THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Section 1 Program Components

Program Components, 2605(a), 2605(b)(1) - Assurance 1, 2605(c)(1)(C)

1.1 Check which components you will operate under the LIHEAP program. (Note: You must provide information for each component designated here as requested elsewhere in this plan.)		Dates of Operation	
		Start Date	End Date
<input checked="" type="checkbox"/>	Heating assistance	10/01/2022	05/31/2023
<input type="checkbox"/>	Cooling assistance		
<input checked="" type="checkbox"/>	Crisis assistance	10/01/2022	04/15/2023
<input checked="" type="checkbox"/>	Weatherization assistance	10/01/2022	09/30/2023

Provide further explanation for the dates of operation, if necessary

Applications for regular seasonal heating assistance are accepted through 02/28/2023; however, heating bill payments for approved applications are paid November 1 through May 31 for those submitting applications by the 2/28/2023 deadline until the recipient exhausts their benefit amount or the season end date is reached, which ever comes first. Regular Crisis assistance is available through 04/15/2023, unless extended due to continued severe weather and/or increased fuel prices; applications for Weatherization assistance are accepted year round. Wyoming is a cold weather state with very few months of hot weather. Because of limited funding and long winters, Wyoming does not provide Cooling assistance. However, Wyoming does offer some cooling system repairs/installs via the Weatherization Assistance Program. Season begin and end dates are: Heating assistance regulated utilities (seasonal benefit) November 1, 2022 - May 31, 2023; Crisis assistance (Special Situations) October 1, 2022 - April 15, 2023 (Wyoming exercises a contingency plan allowing an extension of the Crisis season beyond 04/15 if Wyoming experiences a severe and prolonged winter season, or in the event prices for deliverable fuels increase significantly mid-season); Weatherization assistance (LIEAP WAP) October 1, 2022- September 30, 2023; Unregulated deliverable fuels heating assistance (seasonal benefit) October 1, 2022 - May 31, 2023. In FFY2022, Wyoming will also provided arrearage benefits to households with large arrearage amounts owed where a regular crisis benefit would not be sufficient to bring the household current and prevent disconnection. The arrearage benefit will be paid from the American Rescue Plan (ARP) of 2021 LIHEAP award. Additionally, Wyoming will provide a seasonal heating assistance benefit for secondary heat sources, which in most cases is electricity. This secondary heat source benefit will be paid from the ARP of 2021 LIHEAP award. Wyoming uses a centralized application intake and processing procedure so having an application deadline for heating assistance applications ensures that we have enough time to follow up and process incomplete applications before the season end date. The heating assistance benefit is retroactive to the heating season start date and benefits will be paid out til the benefit is exhausted or the season end date is passed, which ever comes first. Our outreach efforts ensure that applicants and the public are aware of the heating assistance application submission deadline.

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

4.2 Provide your LIHEAP program's definition for determining a crisis.

In Wyoming, we refer to regular Crisis Situations as Special Situations. Special Situations include: deposits either to restore or establish power; back bill assistance to help avoid disconnections and restore power after disconnection; deliverable fuel special fill to avoid running out of heating fuel; propane tank set and rental assistance; heat loss emergency due to heating system failure; and heating system failure prevention assistance. These types of Crisis assistance are designed to remove or prevent a life or health threatening situation relating to a heat loss emergency or potential heat loss emergency. Wyoming will also offer an arrearage benefit paid from the ARP of 2021 LIHEAP award. The last of the ARP benefits will be paid out in September 2022.

