Section 10 - Program, Fiscal Monitoring, and Audit

#### Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

#### 10.1. How do you ensure good fiscal accounting and tracking of funds?

All energy assistance payments are made through Samish Indian Nation Finance Department. A Purchase Order (PO) with a copy of the pledge letter is submitted to the finance department for payment.

The Essential Services Support Specialist creates the PO. The PO is approved the Essential Services Senior Director, Compliance Officer, Chief Operations Officer and final approval by Samish Indian Nations Chief Financial Officer.

After the final approval, a check is sent to the Vendor for payment.

Tracking of LIHEAP funds are managed through Samish Indian Nations MICROIX System, which is an accounting software which lists the LIHEAP budget and expenditures. This allows the Senior Director to review expenses against the budget at any given time.

#### 10.1a Provide your definitions of the following:

#### Obligation

An obligation is a duty or commitment that an individual, organization, or entity is required to fulfill. It often arises from a legal contract, moral duty, or social responsibility. Obligations can be formal, such as those outlined in contracts or laws, or informal, based on personal ethics or societal norms. For example, paying back a loan is a financial obligation, while helping a friend in need might be considered a moral obligation.

#### Expenditures

Expenditures refer to the total amount of money spent by an individual, organization, or government. These are the costs incurred to acquire goods, services, or assets. Expenditures can be categorized in various ways:

- 1. Operating Expenditures: Costs related to the day-to-day functioning of an organization, such as salaries, utilities, and office supplies.
- Capital Expenditures: Investments in long-term assets like buildings, equipment, or infrastructure, which are expected to provide benefits over an extended period.
- 3. Discretionary Expenditures: Non-essential spending, such as entertainment, travel, or luxury items.
- 4. Mandatory Expenditures: Spending that is required by law or contract, like taxes, loan payments, or legally obligated benefits.

In summary, expenditures represent the outflow of funds used to cover various costs and investments.

#### Expenditure timeframe

An **expenditure time frame** refers to the specific period during which expenditures are planned, made, or accounted for. This time frame can vary depending on the context:

- 1. **Fiscal Year**: A common time frame for government and organizational budgets, often spanning 12 months, but not necessarily aligning with the calendar year. For example, a fiscal year might run from April 1 to March 31.
- 2. Quarterly: A three-month period within a fiscal year, often used in financial reporting and budgeting. For instance, Q1 might cover January through March.
- 3. **Monthly**: A one-month period during which expenditures are tracked or planned, commonly used in household budgets or short-term project management.
- 4. Project-Based: The duration of a specific project, where expenditures are tracked from the project's start to its completion.
- 5. Annual: A full calendar year, typically used for personal budgets or tax reporting.

The expenditure time frame is crucial for budgeting, financial planning, and reporting, as it defines when costs are expected to be incurred and allows for better financial management and accountability.

#### Administrative costs

Administrative costs are expenses that an organization incurs in order to manage and support its general operations, rather than being directly tied to the production of goods or the provision of services. These costs are necessary for the day-to-day functioning of the organization and are typically indirect, meaning they support the overall operation rather than specific projects or activities.

Examples of administrative costs include:

- 1. Salaries and Wages: For staff involved in general administration, such as HR, finance, and management.
- 2. **Office Supplies**: Expenses for items like paper, pens, and other general office materials.
- 3. Utilities: Costs for electricity, water, heating, and other utilities that support the administrative offices.
- 4. Rent and Facility Maintenance: Expenses related to the space where administrative functions are carried out.
- 5. Professional Fees: Payments for services such as accounting, legal advice, and consulting that support administrative functions.
- 6. IT and Communication: Costs for software, hardware, internet services, and phone lines used in administrative tasks.

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

- 3. For Grant recipients other than individuals, Alternate I applies.
- 4. For Grant recipients who are individuals, Alternate II applies.

Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
