**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 9 - Energy Suppliers**

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

The Shawnee Tribe does not make LIHEAP payments directly to program applicants. Payments are made to vendors only upon validation of a current home energy account with an established vendor that shows a balance due (or a shut-off notice in the case of crisis assistance). Payments are made in amounts up to the maximum amount allowed for that household per the benefit matrix, but not to exceed the total balance due to the home energy supplier.

9.2 How do you notify the client of the amount of assistance paid?

Program staff notify the applicant of their eligibility in person, by email or phone call, including the amount of assistance for which the applicant is eligible, documenting the details of each conversation in the applicant's file. Notifications are sent within 5 business days after staff receive a complete application. Staff then mail a copy of the check and letter that was mailed to the energy supplier within 10 business days of the check being cut so that the applicant will have a copy for their own records. Staff also maintains a copy of the mail in the applicant's file at the program office.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

A written notice will be mailed out to all participating energy suppliers notifying them of the services we will be providing and how they are to be applied, and that they must charge each LIHEAP eligible household, in the normal billing process, the difference between the actual cost of the home energy cost and the amount of the LIHEAP program payment. Acceptance of payment through the LIHEAP program constitutes acceptance of these terms, per the notice to energy supplies. Most home energy suppliers are familiar with this process and with the LIHEAP program, and these agreements are well-established between the home energy suppliers, the State, the Shawnee Tribe, and other tribes' programs. Applicants are informed to notify the Tribe in the event that the energy supplier has not performed what was required in the agreement. Eligible households are aware of the amount that the Tribe has paid on their behalf. Staff requests a copy of the bill and keeps in the file in the office.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The letter to notify suppliers of LIHEAP agreements will also notify them that no household receiving LIHEAP assistance may be treated adversely because of their receipt of LIHEAP assistance. Applicants are to notify the Tribe if they are treated adversely so that the Tribe can handle the situation appropriately on a case by case basis.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01
OMB Clearance No.: 0970-013
Expiration Date: 02/28/2027

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
Section 10 - Program, Fiscal Monitoring, and Audit**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The Shawnee Tribe LIHEAP Program operates under the supervision of the Enrollment & Social Services Director, overseen by the Chief Operating Officer. The Chief Operating Officer reports to the Chief of Staff, who reports to the Chief and the Business Council. Each application is reviewed for eligibility with cross-checks between the program staff, the program director, and the Chief Operating Officer. Each payment to a home energy supplier is initiated by a requisition, which must include all pertinent details and be signed by the Program Director. Once submitted for processing, the requisition is reviewed by an internal finance department staff member and then by Finley & Cook, the Tribe's outsourced accounting and CFO service. Only once the requisition is reviewed for completeness and eligibility is the check cut and mailed. In addition, the Tribe's Compliance Department conducts internal self-monitorings at least annually to ensure files are complete, eligibility criteria are met, and all financial and program policies and procedures are followed.

The Chief Operating Officer, Finance Department, and the Compliance Department have access to all program general ledgers and budget-to-actual reports for each fund in the accounting system. Program Directors have access to this information for the funds assigned to their department. Each award, contract, or other funding source is assigned a unique fund code to ensure all awards, grant types, and award fiscal years are tracked individually. Program components are assigned unique line item expense codes, such as heating vs cooling vs crisis assistance. Each requisition must have a complete code before it is complete and eligible to be processed. The order is fund code-line item expense code-department code (if applicable). For example, a crisis assistance requisition for award 23RPOKLIEA would be fund code 0608-(crisis assistance line item) 590512-(department code) 000. Program staff are able to see obligated and posted expenditures in almost real time in the online finance reporting system. In addition, staff are required to keep a cuff accounting spreadsheet and reconcile this with the accounting system on a regular basis (monthly for some programs, at least quarterly for LIHEAP given the small size of the program). All transactions, including vendor refunds, require a complete signed requisition in order to initiate the transaction. Vendor files are maintained by accounting, including W-9s, debarment searches, etc. Any such refunds are posted to the accounting system available to COO, Compliance, Finance, and Program staff in the online financial reporting system.

The Compliance Department works with the COO and program staff over the life of each award, but regular meetings occur during the last 90 days of each award to ensure all funds are appropriately expended prior to closeout. The Compliance Department also conducts regular self-monitorings on federal award programs to ensure compliance with award documents, federal regulations and internal policies and procedures.

10.1a Provide your definitions of the following:

Obligation

Funds are obligated at the point when an application has been received in full and complete status, staff have reviewed and approved the application, and the program director or other designated staff member has signed the requisition. The date of signature on the requisition is regarded as the date of obligation.

Expenditures

Expenditure is a charge made to a project or program. Expenditures are a decrease in financial resources. Examples of expenditures: wages, utilities, office supplies, etc.

Expenditure timeframe

Expenditures must be obligated within the award project period, as defined in the notice of award. Assistance can only be provided for current energy bills falling within the project period. Requisitions are processed upon submission to the Tribe's accounting department, with payments typically made within one to two weeks to ensure prompt liquidation of these obligations.

Administrative costs

The Shawnee Tribe does not collect administrative costs from LIHEAP funds. The award is very small and so all funds are utilized for direct services. In general administrative costs are collected through the Tribe's negotiated Indirect Cost rate, which is a percentage against modified direct costs. Direct services to citizens are considered pass-through.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.2a - if yes, describe your auditor selection process.

Auditors are selected through a Request for Proposal process. Contracts may be procured for a one to three year engagement. The process is fully compliant with 2 CFR Part 200 and the Tribe's procurement policy.

10.3. Describe any audit findings of the grant recipient (i.e. State/Tribe/Territory) rising to the level of material weakness or reportable condition cited in the single audits, inspector general reviews, or other government agency reviews from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken

11.1 How did you obtain input from the public in the development of your LIHEAP plan? Select all that apply.
Note: Tribes do not need to hold a public hearing but must ensure participation through other means.

Public comment submission options have been offered through the Tribe's website and social media channels for at least two weeks in late summer. Open comment notification was also posted publicly on Tribe's social media on August 15, 2024. Tribal Council meetings are held monthly with a 20-minute Public Comment period offered at each meeting.

Public Hearings, 2605(a)(2) - For States and the Commonwealth of Puerto Rico Only

11.3. How many parties commented on your plan at the hearing(s)?

11.4 Summarize the comments you received at the hearing(s).

11.5 What changes did you make to your LIHEAP plan as a result of public participation and solicitation of input?

The Shawnee Tribe LIHEAP program received two comments from citizens. One lives outside the service area, but wanted services that cannot be provided under the current MOU. The second commented: "It would be very helpful if citizens did not have to wait until they were in an emergency disconnect situation before they could apply for needed financial assistance. Also, the citizens incur more costs if they have disconnect or reconnect fees." As a result, the Tribe has modified its Model Plan to allow for payment on current and late utility bill without disconnect notices for Heating Assistance and Cooling Assistance. By definition, Crisis Assistance can only be offered for life-threatening emergencies and are triggered by a disconnect notice or disconnection of energy services.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
