Explanations of policies for each "yes" checked above:

In compliance with state legislation enacted under Article II, Section 17(c) of the Maryland Constitution - Chapter 638 and 639, households with one or more member age 67 or older are eligible at 200% of the Federal Poverty Level. All other households are eligible at 175% of the Federal Poverty Level.

Applicants who are renters are eligible to receive energy assistance benefits provided they meet all other eligibility requirements. Specific rental arrangements between the renter (tenant) and the landlord must be verified in order to determine if and how benefits will be paid.

- Applicants who are renters and pay their heating costs directly must identify their energy supplier and fuel type.
- Applicants who are renters (including roomers and boarders) and pay their energy costs indirectly as undesignated portions of rent payments are
 required to furnish the name, address, and phone number of the landlord to whom the rent payments are made. If their application is qualified,
 benefits will be paid to the landlord and their rent will be reduced accordingly.
- Applicants who are residents of subsidized housing must provide proof that they are directly responsible for paying their own heating costs and
 receive a lower benefit level than those with similar incomes that do not have access to subsidized housing since a utility allowance is
 incorporated into their subsidy.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

 $2.4\ Describe\ how\ you\ prioritize\ the\ provision\ of\ heating\ assistance\ to vulnerable\ populations, e.g.,\ benefit\ amounts,\ early\ application\ periods,\ etc.$

During the crisis season defined by COMAR 07.03.21.10, crisis situations are deemed "life threatening" if a household has a member that is over the age of 65, under the age of 2, or is experiencing an energy-related life threatening crisis. In these situations, vulnerable households are given priority. Further, applicants with a Physician's Certification are provided expedited processing. Under the arrearage assistance program, applicants considered vulnerable may receive a waiver to obtain forgiveness of past due electric and gas bills multiple times within a 5-year period. This is as opposed to other non-vulnerable applicants that can only obtain the benefit once every 5 years.

In compliance with state legislation enacted under Article II, § 17(c) of the Maryland Constitution - Chapter 665, beginning in 2023, Maryland will launch a universal redetermination process. This process will streamline the application process for OHEP recipients aged 65 and

older.

Section 6: Outreach, 2605(b)(3) - Assurance 3, 2605(c)(3)(A) 6.1 Select all outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available: Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc. Publish articles in local newspapers or broadcast media announcements. Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance. Mass mailing(s) to prior-year LIHEAP recipients. Inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.

Other (specify):

OHEP has a robust annual outreach planning process through which local agencies identify specific goals and craft localized strategies suitable to their particular jurisdiction. Local Administering Agencies (local Departments of Social Services, local jurisdictions, and contracted Community Action Agencies) submit the annual plan, which includes a supplemental request for additional outreach funding from State Special Funds. These plans include all events, targeted outreach efforts, advertising, and partnerships planned for the year. OHEP then approves a final plan and Local Administering Agencies submit a monthly Outreach Log detailing the activities performed in the month and the results of each activity. Outreach activities are further monitored during the formal program monitoring process.

Execute interagency agreements with other low-income program offices to perform outreach to target groups.

On July 1, 2019, Maryland launched an important outreach effort and streamlined process for the medically vulnerable. Through the Critical Medical Needs Program (CMNP) "Navigators" are trained to work within hospitals and health care communities to assist clients with energy assistance applications. Navigators provide risk assessments, counseling, and assistance with energy suppliers. Applications are submitted directly to OHEP for expeditious processing to ensue maintenance or restoration of service.

The program also partners with Benefits Data Trust to conduct targeted outreach to older adults receiving Medicaid that have not applied for energy assistance. Through a cental call center, Benefits Data Trust provides remote application assistance and document collection and coordinate direct submission of applications to local LIHEAP offices.

