Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

1. The vendor's daily posted price per gallon on the day of delivery, and
2. Any price per gallon agreement the vendor and client entered into.

Vendors provide metered delivery slips to Community Action Agency for each delivery made using any amount of LIHEAP funds. The Community Action Agency enters the amount into the software system used to manage LIHEAP. Remaining balances are tracked applied to next delivery until gone.

This in-person monitoring was paused during the pandemic but should resume in FFY 2023. Furthermore, the state reviews LIHEAP deliverable client records to ensure that their price per gallon is aligned with price of deliverable fuel for that timeframe.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken
1	monitoring	DHS should modify subrecipient risk assessment procedures to include whether LIHEAP was tested as a major program in subrecipient Single Audits. DHS decided that all sub-recipients would be monitored regardless of whether LIHEAP has been audited as a major program. On-site fiscal monitoring of all subrecipients took place in June 2021 once COVID restrictions were lifted and agencies were back in their offices.	Yes	procedure/policy changes
2	reporting	DHS should use a series of line sequences to identify and track expenditure categories and utilize cost centers to differentiate grant awards. DHS distinguishes the federal award year in contracts, agency approval forms (bucksheets), and identifies earmarkings and award years in naming conventions in invoices. DHS has also created sub accounts and costs centers within the LIHEAP Line Account to facilitate tracking earmarkings and award years.	Yes	procedure/policy changes
3	reporting	DHS should ensure the data in LIHEAP Hancock is accurate and the data in the reports is supported by Hancock reports. Allow more time for review of federal reports. DHS had a major upgrade in Hancock in July 2020. Reporting and exports of data is more robust.	Yes	procedure/policy changes
4	reporting	DHS should require the software vendor to have an SOC examination performed to provide assurance of the operational effectiveness and data integrity of the application. Also, require users to change their password every 90 days. The SOC report for Hancock Software is in progress. DHS is already working with Hancock to automate users changing passwords every 90 days. Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Households are offered help addressing their needs for energy assistance. Through casework and coaching, households are encouraged and guided to reduce their energy usage and focus on improving their financial stability. Households sign up for free appliance management and weatherization audits. In FFY 2022, all seven agencies participated in the program, however three of the agencies had limited staffing because of difficulty in hiring due to not enough applicants.

Participants in the A16 program are households who received a LIHEAP non crisis or crisis grant in the past year. A16 coaches make a particular effort to reach out to households that have received crisis grants in the past year.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

The Assurance 16 funds are earmarked in the annual LIHEAP contracts to the Community Action Agencies, so RI can ensure that no more than 5% is spent on A16.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

Participating households had appliance management and weatherization audits, they received individualized coaching about energy savings and household financial management.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

Direct benefits included appliance management and weatherization audits of their homes. Direct benefits also included one on one coaching about energy savings and household budgeting.
