reduce their home energy, in-house tutorial videos are presented in waiting areas, and/or application drives. Assurance 16 is also utilized for in-kind purchases like blankets, fans and energy kits. Energy kits are distributed to LIHEAP applicants during application intake. The kits include pamphlets/books and various household energy saving items that encourage and enable households to reduce their home energy needs.

**13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?**

Funds will be budgeted in a separate sub-code for tracking purpose to ensure no more than 2% is used.

**13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.**

Measurement of the impact is challenging. However, as families have received energy reducing items as incentives for participation, FAU received positive verbal feedback regarding the energy kits they have received. The energy kits are beneficial and have reduced the energy cost within their household

**13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.**

No direct benefits were provided.

**13.5 How many households received these services?** 2,640