These plans include many targeted outreach events and strategic partnerships for outreach to target populations. OHEP partners with local vendors and utilities in outreach activities. Targeted messaging is conducted in the heating season to promote LIHEAP as a way to prepare for the winter. Satellite intake is conducted by several program partners, such as Area Agencies on Aging, to help increase access to LIHEAP. Customers can access information and obtain applications for heating assistance alternatively by contacting the DHS Call Center. In compliance with state legislation enacted under Article II, § 17(c) of the Maryland Constitution - Chapter 665, beginning in 2023, Maryland will launch a universal redetermination process. This process will streamline the application process for OHEP recipients aged 65 and older.

8.4 How do you provide alternate outreach and intake for CRISIS ASSISTANCE?

General Crisis outreach mirrors that of heating and cooling outreach. The Office of Home Energy Programs and Local Administering Agencies also receive lists of households that are in imminent danger of termination. Direct outreach to these households is a key part of Crisis outreach in Maryland. OHEP also works closely with the Office of People's Counsel and the Public Service Commission to coordinate on crisis cases that have been identified by those entities. All emergency repair cases are referred by OHEP directly to the Department of Housing and Community Development. 8.5 LIHEAP Component Administration. LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) **MODEL PLAN**

SF - 424 - MANDATORY			
Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7			
9.1 Do you make payments directly to home energy suppliers?			
Heating Yes O No			
Cooling • Yes • No			
Crisis • Yes • No			
Are there exceptions? • Yes O No			
The vast majority of payments are made directly to home energy suppliers and Energy Supplier Agreements are established to facilitate such payments. Occasional payments are made directly to customers in special circumstances when a landlord or supplier will not accept the benefit payment. If a landlord refuses to sign a Landlord Agreement or an energy supplier refuses to sign an Energy Supplier Agreement, and there is no alternative energy supplier, then a payment may be made directly to a customer. Direct payment may also be used for purchase of certain fuel types, such as wood or coal, when no Energy Supplier Agreement is in place with a vendor in the applicant's immediate area.			
9.2 How do you notify the client of the amount of assistance paid? Maryland sends a benefit letter to the customer's mailing address.			
9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment? Maryland requires that all vendors submit an Energy Delivery Record for reconciliation of all transactions at the end of each year.			
9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance? Non-discrimination language is included in the Energy Supplier Agreements executed with suppliers.			
9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households? • Yes • No			
If so, describe the measures unregulated vendors may take.			
Maryland requires that unregulated vendors provide a 3% discount off their cash price for the fuel delivered to program participants as participants of their LIHEAP benefit.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)				
10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds? Maryland uses the State financial accounting system to manage LIHEAP funds. 10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

Monitoring is conducted on an ongoing basis throughout the year and annually. Monitoring is conducted both remotely and onsite. Ongoing monitoring ensures consistent compliance with all program and fiscal elements and includes a limited selection of files for review. Comprehensive monitoring examines program and administrative performance in greater depth and includes a larger selection of files and other documents for review.

The purpose of monitoring is to ensure compliance with all program policies, procedures, and standards, as well as any fiscal and administrative requirements. Elements of both program and fiscal monitoring will be conducted each month for every agency. The objective of OHEP fiscal monitoring is to determine if a Local Administering Agency (LAA), as a recipient of federal LIHEAP block grant funds and State Special Funds, has obligated and expended the grant funds in accordance with any contractual obligations and applicable federal statutes and regulations. Administrative cost allocations, record keeping, personnel time policies, corrective action for any prior audit findings.

Every LAA will receive an annual monitoring report. Interim corrective action may be required as the result of monitoring.

If selected for onsite monitoring, the LAA will receive notice from State OHEP at least two weeks prior to the monitoring visit, notifying the LAA of the date and duration of the visit as well as expectations for the monitoring process. The local OHEP Director must be present throughout the monitoring visit. The LAA must provide private and secure space on-site for State OHEP staff to conduct the monitoring visit and assist in retrieval of case files and other program materials as needed.

Ongoing Monitoring

Each month OHEP monitors each agency for certain program and fiscal elements.

Monthly Monitoring for All LAAs: All LAAs are monitored each month on the following compliance elements.

