LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN

Section 10 - Program, Fiscal Monitoring, and Audit

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

FINANCIAL ACCOUNTING PRACTICES

- Will all funds awarded under this program be maintained in a manner that they will be
 accounted for separately and distinctly from other sources of revenue/funding? Provide a
 brief description of the applicant's policies and procedures that ensure funds will be tracked
 appropriately.
- -Funds are accounted for separately. Each grant is given a distinct fund number and only expenditures and revenues for that grant are run to this fund number. Each expenditure is processed on a voucher which requires the fund number for the grant, and which expenditure line items it is for. i.e. office supplies, salary, fringe, travel, IDC, contractual etc.
- -Revenue is also accounted for separately, when a reimbursement is requested a copy of the amount requested and the fund are noted so when funds are received they are credited to the correct grant/fund.
- 2. Does the applicant have written accounting policies and procedures? How often are these policies and procedures updated? Provide a brief list of the topics covered in the applicant's policies and procedures.
- -The Fort Peck Tribes has a Financial Policy and Procedure in place. It was updated in March 30, 2018, and is continuously updated to ensure compliance with the OMB Super Circular.

 The Financial Policy and Procedure's cover the Budget Process, Payroll, Accounts Payable,
 Cash Control, Procurement, Property and Management, Computer Use, Match Req./In-Kind,
 Personnel Office, Travel & Mileage, IDC, and Business Ethic & Conflict of Interest Policy.
- 3. Is the applicant's financial management system able to track actual expenditures and outlays with budgeted amounts for each grant or subgrant? Provide a brief summary of the organization's process for tracking expenditures, including tracking budgeted versus actual amounts.
- As stated in answer to question #1, each expenditure is specifically charged/expended from each fund. When an expenditure needs to be paid the program may/may not need to submit a request for a Purchase Order to pay the expenditure. The Director of the program which implements the grant is responsible to make sure all requisitions are allowable by the grant. Once entered the director approves the requisition and then it is

reviewed by the CFO or Finance Manger to ensure that all policy and procedures were followed (quotes, RFQ/RFP have been done if needed). The final approve is that of the Chairman, Vice-Chair or Tribal Operations Officer. Once all 3 approvals have been made the requisition is turned into a purchase order. The program fills out a voucher and

submits it to Accounts Payable, who check to make sure that the fund has sufficient funds in the grant/contract and object line, a purchase order (if needed) and a copy of the invoice/statement for the charges. The voucher is processed once these items are found to be correct for that specific fund. If there are any questions the voucher is returned to the program to get all needed documentation. Upon working with a vendor the Fort Peck Tribes checks through Sam.gov for any suspension or disbarment of vendors, a business license search or background check may also be done depending on the type of work done by the vendor. (Construction, medical staff, etc)

- 4. Does the applicant have procedures in place for minimizing the time between transfer of funds from the United States Treasury and disbursement for project activities? Provide a short summary of the applicant's policy for requesting payments for grant awards.
- Requests for reimbursement are typically done on a bi-weekly basis, except at the end of the fiscal year then it may be on a monthly basis as reporting requirements and year end close out make it difficult to request for reimbursement on a bi-weekly basis.
- 5. Does the applicant have effective internal controls in place to ensure that federal funds are used solely for authorized purposes? Provide a brief description of the applicant applicant's internal controls that will provide reasonable assurance that the award funds will be managed properly.
- -There are currently 3 Contracts and Grants Specialist that monitor specific grants and 1 Finance Manager who oversees all the Contracts and Grants for the Fort Peck Tribes. Any questionable expenditures are questioned by either the Contracts and Grants Department, Central Finance Department or the CFO while in the requisition or voucher process.
- 6. Does the applicant have a documented records retention policy? If so, briefly describe the policy and confirm that the policy complies with federal regulations. Information on Record Retention and Access can be found at 2 CFR 200.333-337.

Tribal Resolution #28-918-2016-07 adopted the Tribes Records Management Policy (TRMP) which is in compliance with Title 2 CFR §200.333-337 (2014) and Recordkeeping, Title 25 CFR§(2015).

