1.4a. - Provide your definition of categorical eligibility.				
<p>If one member of the household receives one or more of the benefits listed above, they are determined categorically eligible. The household is then only required to provide proof of receipt of the benefit, instead of providing documents showing all income sources. This makes the application much easier for the household, and staff eligibility review is much quicker.</p>				
1.5 Do you automatically enroll households without a direct annual application? <input type="radio"/> Yes <input checked="" type="radio"/> No				
If Yes, explain:				
1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?				
<p>All applicants seeking assistance must complete an application to determine their eligibility. Eligibility is then determined through assessment of the applicant's income sources and income level. NCIDC's policy is that anyone categorically eligible is pre-determined to receive the highest benefit amount. Any applicant within the lowest range of income on our benefit matrix would also receive that amount.</p>

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Prior to the NCIDC considering a household for LIHEAP services, the Tribe is responsible for completing the intake process and providing a completed application packet, that has been vetted by the intake person at the Tribe and signed off as eligible. The NCIDC will assess each applicant individually to assure that the highest benefits go to households with the lowest income and the highest energy costs or needs. This system will take into account the level of household income, household size, energy burden, and provide priority services to the Elderly, disabled and young children. The \$1,300.00 threshold is the maximum that a household can receive, it does not mean that every household will get that amount. If a household can show need and meet the criteria they can receive up to as much as \$1,300.00 as per the scales incorporated into the current benefit matrix.

In order to be considered for energy crisis assistance, a household must have received a shut-off notice from their electrical or natural gas energy supplier, have an empty propane or other gas tank, or have a past due balance greater than the current monthly charges. Also, the household must have exhausted all other regular energy benefits available to them.

4.3 What constitutes a life-threatening crisis?

When someone in the household has a life-threatening illness or condition that requires electricity or other fuel for medical equipment or other medical necessities that is impacted by the lack of power/fuel that could potentially endanger life and safety.

Section 9 - Energy Suppliers**

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

All payments for LIHEAP assistance are paid directly to the energy supplier. The payments are made on behalf of and on the account of the participant household.

Each participant and vendor, at the time of wood or pellet delivery, signs a receipt acknowledging the delivery. Payment to the vendor is not made without the participant verification (the signed receipt). Gas and electric payments are pledged to the corporate payment center and the NCIDC pays them directly. Participants are asked to notify the NCIDC if payment is not credited to their account in the next billing cycle.

9.2 How do you notify the client of the amount of assistance paid?

When a pledge is made in the name of the client to a home energy supplier, the NCIDC notifies the Tribal LIHEAP liaison and the client, by letter, regarding the pledge amount.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Through follow-up contact with the Tribal liaison and the client.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

NCIDC sends terms and conditions with every check which states that upon cashing the check, the energy vendor agrees to the specified terms regarding LIHEAP services to Tribal members, which includes a non-discrimination clause.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 10 - Program, Fiscal Monitoring, and Audit**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The NCIDC uses a cloud-based accounting software named Abila which is specifically designed for not-for-profit accounting and grant management. The agency's accounting policies ensure the revenue and expenditures are entered into Abila in compliance with generally accepted accounting procedures as well as OMB guidance. NCIDC follows accrual accounting in which costs and revenue are booked in the period they are incurred. The agency also uses a multi-level general ledger to track revenue and expenses to specific grants or contracts and also other grant specific requirements such as line-item components. NCIDC LIHEAP program staff initiate formal written payment requests. Once a request is received, the fiscal department develops a check request with all the pertinent information that must be approved by the Chief Executive Officer or the CEO's designee. When approval is given, a check is cut to the appropriate vendor and two authorized check signatories are required to finalize the check payment. Refunds are entered as credits to both the accounting system and the programmatic database. The accounting system generates reports that are the basis of grant analysis, cash drawdowns, annual FFRs and monthly financial reports. The administration and the board of directors receive monthly financial reports for the corporation for review and approval. Program staff and Fiscal staff reconcile their systems as a cross check.

10.1a Provide your definitions of the following:

Obligation

Orders placed for property and services, contracts and subawards made, and similar transactions that require payment by a recipient or subrecipient that will result in expenditures by a recipient or subrecipient.

Expenditures

Charges made to a project or program

Expenditure timeframe

Period of performance, 10/01/2024-09/30/2025. All funds must be obligated by 9/30/25, and all obligations are paid within 30 days.

Administrative costs

Those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of administrative costs. Administrative cost pools must be distributed to benefitted cost objectives on bases that will produce an equitable result in consideration of relative benefits derived.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.2a - if yes, describe your auditor selection process.

The auditors are selected via RFP every 5 years. Selection criteria are expertise and then cost.

10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

Administrative personnel monitor program activities. Eligibility determination is performed by NCIDC personnel and the Tribal LIHEAP liaison. All paperwork used for eligibility determinations are carefully reviewed by NCIDC staff to assure accuracy, completeness and program eligibility. Following this review administrative personnel must review and sign (authorize) the eligibility and benefit documents. Using this methodology there is a three-tiered review of the eligibility and benefits determination process.

<p>LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 11 - Timely and Meaningful Public Participation</p>	

Section 11: Timely and Meaningful Public Participation, 2605(b)(12), 2605(C)(2)

11.1 How did you obtain input from the public in the development of your LIHEAP plan? Select all that apply.
Note: Tribes do not need to hold a public hearing but must ensure participation through other means.