- 1. Outreach: LAAs are assessed on whether they have submitted the annual Outreach Proposal Plan and monthly Outreach Logs timely and completely.
- 2. myDHR: LAAs are assessed on whether online applications through myDHR are processed in a timely and efficient manner.
- 3. Customer Relationship Management (CRM) Tool: LAAs are assessed on whether work orders through the CRM tool are resolved in a timely manner. However, it will not be a part of the monitoring findings.
- Application Timeliness: LAAs are assessed on the average time it takes to certify applications, as well as the percentage of applications certified beyond 45 days.
- 5. Application Denial Rates: State OHEP evaluates trends in denial rates among LAAs.
- 6. Financial Reports and Invoices: LAAs are assessed on the submission of accurate MEAP Monthly Financial Status Report, OHEP Administrative Funds-Monthly Financial Status Report, Administrative Invoices, Supplemental Outreach Invoices, and any other reports or documentation required that month (ex. Bulk Fuel Processing Plan, Energy Crisis Plan etc.)

Program Areas Monitored in Annual Monitoring

Review of Monthly Monitoring Outcomes:

- 1. Case File Monitoring: State OHEP will pull a random sample records. Case files will be monitored for the following areas:
- Application completeness and accuracy
- Applications should be filled out completely and accurately
- Documentation
 - Documentation to support the application must be in accordance with OHEP policies and procedures
- System Verifications
 - The OHEP Data Management System must match the application and documentation in the case file
- Denied Case Review
 - · Denied cases should be denied in a timely manner and the reason for denial must be justified
- 1. <u>Fraud Prevention & Enforcement</u>: LAAs will be assessed on whether the Duplicate Applications Report and the Social Security Number Validation Report are completed properly and on time. LAAs will also be assessed on their adherence to the Fraud, Repayment, and Administrative Hearing Procedures Manual.
- 2. Computer Information and Security: LAAs will be assessed on their compliance with the File Retention Policy, as well as the ability to keep customer files and computer information systems secure.
- 3. <u>File Retention Policy</u>: Applicant records are to be kept on file for three complete program years. A random sample files per program year will be requested in order to verify that the LAA is in compliance with the File Retention Policy. The LAA will be given the list of applicant names the day before the monitoring review in order to give time for the files to be pulled.
- 4. <u>Application Documentation Scanning (ECMS)</u>: LAAs will be evaluated on their ability to completely and accurately scan applications and documentation for OHEP into ECMS.
- 5. <u>All Components of Ongoing Monitoring</u>: LAAs will be evaluated on their continued compliance and performance for all elements of ongoing monitoring noted above.
- 6. <u>Annual Fiscal Monitoring:</u> State OHEP staff will request documentation from the LAA to support grant expenditures, including a general ledger and payroll journal. After reviewing the submitted documents, specific expenditures will be selected for further review and request additional supporting documentation, such as copies of invoices, receipts, and time and effort records. If necessary, OHEP staff will inquire about specific aspects of a transaction, such as the source documentation and the business purpose of the transaction.

Determination of Areas of Concern and Findings

LAAs are evaluated through a Case File Monitoring Tool, focused on review of individual case files, and a Monitoring Summary Report, focused on overall program management. Based off the results of the monitoring, LAAs may be found deficient in specific program areas. These deficiencies will be documented as either an "Area of Concern" or a "Finding." Areas of Concern indicate that the LAA must make improvement in the program area, but the issue does not constitute a material weakness. A Finding indicates that a material weakness has been identified and a corrective action plan must be executed to correct the problem. State OHEP has established a rubric establishing criteria for what issues constitute an Area of Concern versus a Finding.

Exit Interview and Follow-Up

An Exit Interview will follow the completion of the monitoring visit. During the Exit Interview, the Quality Assurance Analyst will review preliminary observations from the monitoring visit with the local OHEP Director. A final report will be issued to the LAA within 45 days from the date of the monitoring visit. LAAs may choose to submit a formal response to the monitoring report within 45 days after it was issued.

