Section 10 - Program, Fiscal Monitoring, and Audit**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of funds?

The Paiute Indian Tribe of Utah has developed an electronic application and file database to assist with eligibility verification and tracking of approvals and payments by funding line items to ensure separation. The Tribe retains the official case file for a period of at least three years or longer if the record is under audit or otherwise required by the funding agency or law. The file will contain at least the application, supporting documentation, certification, and payment authorization forms and/or other required documentation.

The Tribe's Finance Office will be responsible for fiscal recordkeeping, financial status reporting, payments, etc. The Tribe utilizes accounting software that includes the ability to track funding awards by CFDA and award number to ensure that funds are expended within the allowable contractual period and by federal fiscal year. Additionally, this software tracks obligations/expenditures by line item to ensure proper separation by funding line item (i.e. heating, crisis, cooling). The accounting software also allows for proper tracking of vendor payments and refunds.

Reports are prepared and submitted by LIHEAP Program staff and/or the finance department per the funding award requirements.

The LIHEAP Program is continuously monitored by the LIHEAP Coordinator, who reviews and approves applications and payments using the Tribe's electronic application database and accounting system. Additionally, each file is audited by the LIHEAP Coordinator monthly for compliance. Additionally, the program (including funding awards, expenditures, vendor payments, and vendor refunds) and files are reviewed/audited at least twice yearly with the Health Director and CFO.