4.3 What constitutes a life-threatening crisis?

A life-threatening crisis is defined as an energy related circumstance that presents a serious and imminent threat to the health and safety of the household member(s). Imminent threat is defined as immediate danger with the potential to result in serious injury/illness and/or loss of life.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 24-72Hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18Hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE? Yes No

4.7 Check the appropriate boxes below and describe the policies for each

Do you require an Assets test ? Yes No

Do you give priority in eligibility to :

Elderly?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Disabled?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Young Children?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Households with high energy burdens?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Other? Deliverable Fuel Users	<input checked="" type="radio"/> Yes <input type="radio"/> No

In Order to receive crisis assistance:

Must the household have received a shut-off notice or have a near empty tank? Yes No

Must the household have been shut off or have an empty tank? Yes No

Must the household have exhausted their regular heating benefit? Yes No

Must renters with heating costs included in their rent have received an eviction notice ? Yes No

Must heating/cooling be medically necessary? Yes No

Must the household have non-working heating or cooling equipment? Yes No

Other? 10% rule for back bills Yes No

Do you have additional / differing eligibility policies for:	
Renters?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Renters living in subsidized housing?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Renters with utilities included in the rent?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Explanations of policies for each "yes" checked above:	
<p>For a heat loss emergency due to failure of heating system assistance, renters are referred to the landlords. However, on a strict case-by-case basis, such situations may be reviewed for consideration if it can be documented and verified that the landlord is also low-income and does not have the resources to fix or replace the heating system.</p>	
Determination of Benefits	
4.8 How do you handle crisis situations?	
<input checked="" type="checkbox"/>	Separate component
<input type="checkbox"/>	Fast Track
<input type="checkbox"/>	Other - Describe:
4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input checked="" type="checkbox"/>	Amount to resolve the crisis.
<input checked="" type="checkbox"/>	Other - Describe: <p>Crisis assistance must resolve the crisis. There are times when clients may have to locate resources in addition to the amount of LIEAP Crisis benefit they are eligible for in order to completely resolve the crisis. Verification is required. There is no maximum benefit amount for the No Heat Broken Furnace crisis, however. To determine the crisis benefit levels for all Crisis types other than No Heat Broken Furnace, Wyoming uses a sliding scale which is attached to this State Plan.</p>
Crisis Requirements, 2604(c)	
4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?	
<input checked="" type="radio"/> Yes <input type="radio"/> No Explain.	
<p>Wyoming does not require a separate application for Crisis assistance. Applicants may select Crisis assistance on the application at the time of application. And, clients may phone in requests for crisis assistance should the crisis situation present itself after approval for heating assistance. There is an 800# and email address available for this purpose. We have also implemented a client portal and clients may enter requests for crisis assistance directly into the portal.</p>

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

Yes No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

There were Moratoria on shut-offs due to the COVID pandemic which have lifted. Many counties in Wyoming currently have increasing COVID transmission rates so there will likely be continuing economic impacts resulting from COVID.

Section 5 - WEATHERIZATION ASSISTANCE

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 12/31/2023

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 5: WEATHERIZATION ASSISTANCE

Eligibility, 2605(c)(1)(A), 2605(b)(2) - Assurance 2

5.1 Designate the income eligibility threshold used for the Weatherization component

Add	Household Size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	State Median Income	60.00%

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component? Yes No

5.3 If yes, name the agency.

5.4 Is there a separate monitoring protocol for weatherization? Yes No

WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

Entirely under LIHEAP (not DOE) rules

Entirely under DOE WAP (not LIHEAP) rules

Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

Income Threshold

Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

Other - Describe:

Mostly under DOE WAP rules, with the following LIHEAP rule(s) where LIHEAP and WAP rules differ (Check all that apply.):

Income Threshold

Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

Weatherization measures are not subject to DOE Savings to Investment Ratio (SIR) standards.

Other - Describe:

Wyoming follows the Wyoming Weatherization Field Guide and Wyoming Weatherization Technical Standards Field Guide (version 2012) as approved by DOE in 2012. Additionally, Wyoming LIEAP WAP allows for the repair/replacement of cook stoves for health and safety reasons whereas DOE WAP rules do not allow cook stoves to be addressed for health and safety reasons. DOE SWS guidance and QWP/QMP guidelines do not apply to Wyoming LIEAP WAP. Measures that do not meet DOE SIR standards may be installed for health and safety reasons. A home may be considered for re-weatherization within 10 years of date of initial weatherization completion if the home was in a natural disaster that damaged weatherization materials installed, or due to technical advances to the weatherization process and materials which could result in significant energy savings to the home owner should those additional measures be installed (this could include allowable renewables). Priority will always be given to households with greatest need and highest priority ranking, however. Wyoming uses 60% SMI for LIHEAP funded Weatherization and 200% FPL for DOE funded Weatherization.

