LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

Payments are made directly to the client if their heating/cooling cost is included in the rent.

The checks for participants whose main source of heating is wood, will be mailed to the participants so they can ensure the delivery of the wood. However, the checks will be made payable to the wood vendor.

Each vendor will receive a letter of notification advising the vendor of the participant's eligibility and the benefit payment they were approved for. The notice provides vendor delivery instructions and vendor payment.

9.2 How do you notify the client of the amount of assistance paid?

Each participant will receive a client payment notification letter advising the recipient that payment has been made to the vendor on their behalf and the payment amount.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

For on-going home energy services (natural gas & electricity) the vendor receives a Vendor Notification letter along with a Vendor Invoice. The vendor will be instructed to credit the recipient's account upon receipt of payment from Cherokee Nation. All propane clients will be required to verify propane vendor. The one-time LIHEAP assistance payment will be made to the vendor once the invoice is signed and returned for payment. The invoice also serves as a vendor instruction sheet, as well as agreement statement forcing the vendor to follow the steps outlined in the invoice. Cherokee Nation will mail out annual letters to all vendors addressing that the home energy supplier will charge the eligible household, the normal billing process, the difference between the actual cost of the home energy and the amount of the payment.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Cherokee Nation has worked with local energy suppliers in the past and has experience no difficulty with the relationship between the suppliers and the participant. Should treatment by the suppliers to the participant change in the future and suppliers treat participants different than regular customers, Cherokee Nation would choose to discontinue working with the supplier. Cherokee Nation will mail out an Annual Vendor letter to ensure that that these statutory requirements are met.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in

the fields provided, attach a document with said explanation here.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

Cherokee Nation ensures the oversight of federal funds through CN's organizational policies and procedures. CN utilizes multiple levels of preventative procedures in order to ensure compliance with federal and non-federal grantor regulations. These include: CN's Financial Resources department, CN's Financial Management System and CN's Grant Services: Grant Management department. Financial Resources staff members provide effective controls and accountability for all funds through daily monitoring of bank balances, reconciliation of deposits to receipts and data entry into the accounting system for accounts payable.

Each department is responsible for tracking an inventory of all assets and ensuring that they are used solely for authorized purposes. CN's Lawson Financial Management System is a well-developed financial management system. The Lawson System is capable of accounting for each project CN undertakes separately and distinctly from other sources of revenue/funding. The Lawson system tracks expenses down to the account and activity level for each grant or contract received by CN. Cherokee Nation has in place multiple avenues of payments via invoices, vouchers, and/or drawdowns on a weekly or monthly basis, as required by the funding agency. Each process is closely monitored in the accordance with relative policies and procedures.

CN's financial statements are audited yearly by the independent audit firm. This audit includes both the Financial Statement Audit and Single Audit pursuant to OMB requirements. The most recent Single audit for CN was for the fiscal year ending September 30, 2018. This audit was issued March 30, 2019, and was submitted to the Federal Audit Clearinghouse upon completion. The Nation qualified as a low-risk auditee as defined in OMB requirements. There were no significant deficiencies or material weakness reported. The auditor's expressed an unmodified opinion on the single audit. CN is a model for compliance to law and regulation while provided speedy responses to program needs.

Cherokee Nation will maintain this standard of operation. Additionally, Cherokee Nation certifies that it shall remain fiscally responsible and control costs, regardless of whether the funds made available for the proposed project are incrementally increased or decreased between fiscal years. The Secretary, Inspector General, Comptroller, or their duly authorized representative shall have access to any books, documents, papers, and records of the program that are pertinent to the proposed project in order to conduct surveys, audits, and evaluation of the grantee.
