9.1 Do you make payments directly to home energy suppliers?
Heating • Yes O No
Cooling
Crisis • Yes O No
Are there exceptions? C Yes O No
If yes, Describe. A memo that has valid signature, will be emailed for verification that the applicant has been approved and that states the amount they wer approved for. The vendor will send a copy of the receipt via email for propane, and if requested a bill statement for their electric bill. Payment process for both is handled by the Jemez Finance Department, checks are hand delivered
9.2 How do you notify the client of the amount of assistance paid? The applicants are told via telephone or in person
9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment? The utility vendor for electricity is single source. They conduct their billing practices the same for everyone. A contract is made for the vendor with the most customers.
9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance? This is handled in the beginning of the LIHEAP season. A service agreement is signed by the vendor and the Jemez LIHEAP office
9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households? • Yes No
If so, describe the measures unregulated vendors may take.
We have a clause in the vendor agreement which states that the vendor may apply 30% of the approved amount to arrears with the remaining 70% applied toward a new bulk delivery. This assists households by reducing the financial burden while receiving the services they qualified for.
Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.
