Section 9 - Energy Suppliers			
Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7			
9.1 Do you make payments directly to home energy suppliers?			
Heating Yes C No			
Cooling • Yes • No			
Crisis • Yes • No			
Are there exceptions? O Yes No			
If yes, Describe.			
A letter is mailed to the client stating that they are approved for assistance. Then they are mailed another letter once the payment check is mailed to their vendor which states the client's total benefit amount, the amount paid, name of the vendor, the date the check was mailed, and any additional funds remaining from their LIHEAP benefits. 9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment? We contact the customer and company when receiving the required invoice for delivery to make sure payment requirements are accurate. Most vendors willingly put a promissionary "note" on the account that can be referenced by the client or by the company showing that the tribe will be paying a portion of their heating bill.			
9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance? If a vendor is found to have treated a LIHEAP client adversely or unfairly, the tribe would refer the client to a vendor that we know would serve them best.			
9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households? O Yes No			
If so, describe the measures unregulated vendors may take. Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions.