Eligibility, 2605(b)(5) - Assurance 5

5.6 Do you require an assets test? Yes No

5.7 Do you have additional/differing eligibility policies for :

Renters Yes No

Renters living in subsidized housing? Yes No

5.8 Do you give priority in eligibility to:	
Elderly?	<input checked="" type="radio"/> Yes <input type="radio"/> No

Young Children?	<input checked="" type="radio"/> Yes <input type="radio"/> No

Other? high energy usage	<input checked="" type="radio"/> Yes <input type="radio"/> No
<p>If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.</p> <p>Wyoming uses a priority point system for the delivery of weatherization services. There is not enough resource to weatherize every eligible home in Wyoming. Thus, Wyoming provides weatherization to those most vulnerable and most in need first. When a household is approved for Weatherization Assistance, the Weatherization Agency for that region pulls the application and calculates the household priority points. Priority points are given to households with elderly members (age 60 and above), disabled members, children age 5 and under, and high energy costs and usage. Those households with the highest total number of priority points will be contacted first to schedule an energy audit. The households with very few priority points may have to re-apply in the following year before they receive weatherization assistance as funding often runs out before they can be served. All weatherization work done in Wyoming is based on a comprehensive energy audit. All weatherization work receives a final inspection as well.</p>

Section 8: Agency Designation, 2605(b)(6) - Assurance 6 (Required for state grantees and the Commonwealth of Puerto Rico)

8.1 How would you categorize the primary responsibility of your State agency?

<input type="checkbox"/>	Administration Agency
<input type="checkbox"/>	Commerce Agency
<input type="checkbox"/>	Community Services Agency
<input type="checkbox"/>	Energy / Environment Agency
<input type="checkbox"/>	Housing Agency
<input checked="" type="checkbox"/>	Welfare Agency
<input type="checkbox"/>	Other - Describe:

Alternate Outreach and Intake, 2605(b)(15) - Assurance 15

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

8.2 How do you provide alternate outreach and intake for HEATING ASSISTANCE?

Wyoming LIEAP uses a stand-alone application for LIEAP, LIHWAP, and WAP eligibility. Additionally, the Wyoming Department of Family Services is comprised of several divisions. The LIEAP/WAP/LIHWAP Program Manager is housed under the Economic Security Division of the Department. Additionally, Wyoming contracts a third party to conduct intake and application processing from one centralized location. Much of Wyoming LIEAP's application processing functions have been automated resulting in greater efficiency and accuracy in the handling of applications and lowered administrative costs. Benefits are available to eligible applicants quicker, and staff that used to spend the bulk of time on manual data entry are now available to assist with outreach efforts.

8.3 How do you provide alternate outreach and intake for COOLING ASSISTANCE?

N/A

8.4 How do you provide alternate outreach and intake for CRISIS ASSISTANCE?

The same as in 8.2 above.

8.5 LIHEAP Component Administration.	Heating	Cooling	Crisis	Weatherization
8.5a Who determines client eligibility?	State Administration Agency	Non-Applicable	State Administration Agency	State Administration Agency
8.5b Who processes benefit payments to gas and electric vendors?	State Administration Agency	Non-Applicable	State Administration Agency	
8.5c who processes benefit payments to bulk fuel vendors?	State Administration Agency	Non-Applicable	State Administration Agency	

8.5d Who performs installation of weatherization measures?				Non-profits
--	--	--	--	-------------

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and, if applicable, 8.9.