LAAs that are issued Findings within the monitoring report will be required to submit a detailed Corrective Action Plan to the Quality Assurance Analyst within 45 days after the final monitoring report was issued. The Corrective Action Plan should outline the specific steps the LAA has taken to rectify any Findings from the monitoring process. The Quality Assurance Analyst, at his/her discretion, may mandate that the LAA submit periodic reporting, beyond the Corrective Action Plan, on progress to resolve Findings.

10.7. Describe how you select local agencies for monitoring reviews.

Site Visits:

State OHEP annually monitors all LAAs under contract on a comprehensive basis.

Non-contractual LAAs (Local Departments of Social Services) are selected using a risk-based assessment. The risk-based assessment for non-contractual LAAs is based on the results of ongoing monitoring. Each LAA is assessed and given a score based on a set of risk factors. The agencies with the lowest score are found to be at the highest risk and will be monitored. However, monitoring is mandatory for any agency that has not been monitored by State OHEP within the last three years, regardless of its risk assessment score.

Desk Reviews:

10.8. How often is each local agency monitored?

The State monitors all Local Administering Agencies under contract each year. Non-contractual Local Administering Agencies receive a comprehensive monitoring based on a risk determination. Every agency is monitored a minimum of once every three years.

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 2

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

OHEP maintains a comprehensive Fraud, Repayment and Fair Hearing Rights Manual, that outlines the procedures for how local agencies handle all aspects of appeals and fair hearing processes. No changes have been made as a result of fair hearing outcomes.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Households that are denied may reapply after 30-days should the circumstances of their denial change. Should the applicant disagree with the reason for denial, they may choose to resolve the issue informally with the local office or submit a request within 30 days for a formal hearing through the Office of Administrative Hearings where an administrative law judge will hear the case and issue a ruling.

12.5 When and how are applicants informed of these rights?

All benefit notices sent out also include instructions for requesting a Fair Hearing including details for how customers can appeal a program decision should they wish to do so.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

If an applicant does not submit the required documentation within the stated time frame they are sent a letter which informs them of the case status and the outstanding documents needed. The application is placed in "pending" status and the client has 15 days to produce the documentation. If the documentation is not submitted within this time frame, the application is denied. The applicant will receive a denial notice that includes a Request for Fair Hearing form. The client may choose to informally resolve the missing documents with their local agency, reapply after 30-days, or request a formal hearing to review the matter in front of the Office of Administrative Hearings.

If the applicant has processed the necessary documents but the agency has not processed the case in a timely manner and has been unresponsive to the applicant, a Request for Fair Hearing can be filed so that the case can be reviewed for an administrative law judge in the Office of Administrative Hearings.

12.7 When and how are applicants informed of these rights?

Applicants are informed of these rights on client letters such as the "Request for Additional Information" and the "Denial Letter." Clients are also provided appeal rights information on the application and in posters made publicly available at local administering agencies.

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Maryland continues to refine its process for collecting performance measures. In 2019, OHEP worked with utilities to ensure that twelve-months usage is properly included in the data set. As a result of this review, the 2019 data set was limited to 49,368 households but the data set properly excluded all household records with less than twelve-months usage. OHEP believes that continuing to refine teh process will result in both more accurate and larger data sets for the LIHEAP Performance Measures.

OHEP is currently working with utilities to provide a mechanism to capture this data through an API once OHEP has been integrated into the new Eligibility and Enrollment System. We are on scheduled for a December 2023 roll out date.

