LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN Section 10 - Program, Fiscal Monitoring, and Audit

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The Osage Nation Department of Treasury implements the Accounting Policy & Procedures applicable to all programs. The Osage Nation utilizes two separate accounting software's: Microix and Abilia. All transactions begin with program staff, review and approved by the Program Director, then reviewed by the program accountant or purchasing clerk, while monitored by the Controller or Procurement Officer. Revenue and expenditure statements are provided to the program monthly.

10.1a Provide your definitions of the following:

Obligation

- **Obligation**
For the Osage Nation, a federal funding obligation is recognized in accordance with Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards Board (GASB) standards, specifically within the framework of Accrual-Basis Fund Accounting, as well as the applicable provisions of 2 CFR Part 200. An obligation is recorded at the point of formal commitment to a financial responsibility supported by federal funds. This recognition typically occurs when:
 - A binding agreement is executed, thereby obligating resources within the appropriate fund to a specific vendor, service provider, or subrecipient, in line with federal compliance requirements.
 - A purchase order or similar financial document is issued, representing a legally binding commitment under the accrual accounting method, and is allocated to the relevant fund.
 - A formal action is taken to allocate funds within the fund accounting structure, whether for direct payments, project expenditures, or other financial obligations, ensuring compliance with federal regulations and proper fund management.

These obligations are systematically recorded within the relevant fund, ensuring that financial commitments are accurately reflected in the Nation's financial statements, in alignment with both federal guidelines and authoritative accounting standards. This approach allows the Osage Nation to maintain transparency and accountability while accurately reporting its financial position.

Expenditures

- **Expenditures**
Expenditures are recognized by the Osage Nation at the point of financial disbursement, in accordance with the principles of fund-based accounting, as well as the applicable Code of Federal Regulations (CFR) and LIHEAP regulations. This includes:
 - Payments to vendors, service providers, or subrecipients for goods or services rendered under contractual agreements, in compliance with 2 CFR Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards).
 - Direct payments or reimbursements issued to eligible recipients for assistance, ensuring adherence to LIHEAP regulations and guidelines.
 - Salaries and wages disbursed to staff members directly involved in program administration, aligned with the allowable cost principles under 2 CFR Part 200 Subpart E.

These expenditures are systematically recorded in the appropriate fund within the Nation's financial system at the time of transaction, ensuring that our financial records accurately reflect the allocation and utilization of federal funds in compliance with all relevant federal regulations.

Expenditure timeframe

- **Expenditure Timeframe**
The **expenditure timeframe** for the Osage Nation LIHEAP program aligns with the period of availability of federal LIHEAP funds. Funds must be obligated and expended within the timeframe specified in the federal award, typically by the end of the federal fiscal year or as otherwise directed by federal guidelines.

Any unexpended funds at the end of the specified period are subject to return to the federal government unless specific carryover provisions apply. We closely monitor our spending throughout the fiscal year to ensure compliance with these timeframes and to maximize the effectiveness of our LIHEAP program.

Administrative costs

- **Administrative Cost**

Administrative costs are defined as those expenses incurred in the general administration and management of the LIHEAP program. This includes:

- Salaries, wages, and fringe benefits of staff involved in program administration.
- Office supplies, equipment, and facilities costs necessary for the operation of the program.
- Costs associated with training, compliance, and oversight related to LIHEAP program management.

We ensure that administrative costs remain within the limits prescribed by federal regulations and that they are necessary and reasonable for the efficient operation of the LIHEAP program.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.2a - if yes, describe your auditor selection process.

- The Osage Nation's auditor selection process is overseen by the Congressional Audit Selection Committee (CASC), which includes the Osage Nation Treasurer as a key member, as mandated by Osage Nation Code. The process begins with the issuance of a Request for Proposals (RFP) to qualified auditing firms, followed by a thorough evaluation of submitted proposals based on criteria such as experience with tribal governments, audit approach, cost, and reputation. The CASC, with the Treasurer's involvement, may conduct interviews with shortlisted firms before making a final selection. The recommended firm is then submitted to the Osage Nation Congress for approval, ensuring that the chosen auditor is both qualified and aligned with the Nation's financial oversight needs. The Osage Nation Treasurer plays a crucial role in providing necessary financial information and ensuring compliance with applicable laws throughout the process.

10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
