9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Idaho makes payments directly to the participants when the household benefit is for heat in rent or the household utilizes bulk fuel.

9.2 How do you notify the client of the amount of assistance paid?

All participants receive a benefit determination letter either in-person or by mail

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Home energy suppliers are required to enter into a vendor agreement with the Grantee. This agreement ensures that program eligible households are treated fairly and not discriminated against in the cost of goods or services provided and that the full amount of assistance is applied to the household account.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The signed vendor agreement contains language that ensures program eligible households are treated fairly and not discriminated against in the cost of goods or services provided and that the full amount of LIHEAP heating assistance is applied to the household account.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 1

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None

12.4 Describe your fair hearing procedures for households whose applications are denied.

Process for households whose applications are denied: the household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the formal 'Notice of Denial' letter. If the participant feels they were wrongly denied services, the direct service provider holds a conference with the participant to attempt to resolve their appeal. If unresolved, the direct service provider assists the household with completing and mailing the appeal form to the Department of Health and Welfare's Fair Hearing Unit. Upon receipt of the participant's appeal request, the Department of Health and Welfare proceeds with the standard fair hearing procedure as outlined in the section below. To accommodate the applicant, hearings are conducted at the Regional Health and Welfare office closest to their residence through a telephone conference.

Standard fair hearing procedure: administrative fair hearings are available to any household applying for or receiving a LIHEAP benefit in accordance to Idaho Administrative Code. Any program applicant or recipient may request a hearing. Included with all determination notices is a form that instructs customers how to request a hearing if they disagree with the action taken by the Department or if they feel they have been discriminated against. Fair Hearing Requests must be received within 30 days of the determination and can be submitted using the Department's Hearing Request Form (HW-0406) or by submitting in writing their name, address and phone number and the remedy requested, or by making a verbal request for a fair hearing with the Department. Once a fair hearing request is received, the Department acknowledges the fair hearing request and has 30 days to schedule a hearing. The Department contacts each individual before scheduling the hearing to discuss the basis of the hearing, address the customers concerns and clarify the action taken by the Department. If the individual does not request to withdraw their hearing request at that time, the hearing will take place as scheduled. The hearing is conducted by a hearing officer. Once the hearing has taken place the hearing officer has 30 days to file a preliminary order, which is distributed to both the Department and the individual. The individual will receive a written copy of the hearing decision by mail. If the individual does not agree with the hearing officer's decision, he or she has an opportunity to appeal the decision with a Petition for Review. These appeals are managed by the office of the Director of Health and Welfare and the Deputy Attorney General.

Division of Welfare- Time for filing appeal: A decision issued by the Department in a Division of Welfare program will be final and effective unless an individual or representative appeals within thirty (30) days from the date the decision was mailed, except that a recipient or applicant for food stamps has ninety (90) days to appeal. An individual or representative may also appeal when the Department delays in making an eligibility decision or making payment beyond the limits specified in the particular program within thirty (30) days after the action would have been taken if the Department had acted in a timely manner.

12.5 When and how are applicants informed of these rights?

Fair hearing notices are posted in local agency offices and satellite offices in the intake area, intake work stations and/or lobby area. Agencies who serve limited English proficiency applicants provide this information in Spanish. The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the 'Notice of Denial.' The eligibility notice and the 'Notice of Denial' are provided in Spanish to households who indicate their primary language is Spanish.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

If the participant feels their benefits were processed in an untimely manner, the direct services provider holds a conference with the participant to attempt to resolve their appeal. If unresolved, the direct service provider assists the household with completing and

mailing the appeal form to the Department of Health and Welfare's Fair Hearing Unit.

Fair Hearing Requests must be received within 30 days of the determination and can be submitted using the Department's Hearing Request Form (HW-0406) or by submitting in writing their name, address and phone number and the remedy requested, or by making a verbal request for a fair hearing with the Department. Once a fair hearing request is received, the Department acknowledges the fair hearing request and has 30 days to schedule a hearing. The Department contacts each individual before scheduling the hearing to discuss the basis of the hearing, address the customers concerns and clarify the action taken by the Department. If the individual does not request to withdraw their hearing request at that time, the hearing will take place as scheduled. The hearing is conducted by a hearing officer. Once the hearing has taken place the hearing officer has 30 days to file a preliminary order, which is distributed to both the Department and the individual. The individual will receive a written copy of the hearing decision by mail. If the individual does not agree with the hearing officer's decision, he or she has an opportunity to appeal the decision with a Petition for Review. These appeals are managed by the office of the Director of Health and Welfare and the Deputy Attorney General.