Section 18: Certification Regarding Debarment, Suspension, and Other Responsibility Matters

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

Instructions for Certification

- 1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
- 2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.BrBbr.
- 4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
- 6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
- 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled ``Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or

voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

- 9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

- (1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;
- (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
- (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions

Instructions for Certification

- 1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later

determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

- 3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
- 4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5. The prospective lower tier participant agrees by submitting this proposal that, [[Page 33043]] should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled ``Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion--Lower Tier Covered Transactions

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- 2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. For grantees other than individuals, Alternate I applies.
- 4. For grantees who are individuals, Alternate II applies.
- 5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
- 8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes:

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:,

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) Establishing an ongoing drug-free awareness program to inform employees about --
- (1) The dangers of drug abuse in the workplace;
- (2) The grantee's policy of maintaining a drug-free workplace:
- (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
- (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
- (1) Abide by the terms of the statement; and
- (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification

number(s) of each affected grant;

- (f)Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
- (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
- (B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

311 West Saratoga Street * Address Line 1		
Address Line 2		
Address Line 3		
Baltimore * City	MD * State	21201 * Zip Code

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

- (a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;
- (b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

Section 20: Certification Regarding Lobbying

Section 20: Certification Regarding Lobbying

The submitter of this application certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Assurances

(1) use the funds available under this title to--

- (A) conduct outreach activities and provide assistance to low income households in meeting their home energy costs, particularly those with the lowest incomes that pay a high proportion of household income for home energy, consistent with paragraph (5);
 - (B) intervene in energy crisis situations;
- (C) provide low-cost residential weatherization and other cost-effective energy-related home repair; and
- (D)plan, develop, and administer the State's program under this title including leveraging programs, and the State agrees not to use such funds for any purposes other than those specified in this title;
- (2) make payments under this title only with respect to--
 - (A) households in which one or more individuals are receiving--
 - (i)assistance under the State program funded under part A of title IV of the Social Security Act;
 - (ii) supplemental security income payments under title XVI of the Social Security Act;
 - (iii) food stamps under the Food Stamp Act of 1977; or
 - (iv) payments under section 415, 521, 541, or 542 of title 38, United States Code, or under section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; or
 - (B) households with incomes which do not exceed the greater of -
 - (i) an amount equal to 150 percent of the poverty level for such State; or
 - (ii) an amount equal to 60 percent of the State median income;

(except that a State may not exclude a household from eligibility in a fiscal year solely on the basis of household income if such income is less than 110 percent of the poverty level for such State, but the State may give priority to those households with the highest home energy costs or needs in relation to household income.

- (3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or disabled individuals, or both, and households with high home energy burdens, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;
- (4) coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income

energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

- (5) provide, in a timely manner, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clauses 2(A) and 2(B) of this subsection;
- (6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, to give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that -
 - (A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and
 - (B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;
- (7) if the State chooses to pay home energy suppliers directly, establish procedures to --
 - (A) notify each participating household of the amount of assistance paid on its behalf:
 - (B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;
 - (C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and
 - (D) ensure that the provision of vendor payments remains at the option of the State in consultation with local grantees and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

- (A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and
- (B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that--

- (A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year; and
- (B) the State will pay from non-Federal sources the remaining costs of planning and administering the program assisted under this title and will not use Federal funds for such remaining cost (except for the costs of the activities described in paragraph (16));
- (10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursal of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");
- (11) permit and cooperate with Federal investigations undertaken in accordance with section 2608:
- (12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);
- (13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and
- (14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.
- (15) * beginning in fiscal year 1992, provide, in addition to such services as may be offered by State Departments of Public Welfare at the local level, outreach and intake functions for crisis situations and heating and cooling assistance that is administered by additional State and local governmental entities or community-based organizations (such as community action agencies, area agencies on aging and not-for-profit neighborhood-based organizations), and in States where such organizations do not administer functions as of September 30, 1991, preference in awarding grants or contracts for intake services shall be provided to those agencies that administer the low-income weatherization or energy crisis intervention programs.
- * This assurance is applicable only to States, and to territories whose annual regular LIHEAP allotments exceed \$200,000. Neither territories with annual allotments of \$200,000 or less nor Indian tribes/tribal organizations are subject to Assurance 15.
- (16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and

thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors, and report to the Secretary concerning the impact of such activities on the number of households served, the level of direct benefits provided to those households, and the number of households that remain unserved.