The TRMP establishes (1) an efficient Tribal-wide record management system for maintaining, identifying, retrieving, preserving and destroying records; (2) ensures that records are adequately protected; (3) preserves Tribal history; (4) ensure that records that are no longer needed or of no value are destroyed at the appropriate time, and (5) comply

with applicable local, state, and federal laws and regulations to ensure adherence to grant and contract terms and conditions.

7. Does the applicant organization have policies and procedures in place to manage subawards

and monitor activities of subrecipients as necessary to ensure that subawards are used for authorized purposes, in compliance with laws, regulations, and terms and conditions of the award; and that established subaward performance goals are achieved (2 CFR 200.330-332)? Please provide a brief description of the organization's policies and procedures on subrecipient management and monitoring.

The Fort Peck Tribes have several awards that are passed through to both Tribally-Chartered entities and various independent contractors. The Tribes' grant or project managers work very closely with the individuals that oversee the funding at the sub-recipient level to ensure that funds are expended in accordance with approved grant award budget; federal/state agency regulations; and both the Uniform Guidance and OMB Circular A-87, where applicable. Furthermore, the grant and project managers ensure that the entities have the proper internal controls in place too properly record and report the financial activity of the program. At times, this is verified through the review of accounting records and other source documentation provided by the sub-recipient. Finally, the grant or project managers ensure that the goals and objectives of the work plan are met and properly identified in any progress or programmatic reports to the various agencies. In accordance with the Uniform Guidance, the total amount passed-through to sub-recipients is properly reported on the Schedule of Expenditures of Federal Awards (SEFA) on an annual basis.

8. Does the applicant organization currently have in place a policy in regards to legal review of contracts to ensure compliance of vendors?

Yes, the Fort Peck Tribes have a policy for all contracts. There is a check list for contractors

to ensure that policies are followed and all documentation is attached. The contracts are reviewed and approved by legal, they sign off on the contract and then the Tribal Executive Board approves the contract by resolution and then a requisition is submitted by the program.

The Fort Peck Tribes will provide the fical control and fund account (program, procedures nessary to assure the proper disbursal of an accounting for fiscal federal funds paid to the Tribes under this title, monitoring, and audit) to support the LIHEAP staff eligibitly decisions, the following records will be kept: applications, income vertification documents, signed statments, letters received and sent appleals. To justify payment for household to fuel vendors, the following procedures will be followed. After a household has been determined to be eligible for assistance, the vendor specified on the application will receive the benefits paid in the household name (minus the \$75.00 packet(weatherization if the household reuestis it) The vendor has already agreed to use the households benefits of offset the enegry expense of the household until the benefit are expanded.

1. Cold Weather

This activity is where the LIHEAP staff has communicated orally and/or in writing about how to meet the emergency home energy needs of specific, individuals households. For the duration of the LIHEAP program, this communication takes place before assistance is provided to each household. Developed from this communication was a leveraging activity, which we have the termed the "Cold Weather" program. The Fort Peck Tribes provided non-federal Tribal funds that would be used for emergency assistance to program participants. The Fort Peck Tribes provides an individual to administer this assistance to eligible clients.

There was intergration between the LIHEAP program and the cold weather program that worked in this way. The individual was referred by the LIHEAP staff to the cold weather program. An application for assistance was submitted to "Cold Weather" and the household had to meet the requirements of the Cold Weather program and verified by the administrator.

2. Tribal Funds Energy Payment

Another leveraging activity, is when it is determined that the funds available through LIHEAP are insufficient to meet the needs of the Tribal Elders, this leveraging activity will take place. The Community Services Program Director will make a request for emergency funds to the Fort Peck Tribes (resource). The Fort Peck Tribes will provide non-federal Tribal funds to be used for emergency assistance, if they have Tribal funds available

This resource is not available to the household when assistance is available from the LIHEAP heathing component. To receive these emergency leveraged benefits, the application completes an application at the LIHEAP office and will receive an amount of assistance which is dependent upon the availabitlity fo funds. The assistance will be either an order of propane or payment to the energy vendor to prevent a shut off of natural gas or electricity.

This leveraging activity is a financial contribution that may become avaiable.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. For Grant recipients other than individuals, Alternate I applies.
- 4. For Grant recipients who are individuals, Alternate II applies.
- 5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
- 8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).
