U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 12/31/2023

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
SF - 424 - MANDATORY**

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Payments are made directly to the vendors. Some vendors take payment by phone call and we have an established code that indicates our status to make that payment. Some vendors take payments by way of email and we have an established access code that allows the tribe to make such payments. All other vendors take a check and a requisition is filled out internally and processed in that manner. However, with each vendor we make the contact and the promise to pay and the fuel source is delivered.

9.2 How do you notify the client of the amount of assistance paid?

During the intake process a determination of benefit eligibility and levels of assistance is made and communicated to the applicant. Depending on the intake process, the applicant is either handed a document form that has the proof of services and eligibility amount or if not present the client is telephoned of the amount received. Either way the client is contacted of approval or not approval.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

A bill payment of notice is required at intake and the bill indicates the total bill. We have verbal and working agreements with each vendor on how payment indications are qualified. At intake, the client will qualify based on income eligibility, vulnerable population status, and energy source. We have an agreement with the Pacific Gas & electric-see attached. The Tribe will continue to work towards written agreements with other vendors this program year. When necessary, we have available for clients to sign a release of information that allows us to enquire only about their energy bill.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

This has never been an issue with our LIHEAP program. If such complaint is received we will intervene, with the client's permission, with the energy provider. The department would also utilize the "release of information" documented to communicate with all parties. The Tribe will work with each vendor this year to clarify each others roles of assurances. We provide at intake and make available a client rights information sheet.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
