Also, once the LIHEAP benefits are exhausted, they have a very hard time paying heating costs especially if they are unemployed or have limited monthly income. We realize that we need to try to make it possible to have additional LIHEAP funds available not only for the general need of heating assistance but more for Crisis situations which have increased these past few years. We also heard that we need to be able to assist with weatherization needs and cooling assistance.

11.5 What changes did you make to your LIHEAP plan as a result of public participation and solicitation of input?

We plan to attempt to address/provide these services, but at a minimal amount due to limited funding.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions.
