Applications for households with a household member(s) that is elderly and/or disabled are mailed and accepted for processing each year in the month of October, one month prior to the official program beginning. The official program beginning date is November 1st of each year. A \$ 100 medical deduction is automatically given to households in which the applicant or spouse is elderly (age 65 or older) or disabled. Only one \$10 of deduction will be allowed, even if both applicant and spouse meet either or both criteria. Energy Assistance (EA) benefits are determined based on each household meeting specified income guidelines (60% of the state median income) based on their household size and fuel type. Our attached payment matrices indicates compliance with this assurance in the fact that benefit amounts decrease as income increases to reflect the household d's energy costs in relation to their income.

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disa

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

🖲 Yes 🔘 No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

The Missouri Public Service Commission (PSC) established a Cold Weather Rule (CWR) for Missouri's investor owned utilities. The CW R prohibits the disconnection of heat-related services and allows customers to make a payment arrangement when the temperature is forecasted to drop below thirty-two (32) degrees fahrenheit. The time period covered under the CWR is November 1 through May 31 of each year. Households that do not honor the payment arrangements made will be subject to disconnect once the temperature is above thirty-two (32) degrees fahrenheit or beginning in April; whichever comes first.

The PSC established a Hot Weather Rule (HWR) for Missouri's investor owned utilities. The HWR addresses time periods which prohibit the termination of energy services to customers when certain extreme heat conditions are forecasted to exceed ninety-five (95) degrees fahrenheit or the heat index is predicted to rise above 105 degrees fahrenheit. The time period covered under the HWR is June 1 through September 30. House holds will be subject to disconnect once the temperature is below ninety-five (95) degrees fahrenheit or beginning in October; whichever comes first.

Should an applicant present proof a crisis exists for purposes of receiving ECIP funds, the contract agency should verify with the energy provider whether the service will be terminated or is actually terminated or whether the service will continue due to the CWR or HWR. If the service remains on due to one of these rules, the 18/48 hour requirements do not begin until the day after the service will actually be disconnected. The contract agency should not assume the CWR or HWR are in place just because the timing falls between the moratorium time periods.

CAA's are sub-grantees for the Community Services Block Grant (CSBG) and Head Start, distribute USDA surplus com modities to low income households, administer programs for Missouri's homeless population, administer the Energy Crisis Intervention Program (ECIP) component of LIHEAP, and the intake and eligibility determination functions for the Energy Assistance (EA) component of LIHEAP. This list is not inclusive of all the services provided. The Urban League of Metropolitan St. Louis covers many of the same functions as the CAA's, a p rimary exception being the CSBG. MAAC also does not provide CSBG.

Eighteen (18) contract agencies also provide information services through contractual agreements with the Missouri Department of Natural Resources for Weatherization services. Missouri's LIHEAP generates a Non-Weatherization printout and shares this with the eighteen (18) contract agencies.

DSS Family Support Division (FSD) Income Maintenance (IM), who administers TANF, Food Stamps and MO HealthNet (Medicaid) has established Resource Centers where clients can come in person to receive services. Resource Center staff will assist us in their communities by w orking closely with community partners to provide wrap-around services for the families we serve including providing information concerning LI HEAP.

### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

#### Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?				
Heating	⊙ Yes ○ No			
Cooling	C Yes C No			
Crisis	<b>⊙</b> Yes			
Are there excep	tions? • Yes O No		•	

#### If yes, Describe.

Direct payments to an applicant will only be made under the following conditions:

- The energy supplier has not signed a contractual agreement with the State of Missouri to participate in the LIHEAP.
- · The energy supplier refuses to serve a particular account holder.
- The energy supplier fails to accept or deny the LIHEAP payment by the required thirty (30) calendar day deadline.
- · The applicant's home energy heat cost is included as an undesignated portion of their regular monthly rental charge.
- The applicant pays a landlord for the home energy heat cost that is not included in their rental agreement.
- Cylinder propane is used as the home energy heat source.
- · Kerosene is used as the home energy heat source.
- · Wood/wood pellets/corn pellets are used as the home energy heat source.

In these circumstances, the applicant is responsible for making the payment and negotiating directly with the Energy Supplier to resolve th eir energy bill.

