### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

#### Section 4: CRISIS ASSISTANCE

**Eligibility - 2604(c), 2605(c)(1)(A)**

**4.1 Designate the income eligibility threshold used for the crisis component**

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

**4.2 Provide your LIHEAP program's definition for determining a crisis.**

A crisis situation is defined as: unusual circumstances, beyond the families control and beyond the ability of nearby neighbors or relatives to assist, that threaten a household with imminent loss of their primary heating source and furthermore, no secondary source is available. Our area in the Northern coast of Washington State experiences long, cold and extremely wet winters, with high winds and frequent storms off of the ocean. Heating assistance is a life safety issue for families, especially those with young children or elderly in the household. We also have many households in transition needing assistance such as payment or deposit to allow hook up of new connections. For a household to be considered a CRISIS, the household are not required to utilize the original assistance first however are required to submit a shut off notice along with the application and other required documents. Regularly, the applications are processed within one business day and immediate contact is made with the vendor. Once a commitment is made, payment processing is completed within ten business days. This does not impact the client's services, as vendors accept a written assurance from the program in lieu of payment.

**4.3 What constitutes a life-threatening crisis?**

A life threatening CRISIS requires intervention within eighteen (18) hours. A life threatening crisis can occur when a family with young children (under the age of 6) or an elder (over the age of 50) is without heat in the home. Our area in the Northern coast of Washington State experiences long and extremely wet winters with high winds and frequent storms off of the ocean. Other considerations for a life threatening CRISIS intervention would include interruption of heating services that affect medical needs of applicant or household members.

**Crisis Requirement, 2604(c)**

**4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48Hours**

**4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours**

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
