**16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.**

State and subgrantees utilize a web-based database (FACSPRO) that collects client data at time of intake. Currently, we can report on the unduplicated number of assisted households as well as restoration and prevention of loss of home energy service. We are developing client waiver language for our LIHEAP application to begin collecting energy expenditure data beginning in FY 2015. During July and August, State LIHEAP staff has held meetings with Alabama Power (largest electric vendor) and Alagasco (largest natural gas vendor) in addition to meeting with the director of the State Propane Association to discuss the proposed performance measures. We intend to meet with the rest of the top five largest electric and natural gas vendors in the coming weeks. Our goal is to establish an FTP website and at the end of fiscal year 2015, we will provide the appropriate vendors with an excel spreadsheet of client names, account numbers, and any other necessary information that may be required. The vendors will upload a file with the client expenditure data to the FTP site where either State staff or DBA staff (FACSPRO developer) can access it and push it over to FACSPRO database to generate reports.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.**

- 3. For grantees other than individuals, Alternate I applies.**
- 4. For grantees who are individuals, Alternate II applies.**

Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.**
- 6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).**
