SF - 424 - MANDATORY

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Houses heated by propane on the Reservation are administered through our Housing Program; all payments for individuals on the reservation who utilize propane as a heating source are paid directly to the Housing program specific to their propane account. An invoice is submitted from the Housing program showing the payment is reflected on their propane balance.

9.2 How do you notify the client of the amount of assistance paid?

The client is notified through letter format; the letter states:

- Eligibility status,
- address showing residency,
- vendor's name,
- amount determined from the payment matrix,
- the date of the pledge,
- and the anticipated date of delivery.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

QVIR LIHEAP works with local vendors and has a written agreement of terms of program. Vendors perform the services on behalf of the QVIR for the client based on our written agreement.

QVIR LIHEAP notifies energy supplier through phone call and a faxed pledge of the amount to be awarded to the applicants bill; client name is confirmed with account number and address. Delivery notifications is delivered to LIHEAP via housing/client.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

QVIR LIHEAP works hand-in-hand to ensure clients receive benefits adequately; a written agreement between QVIR and the vendors ensures all recipients receive benefits based on their eligibility through the QVIR program and energy assistance is performed by vendor. This will be implemented for the FY2021 LIHEAP grant.

All applicants have to utilize the same application, payment matrix and income level when determining eligibility. All applicants are processed how they are received validated by a numbering system.

An eligibility/benefit check off list is implemented to ensure all needed information has been received, completed and reviewed and services can be performed. QVIR contacts vendor once the application is completed and determined eligible to perform services on behalf of QVIR for client.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