12.7 When and how are applicants informed of these rights?

The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the 'Notice of Denial.'

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

DSPs provide a number of ancillary services to encourage and enable households to reduce their home energy consumption to include:

- Provide information about level payment plans during energy education, targeted to vulnerable populations and fixed income participants;
- Purchasing low cost/no cost energy conservation measures for non-regulated electric utilities;
- Leveraging supplemental payments for participants who were unable to obtain their LIHEAP heating assistance benefits or for whom a LIHEAP heating assistance benefit was insufficient to prevent/resolve a heating emergency;
- Assessment home energy use;
- Referral to the Weatherization Assistance Program;
- Provide centralized energy education classes at outreach sites;
- Tailoring outreach to target households of a specific utilities to increase participation in utility funded energy conservation programs; and
- Advocate on behalf of households with home energy vendors to prevent disconnection.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Each budget component is assigned a Program Cost Accounting (PCA) code. Expenditures applicable to these activities are coded to the specific PCA. The fiscal accounting of the Direct Service Providers is monitored to ensure costs are coded to the appropriate PCA for the type of activity being billed.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

In 2019, Assurance 16 services were provided to 64% of households. This data was collected by tracking services provided in the statewide database.

To assess the impact of Assurance 16 services, 1,877 Assurance 16 service recipients were surveyed in March 2019. Of the 1,877 surveys sent out, 181 clients returned complete surveys. Participants were asked to assess Energy Saving Education Information, Energy Costs Budget or Financial Counseling, Energy Kit, Material Use Education, Assistance with the home energy vendor (to avoid disconnection), Establish Utility payment arrangement, Referral to other sources of utility assistance, Home Weatherization needs assessment and referral.

Across the 7 categories of Assurance 16 services, the average reduction in energy costs reported by participants was 3.03 on a scale of 1 to 5 with 1 being no noticeable reduction in costs and 5 being a large reduction in costs. Looking at the services as a group offered under Assurance 16 reveals overall satisfactory impact reported at the participant level.

Advocacy with home energy vendors to avoid disconnection was rated most effective by participants. Of the Assurance 16 services currently offered, home energy vendor advocacy to avoid disconnection is the most immediate outcome focused and meets a critical household need in addition to resulting in lower energy costs. Home weatherization needs assessment and referral shows the highest proportion of 1 ratings. Due to the extensive wait lists and requirement of referral for high energy burden households to Weatherization, many LIHEAP participants receive this Assurance 16 service without immediate outcomes.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

N/A

13.5 How many households applied for these services? N/A

13.6 How many households received these services? 19,622

8	Housing Preservation Grant	Grant Funding	Allows weatherized homes to get non-energy improvements to improve dwelling durability.
9	Landlord contribution to weatherization	Community members	Contribution of funds to agency toward weatherization of rental units and/or provision of repair that resulted in weatherization services of low income households.
10	Material donations	Local businesses	Contribution of materials to weatherization agencies to increase dwelling durability, comfort and provide measures which are not allowable with federal funds.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Idaho continues to collect data on the four required LIHEAP performance measures. The four required measures are as follows:

- Energy Burden Targeting (all households)
- Energy Burden Targeting (high burden households)
- Restoration of Home Energy Service
- Prevention of Loss of Home Energy Service

For FFY 2021, the statewide database has been updated to collect occupancy metrics in order to streamline intake and make eligibility determinations.

Idaho evaluates data collection related to federal reporting requirements quarterly to minimize inaccurate data. This is expected to continually improve the quality of data collected within the statewide database.

Idaho's LIHEAP Intake Manual is reviewed annually to include any policy and/or process improvements to support integrity of data collection. Collection of the four data points related to the Performance Data form were incorporated into this policy manual. This manual is used by LIHEAP intake staff and program managers. Idaho hosts a de-brief meeting after the close of the heating season to discuss challenges with program delivery and to identify solutions which are then incorporated into the policy manual to ensure high-quality program implementation and accurate data collection.

Modified Vendor Agreement: Idaho's vendor agreements identify the new data elements and established data reporting requirements. All vendors with a signed agreement will be required to submit data to the Department on an annual basis. Idaho continues to work with vendors to address challenges and/or concerns that arise regarding reporting requirements. Per the agreement, vendors are required to submit their data reports annually. The data will be analyzed in preparation for reporting on the LIHEAP Performance Measures report.

Idaho will continue to review LIHEAP performance measure data to aid in interpreting the state's approach to enhancing LIHEAP program delivery.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
