### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

#### Section 2 - Heating Assistance

Eligibility, 2605(b)(2) - Assurance 2

**2.1 Designate the income eligibility threshold used for the heating component:**

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

**2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE?**  Yes  No

**2.3 Check the appropriate boxes below and describe the policies for each.**

**Do you require an Assets test ?**  Yes  No

**Do you have additional/differing eligibility policies for:**

- Renters?**  Yes  No
- Renters Living in subsidized housing ?**  Yes  No
- Renters with utilities included in the rent ?**  Yes  No

**Do you give priority in eligibility to:**

- Elderly?**  Yes  No
- Disabled?**  Yes  No
- Young children?**  Yes  No
- Households with high energy burdens ?**  Yes  No
- Other?**  Yes  No

**Explanations of policies for each "yes" checked above:**

Renters who live in subsidized housing where their heat is included in their rent do not qualify for a heating assistance benefit because they have no costs. Renters who live in subsidized housing, pay a heating vendor for their heat and receive a utility allowance will receive 50% of their benefit because they are already receiving a utility allowance and therefore are not paying 100% of their costs. Renters who live in subsidized housing, pay for their own heat, and do not receive a utility allowance receive a regular heating assistance benefit.

Priority is give to elders and disabled in two ways. First, they are sent applications in late August/early September and can apply in September (before anyone else). After the start of the season their applications are identified by a green dot on the folder and these cases are worked first when we get to the date they applied (so if we have 100 cases on a give day, the green dots are worked first). Families with young children are pre-mailed applications in September, before the start of the season.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

**2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.**

Priority is given to elders and disabled in two ways. See the explanation above for these populations. We also pre-mail applications to previous participants who had a young child under the age of 6 in their household. Each of these groups qualify for an extra point in the benefit calculations. However, they are only entitled to one point, not one for each category.

**2.5 Check the variables you use to determine your benefit levels. (Check all that apply):**

- Income**
- Family (household) size**
- Home energy cost or need:**

<input checked="" type="checkbox"/> Fuel type
<input checked="" type="checkbox"/> Climate/region
<input type="checkbox"/> Individual bill
<input checked="" type="checkbox"/> Dwelling type
<input type="checkbox"/> Energy burden (% of income spent on home energy)
<input type="checkbox"/> Energy need
<input type="checkbox"/> Other - Describe:

Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

**2.6 Describe estimated benefit levels for FY 2018:**

<b>Minimum Benefit</b>	\$180	<b>Maximum Benefit</b>	\$3,150
------------------------	-------	------------------------	---------

**2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits?**  Yes  No

If yes, describe.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

#### Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

**12.1 How many fair hearings did the grantee have in the prior Federal fiscal year?** 3

**12.2 How many of those fair hearings resulted in the initial decision being reversed?** 2

**12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?**

The Program is moving forward with a regulation change regarding points associated with the dwelling factors in the eligibility formula. The proposed change went out for public comments on 8/31/17. All applications impacted by the change will be held until the regulation change is final.

1. The program revisited how we treat applicants living in subsidized housing who also receive a utility allowance. In FY 2018 we will no longer look at the amount of the client's heating bill versus their utility allowance and try to determine what their out-of-pocket costs are. We will simply award a 50% benefit to anyone living in subsidized housing, paying for their heat, and receiving a utility allowance for any amount. This change is also included in the regulation change mentioned in #1.

**12.4 Describe your fair hearing procedures for households whose applications are denied.**

Information about requesting a review or fair hearing is included in the clients' notice of action. If a client decides to pursue a fair hearing they must notify the Heating Assistance Program in writing within 30 days of their Notice of Action. Once the request is received, the supervisor reviews the case for accuracy and then a pre-hearing conference follows. If the matter is not resolved at the pre-hearing conference, a copy of the client's entire file and all case notes are forwarded to the Hearing Officer in Anchorage for them to proceed with the fair hearing.

**12.5 When and how are applicants informed of these rights?**

Applicants are informed in the application booklet under the "Rights and Responsibilities Section." It is also printed on each client's notice of action they receive in the mail informing them of the decision on their application.

**12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.**

If an application hasn't been worked yet and it is over 45 days old, we will pull the application and work it immediately. If the client complains after the application has been processed and a benefit has been paid, then we would follow the same procedure as in Section 12.4.

**12.7 When and how are applicants informed of these rights?**

Applicants are informed that it may take up to 45 days to process their application on the front page of our application booklet. Their right to a fair hearing is on page 2 of the application booklet under "Rights and Responsibilities."

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) **MODEL PLAN** **SF - 424 - MANDATORY**

#### Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

**16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.**

Information about disconnects avoided and reconnections is collected at the time of application and by phone calls from clients throughout the season. We collect usage data from our vendors via an Excel spreadsheet that is manually generated and mailed to our vendors every July (a few of our vendors have moved to an electronic transfer but the majority are still using paper). The information is manually entered into the heating assistance system when we receive it back from the vendors. We plan on collecting from all vendors except coal and wood.

**If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.**
