4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

Crisis means that the client is at risk or threatened by an inability to meet the basic necessities of life such as food, shelter, utilities and clothing due to circumstances beyond their control, possibly caused by natural disaster, fire or financial hardship. For regular non-life threatening situations for the utility program, crisis is determined when a client has a delinquent bill or a late payment notice bill or in cases where a bill constitutes a high percentage of a fixed income application income. Unlike the LIHEAP's regular crisis definition that may be brought about by an applicant's inability to meet the basic necessities of life such as food, shelter, and utilities, especially in economic circumstances that are considered beyond the applicant's ability to control, a life-threatening circumstance typically involves the vulnerable population served such as the disabled, the elderly, and those persons diagnosed with medical complications, whereby, per a doctor's script, the applicant is felt to be facing impending risk if the LIHEAP service is not provided within an 18 hour period, based on a risk-assessment. In addition, life-threatening applicants are given priority in terms of the fact that they are provided with outreach services, and are provided services within a shorter period of time (18 hrs).

4.3 What constitutes a life-threatening crisis?

Unlike the LIHEAP's regular crisis definition that may be brought about by an applicant's inability to meet the basic necessities of life such as food, shelter, and utilities, especially in economic circumstances that are considered beyond the applicant's ability to control, a life-threatening circumstance typically involves the vulnerable population served such as the disabled, the elderly, and those persons diagnosed with medical complications, whereby, per a doctor's script, the applicant is felt to be facing impending risk if the LIHEAP service is not provided within an 18 hour period, based on a risk-assessment. In addition, life-threatening applicants are given priority in terms of the fact that they are provided with outreach services, and are provided services within a shorter period of time (18 hrs).

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes No

Determination of Benefits	
4.8 How do you handle crisis situations?	
<input type="checkbox"/>	Separate component
<input type="checkbox"/>	Fast Track
<input checked="" type="checkbox"/>	Other - Describe: Crisis situations are considered within a rubric of categorical (regular) crisis applicants and "life-threatening" applicants. Therefore, these two service populations are handled as follows: a) Categorical (regular) crisis applicants: are assessed, by definition, as an applicant facing economic crisis and thus not being able to provide for themselves the basic necessities of life including food, shelter, and utilities due to circumstances beyond their control. These applicants are provided services within a 48 hour period. b) Life-threatening crisis applicants: typically involves the vulnerable population served such as the disabled, the elderly, and those persons diagnosed with medical complications, whereby, per a doctor's script, the applicant is felt to be facing impending risk if the LIHeaP service is not provided within an 18 hour period, based on a risk-assessment. In addition, life-threatening applicants are given priority in terms of the fact that they are provided with outreach services, and are provided services within a shorter period of time.
4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input type="checkbox"/>	Amount to resolve the crisis.
<input checked="" type="checkbox"/>	Other - Describe: Crisis is defined as having a disconnect notice or shut off notice within the same day or, within the next 24 hours. For a disconnect or shut off notice, the minium available is \$ 150.00 benefit amount and the maximum amount of benefit is \$ 600.00.
