Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

We send the payments (checks) directly to the vendor. This is to avoid having the power shut-off . Currently, there is no longer an Arizona Public Service (APS) office in Yuma County. This is the only energy vendor that services our Tribal community. There are sud-stations but they will not accept checks because there is an additional fee for processing. Also, transportation is a problem and our transit aervice charges for a ride and run certian times of the day. If an elder needs to transfer this causes some confusion on thier part.

9.2 How do you notify the client of the amount of assistance paid?

At the in-take the individual is given an amount that our program will pay, based on the points they recieved with our matrix and if funding is available. If they are approved we will call them to let them know the exact amount that the check was made out for and when the check was mailed out. If they do not have a phone the coordinator will make a home visit.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

The check that our finance makes out will have the client's name and account number. The coordinator will review the check and information before mailing the payment to the vendor.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

Arizona Public Service is the only energy vendor that provides services to the Cocopah Tribe. the clients do not deal directly with the vendor.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
