### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 4 - Crisis Assistance

#### Section 4: CRISIS ASSISTANCE

**Eligibility - 2604(c), 2605(c)(1)(A)**

**4.1 Designate the income eligibility threshold used for the crisis component**

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

**4.2 Provide your LIHEAP program's definition for determining a crisis.**

**If you administer multiple crisis assistance programs (winter, summer, and/or year-round), Include all program definitions.**

To determine a crisis in our LIHEAP program, we first assess the household's energy needs. Winters in our region can be extremely harsh and prolonged, leading to high energy consumption, which can be particularly burdensome for low-income households, the majority of those we serve. A crisis is identified when a household cannot pay the minimum required for their energy source and faces the prospect of being without heat.

Long winters often result in elevated energy costs throughout most of the year. Even as temperatures rise above freezing in early spring, it can still be cold enough to impact vulnerable individuals, and if they are unable to pay their energy bills, this situation would also be considered a crisis.

Additionally, our area experiences frequent power outages due to severe weather. While many households can find temporary shelter with family or at the local tribal hotel with backup generators, we would still consider this a crisis due to the below-freezing temperatures, even if it is not immediately life-threatening. These conditions can also cause significant damage to homes, such as burst pipes, broken windows, or electrical failures, which would justify the use of crisis funding.

**4.3 What constitutes a life-threatening crisis?**

A life-threatening crisis for the LIHEAP program is defined as a situation where a household is at risk of losing its heat source or energy, which is essential for medical reasons or to prevent lethal exposure to extreme weather. Examples include individuals who rely on power for medical devices, households with children or the elderly who are particularly vulnerable to illness, and those living in remote areas where access is difficult, making alternative heating sources unavailable during power outages. In such cases, freezing temperatures can pose a life-threatening risk to anyone.

**Crisis Requirement, 2604(c)**

**4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48Hours**

**4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours**

We have established vendor agreements with our main electric utility providers, including Avista, the City of Plummer, Clearwater, and Kootenai Electric, and maintain close working relationships with them. We regularly communicate with these vendors, often on a first-name basis with account representatives, and have implemented a system where all pledges are made via email to ensure accurate tracking, reducing issues with false pledging. Each electric utility is aware that LIHEAP funds can only be applied once per year, and they alert us if any accounts may be receiving assistance from other agencies.

## Section 9 - Energy Suppliers,, 2605(b)(7) - Assurance 7

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES  
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01  
OMB Clearance No.: 0970-013  
Expiration Date: 02/28/2027

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 9 - Energy Suppliers

#### Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

##### 9.1 Do you make payments directly to home energy suppliers?

Heating  Yes  No

Cooling  Yes  No

Crisis  Yes  No

Are there exceptions?  Yes  No

If yes, Describe.

##### 9.2 How do you notify the client of the amount of assistance paid?

We notify clients of the assistance amount either by phone or, if they are unreachable, by mail. Typically, we aim to contact clients within five days of receiving their application, depending on the volume of applications. If a shut-off notice is submitted, we prioritize the case and attempt to call the client back within 24 hours.

##### 9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

We request a copy of the client's bill, which is then attached and sent to our finance department through our workflow accounting system. When the LIHEAP administrator receives the check for the client, they ensure it is correctly applied to the client's account and verify the amount against the records for accuracy.

##### 9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

We work closely with all our vendors to ensure that clients receiving LIHEAP assistance are treated fairly and equally. To date, none of our clients have experienced adverse treatment from vendors due to LIHEAP support. Our relationships with vendors are professional and long-standing, and many interactions occur on a first-name basis between LIHEAP staff, vendors, and clients. We send payment pledges via email to ensure they come directly from our office and the appropriate staff with authorization for the program. Based on our pledge, vendors will maintain or restore power to the applicant's home, preventing further shut-offs or additional fees until the vendor receives the physical check to credit the applicant's account.

