Explanations of policies for each "yes" checked above:

Oklahoma has a liquid resource limit for LIHEAP households. This includes bank accounts, cash on hand, CDs, and other investments that can be accessed without penalty to the household. Resources are verified when screening of application indicates declaration of resources is questionable.

Renters, renters with utilities included in rent and renters in subsidized housing receive the same benefit amounts as homeowners. Renters in subsidized housing must be responsible for at least a portion of their heating utility in order to be considered vulnerable. Renters with utilities included in rent must veirify that a specific portion of the rent is for the cost of utilities or be charged for a surcharge amount during high usage months to be considered vulnerable. Applicants that are roomers receive a smaller benefit heating but it is still based on income.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance tovulnerable populations, e.g., benefit amounts, early application periods, etc.

Many of our preauthorized households are hosehold with elderly or disabled individuals. DHS sends application to household receiving other benefits such as SNAP, TANF, or SSP (State Supplemental Payment to the Aged, Blinded, or Disabled) and accepts these applications priors to the Open Enrollment date of the program. DHS allows households to apply by online, mail, fax, or phone. If you responded "Yes" to question 4.16, you must respond to question 4.17.							
4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.							

Regulated utilities in Oklahoma have a moratorium based on severe weather. If the high temperature is actually or predicted to be at least 32 degrees or below on the day of disconnection or the nighttime low is predicted to be 20 degrees or less, the utility will suspend disconnection of service as long as the gas service is used for heating purposes. If the temperature actually is or predicted to be at least 101 degrees with heat index or higher on the day of disconnection, the utility will suspend disconnection.

One of our largest electric companies has a slightly lower temperature threshold for summer disconnections. They also do not disconnect if the predicted or actual high is 32 degrees or below or nightime is or is predicted to be 20 degrees or below.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. 3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Grantees' attention is called, in particular, to the following definitions from these rules: *Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:,

(1)The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and
