Section 2 - HEATING ASSISTANCE

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 06/30/2017

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 2 - Heating Assistance

Eligibility, 2605(b)(2) - Assurance 2

2.1 Designate the income eligibility threshold used for the heating component:

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	150.00%

2.2 Do you have additional eligibility requirements for HEATING ASSISTANCE? Yes

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test ? No

Do you have additional/differing eligibility policies for:

Renters?	No
Renters Living in subsidized housing ?	Yes
Renters with utilities included in the rent ?	No

Do you give priority in eligibility to:

Elderly?	Yes
Disabled?	Yes
Young children?	Yes
Households with high energy burdens ?	No
Other?	No

Explanations of policies for each "yes" checked above:

Renters who live in subsidized housing must show \$200/yr in out-of-pocket costs above the utility allowance they receive in order to qualify for benefits. If they live in subsidized housing and all utilities are included, they do not qualify for a heating assistance benefit because they have no costs.

Priority is given to elderly & disabled in 2 ways: first, they are sent applications in late August and can apply in September (before anyone else). After the start of the season their applications are identified by a green dot on the folder and these cases are worked first when we get to the date they applied (so if we have 100 cases on a given day, the green dots are worked first). Families with young children are pre-mailed applications in early September, before the official start of the season.

Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Priority is given to elderly & disabled in 2 ways: first, they are sent applications in late August and can apply in September (before anyone else). Second, after the start of the season their applications are identified by a green dot on the folder and these cases are worked first when we get to the date they applied (so if we have 100 cases on a given day, the green dots are worked first). Families with young children are pre-mailed applications in early September, before the official start of the season. Also, if an elder, disabled person, or a household with a young child apply, they get one extra point (\$150 extra) because they are part of the vulnerable population.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
 - Fuel type
 - Climate/region
- Individual bill
- Dwelling type

Clients may apply at any DPA office, by mail, or by faxing or e-mailing their application to us. We also use fee agents in rural, outlying communities to assist with completing the application and ensuring all documentation is included. In extenuating crisis circumstances we will take the application over the phone, work the benefit and send it to the household for signature and support documentation. If they do not qualify after we get all the documentation back, we recoup the payment. This is only done in emergency and extenuating cases.

4.11 Do you provide individuals who are physically disabled the means to:

Submit applications for crisis benefits without leaving their homes?

In these situations we will accept the application over the phone and expedite it with the understanding that if the household doesn't qualify after we receive their application back (signed and with required documentation) they will need to repay the benefit. 8.6 What is your process for selecting local administering agencies?

We do not use local agencies for processing and intake. AHFC is the state's weatherization agency. They subcontract the work to four agencies - RuralCAP, Interior Weatherization, and Alaska Community Development Corporation (ACDC) and Tanana Chiefs Conference (TCC) Weatherization. State LIHEAP monies will only be awarded to the first three agencies in 2015 because TCC has their own weatherization funds.

8.8 Have you changed any local administering agencies in the last year?

No

8.9 If so, why?

Agency was in noncompliance with grantee requirements for LIHEAP -

MODEL PLAN

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes

Cooling No

Crisis Yes

Are there exceptions? Yes

If yes, Describe.

Direct payments are made to applicants' whose heat is included in their rent and our wood (and/or self-harvest wood) heat clients. We are presently in the process of conducting outreach to wood cutters to become wood vendors so that we may reduce the number of direct pays we issue.

9.2 How do you notify the client of the amount of assistance paid?

Clients are mailed a Notice of Action (NOA) to their home. The NOA details how much assistance is being paid to each vendor (some clients chose to have part of their benefit go towards their electric account).

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

It is covered in their vendor agreement. A copy of our vendor agreement will be attached to the Plan.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

It is covered in their vendor agreement. A copy of our vendor agreement will be attached to the Plan.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

- Case workers do not process payments; they work the case and the account technician process the actual payments.
- The Program Coordinator runs reports from the state's accounting system and monitors spending.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

Not applicable - we do not use local agencies. The policy of the Division of Public Assistance is to review 25 applications per season per worker for accuracy. New hires are reviewed 100% until management feels they are adequately trained. These new employees are then reviewed at the same rate as everyone else. If a particular employee is found to have numerous errors, they are retrained in that area and may be reviewed more frequently until they demonstrate they have improved their accuracy.

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

- Disconnects prevented and restorations of service will be tracked in our software from application questions and recording calls to our offices requesting expedited/crisis processing.
- We will attempt to manually collect usage information. This will be very time consuming until it is automated. Work was done to create a vendor portal in FY 2014 to collect the energy usage data but was struck down by the State's IT Governance Committee. We were informed we would need to wait until we are incorporated into ARIES (the state's new eligibility system). We have been informed that the target date for this is July 2016.
- We are asking questions on our application to determine if clients use more than one heating source/vendor over the year. This will help us determine if we have complete data from our delivered fuel vendors.
- We are working with our software contractor to try to identify reports we can run/ways we can make this process more efficient and less time consuming for all involved (vendors and heating assistance staff).

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.**

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).**
- 7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).**