##### 9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes  No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

**If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.**

**Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10**

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

OMB Clearance No.: 0970-013  
Expiration Date: 02/28/2027

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)  
MODEL PLAN  
Section 10 - Program, Fiscal Monitoring, and Audit**

**Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)**

**10.1. How do you ensure good fiscal accounting and tracking of funds?**

The LIHEAP Coordinator has primary responsibility for managing program funds, including vendor payments and purchases. The LIHEAP Coordinator submits check requests, purchase orders, and monitors the budget using the Tribe's accounting system (Abila/Workflow), which is utilized across all Coeur d'Alene Tribe departments/entities. The LIHEAP Coordinator creates the budget in accordance with LIHEAP guidelines and submits it to the Finance Department, where it is approved by the Social Services Director, Finance Director/CFO, and the Grants Compliance Officer. Any refunds are sent directly to the LIHEAP staff, and the LIHEAP Coordinator ensures these funds are deposited at the Finance Office and allocated to the correct budget line item and fund. All financial components are tracked using an Excel spreadsheet, which is also used to monitor client information and household eligibility.

**10.1a Provide your definitions of the following:**

**Obligation**

The commitment of funds by the program, once it has been determined that the client is eligible for assistance. These obligations represent the amounts that the LIHEAP commits to pay toward utility providers on behalf of eligible applicant households. An obligation occurs once the assistance amount is determined through the LIHEAP point system, even though the actual disbursement may take place later.

**Expenditures**

The allocation and use of funds for various components of the LIHEAP program. These expenditures include payments for heating assistance, cooling assistance, crisis assistance, and weatherization, as well as administrative and planning costs, and activities aimed at reducing home energy needs. The total of all expenditures must be accounted for and tracked to ensure proper fund allocation. Additionally, there are monitoring and compliance procedures to verify the correct use of funds, ensuring adherence to LIHEAP guidelines.

**Expenditure timeframe**

The designated time period during which LIHEAP funds must be expended. During this timeframe, all allocated funds must be utilized, and the program components, such as heating, cooling, crisis, and weatherization assistance, operate within their respective designated periods to ensure timely disbursement of assistance.

**Administrative costs**

Expenses related to the planning and administration of the program. These costs include activities such as staff salaries, office supplies, and other general administrative services that are essential to the management of LIHEAP. The plan allows up to 10% of the funds to be used for these purposes.

**Audit Process**

**10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?**

Yes  No

**10.2a - if yes, describe your auditor selection process.**

Local agencies' independent audits are reviewed by the grantee as part of the compliance process. The grantee also conducts fiscal and program monitoring to ensure adherence to financial and program requirements.

**10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.**

We advertise LIHEAP annually when funding is awarded, using multiple channels to reach the community. Flyers are displayed throughout the community, in our office lobby, and at the Older American's Senior Meal site, which is open to the public. We also send individual notices to home-bound clients and a mass mailing to applicants from the previous year. A copy of the LIHEAP Model Plan is available at the Social Services front desk. Most clients need to apply in person, and a sign in the Social Services lobby informs them that the LIHEAP Model Plan is available for review. This sign remains posted from the program's opening until the new fiscal year plans are submitted and reviewed. Tribal General Council meetings, which are open to the public, also allow for comments. The Social Services Director has presented information about the LIHEAP program during these meetings, and there were no questions or concerns raised in the past year.

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 13 - Reduction of Home Energy Needs

## Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

**13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?**

We use LIHEAP funds to provide services that help households reduce their home energy needs by working in conjunction with community programs and the Coeur d'Alene Tribal Housing. We also inform eligible clients through advertisements on Tribal social media platforms and other community outreach efforts.

**13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?**

A yearly budget is submitted, designating 5% of LIHEAP funds for these activities. The Coeur d'Alene finance department ensures that this budget is strictly adhered to and that funds are used appropriately.

**13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.**

The impact of our outreach efforts has led to new eligible households applying for services, previously unaware of the program. While the number of households served last year decreased, the information provided has helped lower bills and costs for those who received assistance. However, due to the harsh, long winters, ongoing inflation, and unchanged poverty rates, the number of households needing assistance is expected to increase this year. This increase is also driven by our decision to start mass mailings to households that were assisted last year and may still require help.

**13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.**

In the previous federal fiscal year, no direct benefits were carried over to households. Every year, all applicants, including those who have received LIHEAP assistance in the past, must complete a new application and submit all required documentation to be considered for funding.

**13.5 How many households received these services?** 144

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

## Section 19: Certification Regarding Drug-Free Workplace Requirements

### Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

#### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

**Conviction** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

**Employee** means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

#### **Certification Regarding Drug-Free Workplace Requirements**

##### **Alternate I. (Grant recipients Other Than Individuals)**

The Grant recipient certifies that it will or will continue to provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the Grant recipients workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1) The dangers of drug abuse in the workplace;

(2) The Grant recipients policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a

central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
