Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01 OMB Clearance No.: 0970-0075 Expiration Date: 12/31/2023

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

CN ensures the oversight of federal funds through CN's organizational policies and procedures. CN utilizes multiple levels of preventative policies and procedures in order to ensure compliance with federal and non-federal grantor regulations. These policies and procedures cover all as pects of accounting for grant funds: Accounts Payable, Budgets, Financial Systems, Internal Controls, Payroll, Travel, Cash Management, and G rants Management Policies. CN reviews all policies and procedures for update on an annual basis. Necessary updates are made as needed.

CN has Internal Controls (IC) for all accounting processes. There are six different IC narratives that ensure compliance with CN Internal Controls: Account Payable, Budgeting, Cash, Finacial Reporting, Grants, and Payroll. Financial Resources staff members provide effective cont rols and accountability for all funds through daily monitoring of bank balances, reconciliation of deposits to receipts, and data entry into the accounting system for accounts payable, etc.

Each department is responsible for tracking an inventory of all assets and ensuring that they are used soley for authorized purposes. CN's Lawson Financial Management System is a well-developed financial management system capeable of accounting for each project CN undertakes separately and distinctly from other sources of revenue/funding. The Lawson system tracks expenses down to the account and activity level for each grant or contract received by CN. Additionally, once a grant budget has been submitted to the Budgets department, that budget is uploaded int o the system. Once the upload is completed, the system will tract budgeted versus actual mounts until closeout of the grant.

CN has multiple avenues of payment processes in place to accomodate the specific requirements per funding agency. CN processes paym ents via invoices, vouchers, and/or drawdowns on a weekly basis or monthly basis, as required by the funding agency. CN processes grant billing and drawdowns on Wednesday of each week. These are done on a reimbursement basis. All initial expenditures are paid from a General Fund ac count and then the General Fund is reimbursed follolwing the weekly billing cycle. Each process is closely monitored in accordance with relevant policies and procedures.

CN has a subrecipient monitoring policy in place that we established to assure that CN, in its role as a prime recipient, undertakes certain st ewardship activities of monitoring the subrecipient, as well as comply with federal, state, and local regulationsGrant Services assigns responsibility for conducting a portion of the work sponsored by an award to a subrecipient, the Grant Services department will ensure each subreceipient is resp onsible or management of funds and meeting the performance goals of a grant. Grant Services will monitor technical and financial activies and as sist with any support associated with a subrecipient.

CN has a Times and Records policy that was established to ensure CN employees properly document their time and effort in accordance w ith applicable rules and regulations. Actual hours worked are documented through the use of a in automated time managment system. Each employee and their supervisor is responsible for reviewing and electronically signing their timesheets, certifying their accuracy.

CN's financial statements are audited yearly by an independent audit firm. This audit includes bothe Financial Statement Audit and Single Aduit prusuant to OMB requirements. The most recent Singel Audit for CN was for the fiscal year ending September 30, 2019. This audit was is sued June 30, 2020, and was submitted to the Federal Audit Clearinghouse upon completion. The Nation qualified as a low-risk auditee as define d in the OMB requirements. There were no significant deficiecies or material weaknesses reported. The auditors expressed an unmodified opinio n o the single audit. CN is a model for compliance to law and regulation while providing speedy responses to programmatic needs.

CN will continue maintaining this standare of operation. Additionally CN certifies that it shall remain fiscally responsible and control cost s, regardless of whether the funds made available for the proposed project are incrementally increased or decreased between fiscal years. The Secr etary, Inspector General, Comptroller General, or their duly authorized representative shall have access to any books, documents, papers, and reco rds of the program that are pterinent to the proposed project in order to conduct surverys, audits, and evaluations of the grantee.
