Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None

12.4 Describe your fair hearing procedures for households whose applications are denied.

The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the formal 'Notice of Denial' letter. If the participant feels they were wrongly denied services, the direct service provider holds a conference with the participant to attempt to resolve their appeal. If unresolved, the direct service provider assists the household with completing and mailing the appeal form to the Department of Health and Welfare's Fair Hearing Unit. Upon receipt of the participant's appeal request, the Department of Health and Welfare proceeds with the standard fair hearing procedure as outlined in the section below. To accommodate the applicant, hearings are conducted through a telephone conference.

Standard fair hearing procedure:

Administrative fair hearings are available to any household applying for or receiving a LIHEAP benefit in accordance with Idaho Administrative Code. Any program applicant or recipient may request a hearing. Included with all determination notices is a form that instructs customers how to request a hearing if they disagree with the action taken by the Department or if they feel they have been discriminated against. Fair Hearing Requests must be received within 30 days of the determination and can be submitted using the Department's Hearing Request Form (HW-0406) by submitting in writing their name, address and phone number, and the remedy requested, or by making a verbal request for a fair hearing with the Department. Once a fair hearing request is received, the Department acknowledges the fair hearing request and has 30 days to schedule a hearing. The Department contacts each individual before scheduling the hearing to discuss the basis of the hearing, address the customers concerns and clarify the action taken by the Department. If the individual does not request to withdraw their hearing request at that time, the hearing will take place as scheduled. The hearing is conducted by a hearing officer. Once the hearing has taken place the hearing officer has 30 days to file a preliminary order, which is distributed to both the Department and the individual. The individual will receive a written copy of the hearing decision by mail or email. If the individual does not agree with the hearing officer's decision, he or she has an opportunity to appeal the decision with a Petition for Review. These appeals are managed by the office of the Director of Health and Welfare and the Deputy Attorney General.

Division of Welfare- Time for filing appeal:

A decision issued by the Department in a Division of Welfare program will be final and effective unless an individual or representative appeal within thirty (30) days from the date the decision was mailed, except that a recipient or applicant for food stamps has ninety (90) days to appeal. An individual or representative may also appeal when the Department delays in making an eligibility decision or making payment beyond the limits specified in the program within thirty (30) days after the action would have been taken if the Department had acted in a timely manner.

12.5 When and how are applicants informed of these rights?

The household is given an eligibility notice upon completion of their application. The participant's appeal rights are included on the eligibility notice and on the 'Notice of Denial.' The eligibility notice and the 'Notice of Denial' are provided in Spanish to households who indicate their primary language is Spanish.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

If the participant feels that their benefits were in an untimely manner, the direct services provider holds a conference with the participant to attempt to resolve their appeal. If unresolved, the direct service provider assists the household with completing and mailing the appeal form to the Department of Health and Welfare's Fair Hearing Unit. Fair Hearing Requests must be received within 30 days of the determination and can be submitted using the Department's Hearing Request Form (HW-0406) by submitting in writing their name, address and phone number, and the remedy requested, or by making a verbal request for a fair hearing with the Department. Once a fair hearing request is received, the Department acknowledges the fair hearing request and has 30 days to schedule a hearing. The

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Idaho continues to collect data on the four required LIHEAP performance measures. The four required measures are as follows:

-Energy Burden Targeting (all households)

-Energy Burden Targeting (high burden households)

-Restoration of Home Energy Service

-Prevention of Loss of Home Energy Service

Idaho evaluates data collection related to federal reporting requirements quarterly to minimize inaccurate data. This is expected to continually improve the quality of data collected within the statewide database.

Idaho's LIHEAP Intake Manual is reviewed annually to include any policy and/or process improvements to support integrity of data collection. Collection of the four data points related to the Performance Data form were incorporated into this policy manual. This manual is used by LIHEAP intake staff and program managers. Idaho hosts a de-brief meeting after the close of the heating season to discuss challenges with program delivery and to identify solutions which are then incorporated into the policy manual to ensure high-quality program implementation and accurate data collection.

Modified Vendor Agreement: Idaho's vendor agreements identify the new data elements and established data reporting requirements. All vendors with a signed agreement will be required to submit data to the Department on an annual basis. Idaho continues to work with vendors to address challenges and/or concerns that arise regarding reporting requirements. Per the agreement, vendors are required to submit their data reports annually. The data will be analyzied in preparation for reporting on the LIHEAP Performance Measures report.

Idaho will continue to review LIHEAP performance measure data to aid in interpreting the state's approach to enhancing LIHEAP program delivery.
