<input checked="" type="checkbox"/>	Other - Describe:

The Territorial Energy Office currently manage WAP, LIHEAP and now, LIHWAP. The other programs are not available here in American Samoa. However, we do work with the American Samoa Power Authority and the American Samoa Telecommunications Authority. The latter provide assistance by providing lower telephone rates for low-income families. One of the eligibility requirements for this service is provide proof the HH is receiving LIHEAP assistance.

The creation of a joint application for assistance instead of three separate applications per each program, is on the table for discussion. It is logical since all three programs require the same supporting documents to accompany the application for assistance.

In many cases, owners leave without completing a shut down services request to the utilities vendor. The MOU also ensures that the ASPA (utility vendor) complies with this stipulation.

**Instructions for Certification**

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
