Section 13 - Reduction of Home Energy Needs**

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Households with high energy burdens can be helped through an energy assessment conducted by the local Uintah Basin Association of Government program (UBAOG) which coordinates with the Ute Tribe LIHEAP. UBAOG is able to conduct energy audits and with coordination from the Tribe make modifications and repairs to Tribal homes utilizing the Tribe's Housing program when needed. Special energy efficient electric heaters will to be purchased through the LIHEAP program for selected homes having high energy needs (using propane or having especially large areas to heat) in order to shift some of the cost of heating to lower heating source. The heaters are purchased with unexpended funds remaining at the end of the grant year that are reassigned and obligated for this purpose (if there any unexpended funds in any given year). This program is strictly a contingency if funds are available and a plan amendment will be prepared and submitted if the situation presents itself.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

The program is sent a General ledger of all accounts with balances every Monday via email so the program can monitor funds being spent. The program stays in close contact with the Grants Monitor Department to make sure the funds are being monitored incase of an oversight or outstanding issues that may arise.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year.

This component was not used in the past couple years due to the pandemic.

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

3. For Grant recipients other than individuals, Alternate I applies.
4. For Grant recipients who are individuals, Alternate II applies.

Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

(D) ensure that the provision of vendor payments remains at the option of the State in consultation with local Grant recipients and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

(A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and

(B) the State will treat owners and renters equitably under the program assisted under this title;

(11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

(12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);

(13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and

(16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and