8.6 What is your process for selecting local administering agencies?

Wyoming uses an open and competitive Request For Proposal bid process in accordance with State of Wyoming Procurement Rules. This process is used for both the LIEAP Intake Contractor and the Weatherization Contractors. Wyoming currently has 1 centralized LIEAP INTAKE Contractor as we use a centralized intake process and 2 Weatherization Contractors with locations across the state.

8.7 How many local administering agencies do you use? 3

8.8 Have you changed any local administering agencies in the last year?

- Yes
 No

8.9 If so, why?

Agency was in noncompliance with grantee requirements for LIHEAP -

Agency is under criminal investigation

Added agency

Agency closed

Other - describe

With regard to eligibility determination, it is important to note that our LIEAP computer system actually calculates and determines eligibility. The LIEAP Contractor performs limited data entry (much of the data now flows automatically since Wyoming incorporated Intelligent Data Capture), client/case management, and verification of eligibility data/documents. Contractor also performs outreach and direct client assistance/education. Benefit payments are paid directly to fuel vendors via the Wyoming On Line Financial System (WOLFS).

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

| Cooling | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Crisis | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Are there exceptions? | <input type="radio"/> Yes <input checked="" type="radio"/> No |

If yes, Describe.

N/A

9.2 How do you notify the client of the amount of assistance paid?

Clients receive a Notice of Action letter for every action taken on their application. When approved for benefits, clients receive a letter informing them of the amount of the seasonal benefit. It also informs that the benefit will be applied monthly upon invoice from the fuel supplier until the benefit has been exhausted or the program year ends, whichever ever occurs first. Fuel suppliers are required to note LIEAP payments on client/customer billing statements. The LIEAP computer database also tracks payments to fuel suppliers on behalf of eligible clients.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

We receive the same monthly invoice/statement that the fuel supplier sends clients/customers minus unallowable costs. We also utilize a Fuel Supplier Rights, Responsibilities & Agreement Form which must be signed by each active fuel supplier each season. Wyoming also hosts an annual Vendor Meeting with fuel suppliers for the purpose of providing education and training, and for receiving feedback from our network of fuel suppliers. Some of our fuel suppliers have granted direct access to their systems for the purpose of viewing LIEAP customer accounts.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

This is stipulated in the Fuel Supplier Rights, Responsibilities, and Agreement which must be acknowledged and signed by the fuel supplier.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

N/A

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 12/31/2023

**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP)
MODEL PLAN
SF - 424 - MANDATORY**

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

LIHEAP funds are budgeted and tracked separately. The LIHEAP program is assigned a unique budget number. LIHEAP benefits paid out to fuel suppliers on behalf of eligible clients are tracked within the LIHEAP computer system. The Wyoming DFS utilizes a federally approved cost allocation plan and State personnel track their time via a time analysis system to ensure good fiscal accounting and tracking. Additionally, we receive an independent Single Audit as required. Unique coding is in place to track and report separately on LIHEAP FFY23, LIHEAPCARES, and ARP of 2021 LIHEAP funds.

The DFS internal controls and procedures are developed and maintained by representatives of the Financial Services Division (FSD) on behalf of the Department Director. These procedures are reviewed and followed by Department employees, supervisors, managers, administrators, contractors, and vendors. Proper and adequate control in handling of public funds is the responsibility of all state administrators, managers, supervisors, and employees.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken
1				

10.4. Audits of Local Administering Agencies

What types of annual audit requirements do you have in place for local administering agencies/district offices? Select all that apply.

- Local agencies/district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133
- Local agencies/district offices are required to have an annual audit (other than A-133)
- Local agencies/district offices' A-133 or other independent audits are reviewed by Grantee as part of compliance process.
- Grantee conducts fiscal and program monitoring of local agencies/district offices

Compliance Monitoring

10.5. Describe the Grantee's strategies for monitoring compliance with the Grantee's and Federal LIHEAP policies and procedures: Select all that apply

Grantee employees:

- Internal program review
- Departmental oversight
- Secondary review of invoices and payments
- Other program review mechanisms are in place. Describe:

The Wyoming LIHEAP computer system/database has the ability to generate a variety of reports which can be used by management for periodic review and oversight during the LIHEAP season.

