Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating	<input checked="" type="radio"/> Yes	<input type="radio"/> No
Cooling	<input checked="" type="radio"/> Yes	<input type="radio"/> No
Crisis	<input checked="" type="radio"/> Yes	<input type="radio"/> No
Are there exceptions?	<input type="radio"/> Yes	<input checked="" type="radio"/> No

If yes, Describe.

9.2 How do you notify the client of the amount of assistance paid?

The original bills are presented to the tribal representative and the original information is kept on file at our Administrative Office after the criteria has been met. The tribal person is told in person, by phone or mail once payment determination is made. The payment is mailed within 48 hours or hand delivered when required. If the bill presented is a cut off notice, the individual is contacted as soon as possible. We immediately call and then fax and/or email confirmation to the utility of payment and mail the payment as soon as the funding is available.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The majority of the bills are paid to city or county utilities. In cases where the applicant is on a cutoff notice, the vendor is contacted by phone and an agreement is made to prevent the cutoff. If the applicant has been cutoff an agreement is arranged to have the applicant's utilities reconnected. These arrangements may include an email pledge to be sent to the utility company or resolved by declaration over the phone.

When filling a propane tank we handle each according to that vendor/customer policy. If tank is filled and billed then applicant may submit bill for payment. If a payment must be received prior to the tank being filled we request a quote be obtained by applicant and upon delivery applicant is to receive a receipt for payment and return the receipt to our office. Wood deliveries are handled in the same manner.

We have established a working relationship with the local utilities and/or vendors through phone and email. Any new vendors introduced by a citizen are contacted and an agreement is reached by phone or email.

We notify our citizens/applicants at the time the application is received if they have been approved for assistance and the amount being paid. If they receive notification in their next billing cycle that the amount paid was not applied to their account we contact the vendor to determine what is needed to correct this.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

All applications are handled with confidentiality and are citizens of United Cherokee AniYunWiYa Nation. We communicate with the citizens and their vendors by telephone or emails to assure there is no conflict or adverse treatment. We have established working relationships and communication with the local vendors by phone and email. Any new vendors are contacted by phone and we work out any agreements necessary by phone or email as needed. The applicants are notified of the amount of assistance being paid to vendor so if there are any discrepancies we can contact the vendor and determine what is necessary to correct this.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

We have a Tribal LIHEAP Treasurer Chairperson to ensure accurate records are kept. We have a separate bank account that is exclusively for the LIHEAP Program, money in-money out corresponding with the bills presented. A separate database is set up on the computer with entries to be made with each application including the applicants name, applicable income, household size, funds used towards (Heating, Cooling, Crisis, Weatherization) listed, date payment made and amount paid. In addition to the database we use Quickbooks to keep track of all payments made with the following information: vendor name, name of applicant, date paid, amount paid and used towards: Heating, Cooling, Crisis, Weatherization.

Each month the bank statements are reconciled with the bank account verifying that all funds paid out are documented and accounted for. An evaluation is also done on the database to ensure they both agree. Any refunds received will be documented in both the database and Quickbooks. We use both procedures to ensure the funds are used properly, during the time allowed. A report can be printed out at any time from either or both that allows us to determine the funding used for each component: Heating, Cooling, Crisis and Weatherization.

The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