- Tribal Council meeting(s)
- Public Hearing(s)
- Draft Plan posted to website and available for comment
- Hard copy of plan is available for public view and comment
- Comments from applicants are recorded
- Request for comments on draft Plan is advertised
- Stakeholder consultation meeting(s)
- Comments are solicited during outreach activities
- Other - Describe:

The Tribes gather input from their community in regard to the LIHEAP program. The Tribe takes on the responsibility of advertising and getting input from their members. The NCIDC provides the Tribes (48 total) with the materials needed to administer the LIHEAP program, gives final approval on submitted applications and dispenses payments to energy companies for eligible households. The Tribes work closely with their communities to make changes in their programs as needed within the limits described by the benefit matrix. A draft 2025 model plan was sent out to all Tribes in the consortium soliciting input on the revisions, in addition to a survey to collect feedback from Tribal LIHEAP clients from the last year.

Public Hearings, 2605(a)(2) - For States and the Commonwealth of Puerto Rico Only

11.2 List the date and location(s) that you held public hearing(s) on the proposed use and distribution of your LIHEAP funds?

	Date	Event Description
1	08/22/2024	Deadline for Tribal comments, results to be reviewed at Council Meeting
2	08/23/2024	NCIDC LIHEAP Public Hearing was open to the public both online and in-person. It was advertised on social media and all Tribes in the consortium were invited to attend.

11.3. How many parties commented on your plan at the hearing(s)? 5

11.4 Summarize the comments you received at the hearing(s).

NCIDC received several questions and comments regarding the consideration of "General Welfare" as a source of income for eligibility verification. Participants were concerned about this inclusion, and explained that General Welfare through the Tribes is not considered income for federal tax purposes and that it assists community members with covering their basic necessities. This was addressed in the model plan (see below). There were also questions regarding the minimum (\$2,000 per person per year) for Tribal per capita to be considered income. This was discussed in more detail, with examples provided.

NCIDC received questions regarding when and how LIHEAP Coordinators will receive the LIHEAP client survey results. We clarified that the blank survey was sent out already, and the survey summary would be distributed to the Tribal consortium with the final LIHEAP model plan.

Clarification was requested regarding what documents were accepted by NCIDC to verify citizenship and eligibility. Details examples were reviewed.

Clarification was requested regarding online applications not being available. This is not currently offered by our Tribal coalition.

Clarification was requested regarding how benefits are broken up by program component (heating, cooling, and crisis). Examples were provided and it was further explained that there is one total for all components.

A questions came up regarding what educational materials were provided by NCIDC. The outreach and education section of the model plan was reviewed and discussed in detail.

11.5 What changes did you make to your LIHEAP plan as a result of public participation and solicitation of input?

In response to concerns regarding general welfare. NCIDC has created a new policy that we will accept council-approved resolutions from individual Tribes in the coalition stating that they would like general welfare to be excluded from income calculations. This will only apply to that particular Tribe's original allocation, not to any additional spending during our coalition spend down period. This is discussed in the income eligibility section of the model plan.

Require documentation of income for all adult household members

Pay stubs

Social Security award letters

Bank statements

Tax statements

Zero-income statements

Unemployment Insurance letters

Other - Describe:
The majority of employment on reservations is within the Tribal government and its subsidiaries and Tribes are not required to report employment data to the state. Therefore, the state databases are inadequate for new hires on reservation.

In an effort to ensure that all household members' income is accounted for, we require a "verification of unemployment/ no income statement. We began this practice in FY 2011. It is required for all adults living in the household. The form assists in verifying that the household income and number of people living in the home is accurate on the application form. This form requires that all household members, 18 years or older to complete and sign a statement that verifies that they are unemployed or have no income. Additionally, the Tribal LIHEAP coordinator must also sign each form, as verification of household members and employment/income status.

Computer data matches:

Income information matched against state computer system (e.g., SNAP, TANF)

Proof of unemployment benefits verified with state Department of Labor

Social Security income verified with SSA

Utilize state directory of new hires

Other - Describe:
NCIDC does not have access to most computer matching systems. Most matches are done by printout or other hardcopy provided from computer data systems.

<input type="checkbox"/>	Match with state child support system
<input type="checkbox"/>	Verification using private software (e.g., The Work Number)
<input checked="" type="checkbox"/>	In-person certification by staff (for tribal Grant recipients only)
<input checked="" type="checkbox"/>	Match SSN/Tribal ID number with tribal database or enrollment records (for tribal Grant recipients only)
<input checked="" type="checkbox"/>	<p>Other - Describe:</p> <p>The NCIDC's methods for verifying applicant identities for the LIHEAP program is to require that the person submitting the application provide their name, address, phone number, and social security number (SSN). The LIHEAP program coordinators are intimately familiar with the residents of their reservations, Rancherias or aboriginal territories, in large part because the majority of the Tribes in the NCIDC program have small populations. Validation of legitimate applicants is dependent on the Tribe's membership records and the Tribal LIHEAP coordinators knowledge of the community. Additional verification is collected in the process of certifying the client for services. For example, households in which one or more individuals are receiving assistance under TANF, Supplemental Security income, food stamps (SNAP) or Veterans or Survivor pensions are eligible for LIHEAP services. Hard Copy documentation for those programs further verifies the applicant or the applicant's household eligibility. Alone, these documents do provide adequate identification, however in combination with proof of income, a California driver's license or identification card, social security number, utility bills or Tribal membership the identity of the applicant is verified.</p>