<input checked="" type="checkbox"/> Other program review mechanisms are in place. Describe:
On-Site quality control inspections of completed weatherization units.
10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.
There is only one (1) local agency for LIEAP intake and processing which makes monitoring much simpler. The LIEAP grantee program manager has the ability to randomly select LIEAP files from the database for review. In the past, this review has been completed towards the end of the season. However, we have a new process in place that allows us to randomly select a percentage of all LIEAP client files for review periodically throughout the season. Much of the review can be done electronically. At minimum, one (1) comprehensive administrative review will be completed annually as well. The program manager also requires monthly management meetings which include the local administering agency's managers and grantee program manager. The two (2) Weatherization Program agencies receive a minimum of one (1) comprehensive administrative review annually, in addition to ongoing on-site quality control inspections of completed weatherization units.
10.7. Describe how you select local agencies for monitoring reviews.
Site Visits: All local agencies in Wyoming receive monitoring reviews annually. These agencies also receive site visits a minimum of once per year. We have a small enough number (3 total, counting Weatherization agencies) of local agencies that we do not have to select among them. We review them all.
Desk Reviews: All local agencies in Wyoming receive a minimum of one (1) administrative desk review per year.
10.8. How often is each local agency monitored ?
Monitoring is an ongoing process in Wyoming; however, each local agency receives a minimum of one (1) comprehensive administrative review per year. Quality assurance monitoring is ongoing.
10.9. What is the combined error rate for eligibility determinations? OPTIONAL
10.10. What is the combined error rate for benefit determinations? OPTIONAL
10.11. How many local agencies are currently on corrective action plans for eligibility and/or benefit determination issues? 0
10.12. How many local agencies are currently on corrective action plans for financial accounting or administrative issues? 0
If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 11: Timely and Meaningful Public Participation, 2605(b)(12), 2605(C)(2)

**11.1 How did you obtain input from the public in the development of your LIHEAP plan?
 Select all that apply.**

- Tribal Council meeting(s)
- Public Hearing(s)
- Draft Plan posted to website and available for comment
- Hard copy of plan is available for public view and comment
- Comments from applicants are recorded
- Request for comments on draft Plan is advertised
- Stakeholder consultation meeting(s)
- Comments are solicited during outreach activities
- Other - Describe:

Comments solicited during annual fuel vendor meeting held in August of each year. Draft Plan is also made available to WAP and LIEAP contractors for review and comment. The proposed FFY 2023 plan was communicated on our website, and to fuel vendors prior to our August Vendor summit and it was made available to local DFS offices, LIEAP and Weatherization sub-grantees for review in August. No comments were received from any of these public review offerings. We also hosted a virtual public hearing from 11:30 a.m. to 12:30 p.m. MST on September 9, 2022 in an attempt to solicit additional public participation. We had one general public participant join on September 9th and a transcript is attached to the SF 424.

11.2 What changes did you make to your LIHEAP plan as a result of this participation?
 None.

Public Hearings, 2605(a)(2) - For States and the Commonwealth of Puerto Rico Only

11.3 List the date and location(s) that you held public hearing(s) on the proposed use and distribution of your LIHEAP funds?

	Date	Event Description
1	09/09/2022	Public Hearing

11.4. How many parties commented on your plan at the hearing(s)? 0

11.5 Summarize the comments you received at the hearing(s).

Zero comments have been received from our initial draft plan postings. We have scheduled a follow-up virtual public hearing for 9/9/2022 to try and solicit greater public participation. We believe that the increasing transmission rates in Wyoming for the variants of Covid may have deterred people from attending an in-person public hearing. We had one participant join the September 9th public hearing and a transcript of the hearing is attached to the SF 424.

11.6 What changes did you make to your LIHEAP plan as a result of the comments received at the public hearing(s)?
 No changes have been made due to comments received at the public hearing. See attached transcript.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

None.