If there is a need for additional assistance when a crisis exists, the contract agency must work with the energy supplier to determine how m uch is needed to maintain or restore services for at least thirty (30) days up to a maximum of \$800 for Winter Crisis and \$600 for Summer Crisis. The energy supplier must have a contractual agreement with the Department of Social Services (DSS) or the contract agency in order to provide a payment to the Energy Supplier because direct payments will not be made to the applicant for Energy Crisis Intervention Program (ECIP) paymen

#### 9.2 How do you notify the client of the amount of assistance paid?

The Energy Assistance (EA) Eligiblity Notice (EA-6) provides the client the amount of EA assistance paid to them directly or will be paid to the supplier. The EA-6 is mailed to the client when the application is determined eligible. Copies of the computer generated notification (EA-6) are included with the attachments to this state plan.

The Energy Assistance Payment Notice (EA-7) is mailed to the applicant after the payment is made to the supplier. It includes the date, a mount of the payment, and the energy supplier paid. Copies of the computer generated notification (EA-7) are included with the attachments to this state plan.

When an ECIP payment is made to the energy supplier, the contract agency sends a client notification letter to the applicant which advises the applicant of the date, amount of payment, and name of the energy supplier.

### 9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The LIHEAP Supplier Agreement between Missouri Department of Social Services, Family Support Division and Home Energy Supplier Agreement states the energy supplier, "Shall provide home energy fuels in the amount at least equivalent to the amount of pledge made by the State Agency on behalf of the eligible customer; restore and/or continue service during the service period covered by the payment for at least thirty (3 0) calendar days from the date of pledge made on behalf of the eligible customer for whom the Supplier has agreed to accept the LIHEAP pledge e". In addition, states in part, "Shall credit, through normal billing process, the full amount of the LIHEAP payment received to an eligible customer's account".

A sample of the contracted energy suppliers is required to submit actual usage data on the previous year for every customer who receives a payment from LIHEAP.

A copy of the LIHEAP Supplier Agreement between Missouri Department of Social Services, Family Support Division and Home Energy Supplier is included with the attachments to this state plan.

Requirements in this document exceed those specified in the statute and apply to all LIHEAP (EA and ECIP). A written agreement must be executed with energy suppliers prior to any payments being issued to them.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The LIHEAP Supplier Agreement between the Missouri Department of Social Services, Family Support Division and Home Energy Supp lier Agreement states, "Shall not discriminate with regard to the terms or conditions of sale, availability of credit, delivery or price of home energy fuels offered to eligible customers in relation to its other residential customers".

Energy supplier complaints are referred to the Missouri Public Service Commission (PSC) for regulated suppliers and the Missouri Attorn ey General's Office (AGO) for unregulated suppliers.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible household s?

C Yes O No

If so, describe the measures unregulated vendors may take.

August 1987, revised 05/92,02/95,03/96,12/98,11/01 OMB Clearance No.: 0970-0075 Expiration Date: 12/31/2023

#### Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

#### 10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

All expenditures of LIHEAP funds are made available under policy, procedures, rules and regulations by the Missouri Office of Administration, Department of Social Services, Division of Financial and Administrative Services and the Missouri Treasurer's Office. No expenditures for heating assistance payments for the Energy Assistance (EA) component of LIHEAP are made unless:

- The eligibility of the program participant has been established and updated to the centralized computer file, which performs numerous edits to v
  alidate the accuracy of the determination and determines the amount of assistance to be paid;
- The home energy supplier who is to receive payment on behalf of the household has entered into an agreement to participate in LIHEAP and ha s been added to the automated file of participating home energy suppliers; and
- The payment to be made to the home energy supplier or the eligible household has been prepared through our automated check writing system which performs numerous edits to assure the accuracy of the payment and the eligibility of the home energy supplier or household to receive the payment.

Funds provided to the contract agencies for the Energy Crisis Intervention Program (ECIP) component of LIHEAP are subject to the following conditions:

- No funds are released to a contract agency unless a signed written agreement which stipulates the purpose(s) for which those funds are expende d, as well as several other conditions governing the expenditures of these funds;

- The State Auditor's Office audits the Family Support Division (FSD's) LIHEAP and makes the results of their audits available at https://www.auditor.mo.gov. These audits are scheduled and conducted by the State Auditor's Office (SAO) and are independent of DSS; and
- In accordance with Office of Management and Budget (OMB) Uniform Guidance Audits of States, Local Governments, and Non-Profit Organi

### Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. For grantees other than individuals, Alternate I applies.
- 4. For grantees who are individuals, Alternate II applies.
- 5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
- 8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
