Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The LIHEAP program provides an authorization memo to vendors which include name, account number and approved LIHEAP benefit amount to assure energy supplier does not exceed the specified amount in crediting account. Should there be a difference in the actual cost, the LIHEAP household is responsible to pay the amount exceeded or the LIHEAP benefit must be expended by March 15, should there be a credit.

Vendor agreements include language that indicates that any utility credit (from LIHEAP benefit) not used after March 15 will be sent back to the Zuni LIHEAP program. MODEL PLAN
Section 10 - Program, Fiscal Monitoring, and Audit**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The Pueblo of Zuni (POZ) Finance department follows the generally accepted accounting and finance practices and principles, OMB Super Circular and the POZ Finance Department Accounting and Financial policies and procedures manual are adhered by ZECDC. This policy requires adequate documentation for all transactions including payments to vendors on behalf of clients.

The POZ finance department keeps efficient tracking of LIHEAP expenditure transactions and records via their software system called MIP that assigns and manages separate account numbers for each budget line item expenditure. The MIP software tracks all administrative and direct expenses. Reconciliation of LIHEAP cuff account against the finance detailed general ledger is completed on a monthly basis by LIHEAP/ ZECDC Administrative Services Manager.

Internal processes include the following: Accounts payable (AP) are made payable to vendors via Microix electronic processing which require a 3 approval levels (Director, Accountant and Finance Director) - AP attachment includes a list of approved LIHEAP Household Applicant with approved LIHEAP benefit amount. Finance department Accounts Payable processes payments and mails payments directly to the vendors.

The POZ finance dept initiates a tracking system and appropriate budgetary and accounting controls to identify grant or contract transactions which includes establishment of account numbers for revenue and expenditures and monthly reconciliation of accounts. Projected expenditures for services are included in the internal budget approval process to ensure funds are obligated/liquidated (expended) accordingly based on contractual program period.

The POZ tracks obligations through the use of contracts, purchase orders and/or approval notice/agreements (of LIHEAP benefits) obligations to vendors.

Tracking of vendor refunds - If vendor refunds are received, the funds are reobligated based on language in approved LIHEAP plan, for example winter crisis refund is reobligated to year round crisis.

10.1a Provide your definitions of the following:

Obligation

Obligation of funds is when LIHEAP household or any related LIHEAP funds are encumbered which is a legal commitment to pay an expense in the future via contract, approval letter, memo vendor approval list, purchase order, invoice and so forth.

Expenditures

Means the actual payment of the funds that were encumbered via obligation by the program.

Expenditure timeframe

The Pueblo of Zuni follows the POZ Finance department accounts payable schedule, in most cases AP is processed and fully approved by Friday, expenditures are paid out and checks are mailed to the vendor within a one week timeframe.

Administrative costs

Means expenses incurred by grant recipient in support of day-to-day operations of the program. For example costs for personnel (salaries, benefits, fringe for administrative staff), supplies such as office supplies, equipment, insurance, rent/office space costs, travel/training related costs and utilities for office space.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.2a - if yes, describe your auditor selection process.

The finance department follows the Purchasing and Procurement policies for Request for Bid (RFB) for auditor selection. Bids received are reviewed and ranked by selected members and notice of bid offer is given to the highest rank vendor. Then a contract is solidified for auditing services.

10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition

cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the Grant recipient have in the prior federal Fiscal Year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? N/A

12.3 Describe any policy and/or procedural changes made in the last federal Fiscal Year as a result of fair hearings?

N/A

12.4 Describe your fair hearing procedures for households whose applications are denied and/or not acted upon in a timely manner.

The Pueblo of Zuni provides opportunity for a fair hearing/appeal to applicants that have been denied. Prior to any fair hearing, the LIHEAP Coordinator will handle complaints, questions received from applicant informally to discuss issues regarding LIHEAP denial. Applicants are allowed to review their LIHEAP file and records. The informal process will alleviate a need for an appeal. If the applicant requests for a fair hearing in writing, it must be submitted within 10 working days of receipt of denial letter. The fair hearing will be honored and scheduled within 30 days of receipt of written request. The applicant will have the right to review their file. The hearing will be conducted by another ZECDC staff member that was not involved in the eligibility determination. The outcome of the hearing will be documented and a notice will be mailed to the applicant via US postal mail. After the fair hearing, the final decision cannot be changed.

Fair hearing for Crisis applications: Crisis applications must be acted on and determined for eligibility via Fast Track within a specified time frame (48 or 18 hours if life threatening). If a crisis application is denied, the applicant will be provided the opportunity to appeal the decision immediately. The LIHEAP Coordinator will review appeal, investigate and make a decision within 48 hours or sooner. 12.5 When

12.5 When and how are applicants informed of these rights?

Applicants are informed of their rights and responsibilities on their application upon in-person pick up and an informational sheet is provided for their records. The fair hearing procedures are outlined on all outgoing LIHEAP applicant correspondence.

Section 13 - Reduction of Home Energy Needs**

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Applicants are given access to resources during one-on-one in-person interviews, including informal financial literacy coaching and brochures with advice on cutting energy expenses. A few more things to do are provide self-weatherization kits and participate in financial literacy workshops. In order to create energy-efficient homes, energy companies also offer resources on conservation techniques.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

With limited funding, other resources are used to provide educational information on energy conservation.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.

The number of LIHEAP households that realized how important it is to build energy-efficient homes in order to lower household energy use increased. (for example, disconnecting wires, caulking windows and crevices, purchasing and installing energy-efficient light bulbs). Information on budgeting and several energy-saving strategies that would eventually lower utility costs was given during informal financial literacy and counseling sessions conducted during the interviews. The cost of energy was outrageously high due to major anomalies in our local electricity department's billing system, despite the fact that many people comprehend it.

13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.

N/A

13.5 How many households received these services? N/A

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.
5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grant recipients Other Than Individuals)

The Grant recipient certifies that it will or will continue to provide a drug-free workplace by:

(1) The dangers of drug abuse in the workplace;

(2) The Grant recipients policy of maintaining a drug-free workplace;
