Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Payments are made by a check directly to the provider, and on behalf of the client. Client names and account numbers are included on the check to prevent confusion.

9.2 How do you notify the client of the amount of assistance paid?

Clients are notified when the bill is paid by phone and by email. Clients are reminded of LIHEAP benefits received during that funding period at the time of intake. Contact information is collected on the intake form, so the program has the most recent numbers and addresses.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Invoices are thoroughly checked for discrepancies, primarily the rate charged and the amount of fuel purchased at the time. Clients also report any discrepancies at the time of the fill.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Clients report any adverse treatment, at which time the service provider is contacted by LIHEAP.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

For delivery of fuels, contact is made with the vendor, and an estimate is received for the amount of required fuel. The client must sign the actual fuel delivery slip (propane, oil, wood, etc). Working closely with both vendor and client, payment is ensured to be the correct amount and verified by the receipt.