12.4 Describe your fair hearing procedures for households whose applications are denied.

Applicants who receive a denial notice may request a local conference to have the decision reviewed. The local conference starts at the local agency first. If it cannot be resolved there, it is escalated to the grantee Program Manager for further review. If it is found that the applicant should not have been denied, the application will be re-processed and approved. If the denial was accurate, the applicant is clearly informed of the reason(s) for the denial and is provided with referrals to other resources for which he/she may be eligible, including the right to request an administrative hearing. Most concerns are resolved at the local conference step. It is rare for a concern to rise to the level of an administrative hearing. However, clients are informed of their right to request an administrative hearing. Additionally, Wyoming has Contested Case Rules in place to address administrative hearings and to provide procedural consistency. Applicants are encouraged to submit their requests for appeals as soon as they receive their denial notice if they believe the denial may be in error. However, we allow them 10 business days from the receipt of denial notice to submit a request for appeal. Reasons for appeal include, but are not limited to, disagreement with denial reason stated on notice of denial, benefit amount (client believes benefit should be higher, for example), and, application not acted upon within 45 days of receipt.

12.5 When and how are applicants informed of these rights?

Applicant Rights and Responsibilities is attached and made part of the application package. All Notice of Action letters also inform applicants of these rights.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Wyoming's LIEAP local agency is required by contract to act on all applications within 30 days and this is tightly tracked within the LIEAP computer system. Crisis applications are the exception as they must be expedited. We have not had issues with meeting this requirement during the past several seasons. However, should an application not be acted on within this 30 day timeframe, the applicant may request a local conference or administrative hearing as outlined in section 12.4 above. We have not had any issues of this nature rise to the level of an administrative hearing.

12.7 When and how are applicants informed of these rights?

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Some of these funds are used to purchase energy conservation educational materials. These materials are distributed by our Weatherization agencies to households receiving weatherization assistance, as well as by our LIHEAP contractor. We believe that behaviors impact energy usage and as we weatherize the home to make it more energy efficient educating the household members about energy conservation as well as energy efficiency helps them be more conservative energy consumers overall. We also distribute our educational materials at application fairs and other public venues where LIHEAP applicants/clients are likely to patron.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

We budgeted only 1% of funds for this purpose and track it closely. We are changing how we use and track and report on these funds to be better able to demonstrate measurable outcomes.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

We have received positive feedback regarding these activities. We began measuring energy consumption in the FFY 2016 season and are now better positioned to measure the impact of these activities. We do believe that educating clients about their energy consumption behaviors and the workings of their homes increases the overall energy efficiency of those homes. For example, educating clients about simple things like shutting lights off and unplugging appliances when not in use impacts the overall energy consumption in the home. Another benefit of distributing educational outreach materials at application fairs, etc. results in eligible applicants learning about the program and submitting applications for the first time.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

There was no direct monetary benefit issued as part of our Assurance 16 activities.

13.5 How many households applied for these services? N/A

13.6 How many households received these services? 565

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Wyoming began implementing the four required LIHEAP performance measures during the 2013-2014 program year. Wyoming has upgraded its computer system to collect the data necessary to meet the reporting requirements. Wyoming has also met with Wyoming fuel suppliers/vendors annually beginning in August of 2013 to refine the process for exchanging fuel usage and cost data between the State and fuel suppliers and to share the performance data outcomes. Wyoming is well-prepared and began the data collection during FFY 2016. We were able to meet the FFY 2016 optional reporting requirements. Wyoming met the FFY 2017 mandatory reporting requirements. Wyoming now has performance data that will be used to make data-driven program and policy decisions, and to better target our limited resources to those most in need. Wyoming is able to demonstrate measurable outcomes and is looking forward to continually improving upon those outcomes and increasing the impact to Wyoming's eligible citizens. Wyoming LIEAP is a key player in moving Wyoming families toward financial independence, better health, and overall well-being.

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. 3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)
